Mr. C. Brun,

Sir:-

In reply to your letter of November 13, 1920, you are advised that the Secretary of War has directed that a permanent American cemetery be established in England. This cemetery will be located in the vicinity of London. The remains of all soldiers whose relatives have requested permanent interment in England, will be transferred to this cemetery unless the next of kin specifically requests that the body remain in its present resting place. Should Mr. Bjerregaard be agreeable to the transfer of the remains of his son to this selected cemetery, the grave will be perpetually cared for by the Government of the United States.

In the event Mr. C. Bjerregaard prefers to have the remains of his son, the late Corporal Christian Bjerregaard, Co., E, 511th Ammunition Train, remain permanently interred in their present resting place, it is requested that he execute and return, to this office, the enclosed G.A.S. Form #123 which releases the Government from the future care and maintenance of this grave. This places the grave in the same status as those of deceased soldiers whose remains are returned to the United States and delivered to relatives for private burial.

It is suggested that Mr. Bjerregaard communicate with the care taker of the Magdalen Hill Cemetery, Winchester, Hants, England, relative to the care of graves in this cemetery.

Very truly yours,

In re: Christian Bjerregaard.

Sir,

The contents of your letter of August 30th have been transmitted to the father of Corporal CHRISTIAN BJERREGAARD, Mr. C. Bjerregaard. He declares that in order that his son may remain interred in England, he is willing to take over the care and the custody of the grave, provided that the expenses connected with the upkeep will not be exorbitant.

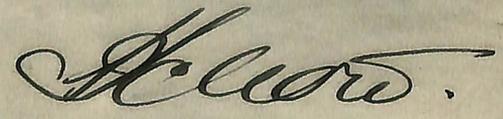

He wants, however, to know whether there might be any American or British authority or person who would be ready to undertake the upkeep of the grave at his expense and on his responsibility.

I should be greatly obliged to you if you would kindly enable me to answer Mr. Bjerregaard's question.

Thanking you in advance, believe me,
