1.- It would be likely to involve further delay if we should write personal letters in each of the many cases of notification of relatives as to the present resting places of their noble dead who glorify the nation's roll of honor.

2.- Will you therefore, please accept this letter as being the best we can do, just now? And will you also accept the sympathy of those who have been working hard for many months to render worthy service to tens of thousands of sorrowing people, in the care of their dead?

3.- Many delays in notification have resulted from our ignorance of proper addresses, shortage of clerical personnel, incomplete and imperfect information, or non-delivery and return of former letters.

4.- Thousands of bodies have been transferred to larger and better cemeteries, for reasons which were deemed imperative by the military authorities of all the Allied Nations, and the great task of improving these cemeteries is well under way. The most diligent care has been exercised to insure accuracy, and this immense project is being carried through as an unquestionable service to the friends of our dead.

5.- In serving you and others, we have been hampered by conditions and consequences of such a war as we hope may never involve our country again.
