## INSTRUCTIONS FOR THE PROPER COMPLETION OF G. R. S. FORM NO. 16-A

Enter information, as noted below, on reverse side of sheet in the *corresponding numbered space*. This form is supplemental to and is to be forwarded with G. R. S. Form 1-a, reporting reburial locations. To be used in answer to Question 26, Form 114, in case no means of identification on body.

1. Show soldier's name, serial number, rank and organization, and by whom disinterred and reburied.
2. Give date and accurate information as to location from which the body was disinterred and the group and unit which made disinterment..
3. Give date and accurate information as to location of reburial and the group and unit which made reburial, and how reburial was made—in casket, wooden box, etc.
4. State to what degree decomposition has progressed, whether recognition is possible, and how the body was originally buried—in a casket, box, burlap, etc. This statement should be as complete as possible.
5. (a) State whether identification tags were found buried with body and on grave marker by reporting "Yes" or "No".  
(b) State whether or not body appears to have been a hospital case. Were any identifying articles found in or on body or grave? List any personal effects, letters, money-order receipts, and the like found on body or in grave. Give any and all information which it is thought might be of use in identifying the body, other than that tabulated under Item No. 6.
6. Give all information as to body description and dental chart as nearly correctly as the condition of the body will allow. Items (e) and (f) under the body description are very important and should be very complete. The dental chart is also very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspid (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

**MISSING TEETH**.....All teeth missing through previous extraction (not those fractured or displaced by recent wounds) should be scratched out, thus:

**CROWNED TEETH**.....Block in solid the crown of tooth (label gold, porcelain, or gold and porcelain), thus:

**BRIDGE WORK**.....Block in solid the crown of tooth (label gold bridge, gold and porcelain bridge), thus:

**FILLINGS**.....Draw filling on tooth accurately as possible (block in and label gold, silver, cement), thus:

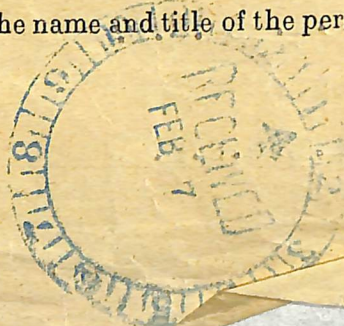

**CARIES (CAVITIES)**.....Outline location and size of cavity, shade in thus:

**DENTURES (PLATES)**.....Draw diagram of relative size and shape of plate, block in teeth attached and indicate retaining clasps on natural teeth with the word "clasp."

7. Show name of person supervising the disinterment and the name and title of the person approving same.

8. Show name of person supervising the reburial and the name and title of the person approving same.

Dear Sir:

The records of this office do not indicate that a reply has been received to our communication dated June 24, 1929 making inquiry concerning the name and address of the mother and widow of the deceased service man above named. These addresses are desired with a view to ascertaining the number of mothers and widows who desire to make a pilgrimage to the cemeteries of Europe in which the remains of their sons and husbands are interred.

Will you please fill in the answers to the following questions in the space provided on this letter, and return the letter to this office in the enclosed envelope which requires no postage?

Write answers in space below

1. Is the deceased survived by a widow who has not since remarried? If so, give her complete address:

*He was never married.*

2. If he is survived by a mother, stepmother, mother thru adoption, or any other woman who stood in loco parentis to him, according to the terms of Section 4 of the enclosed Act, give her name, address, and relationship in the space opposite.

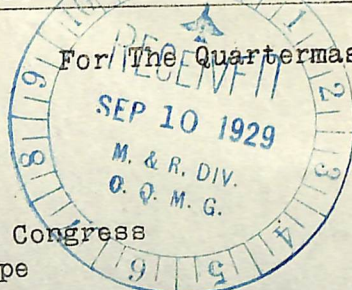

*His mother is dead no step mother or adopted*

3. If survived by a widow or mother does she desire to make the pilgrimage?

Dear Sir:

Your attention is invited to the enclosed copy of an Act of Congress approved March 2, 1929, entitled an Act "To enable the mothers and widows of the deceased soldiers, sailors and marines of the American forces now interred in the cemeteries of Europe to make a pilgrimage to these cemeteries".

The records of this office show that you are the father of the late **Private George Brewer, Co. F, 167th Inf., whose remains are interred in the Oise-Aisne American Cemetery, Seringes-et-Nesles, Aisne, France.**

Will you please advise this office whether or not he is survived by a mother or widow who is entitled under the provisions of the above quoted Act, to make the pilgrimage, and if so, will you please furnish the full names and addresses of the mother and widow in order that action may be taken to extend invitations to them to make the pilgrimage. Both mothers and widows are entitled to make the pilgrimage.

Your attention is particularly invited to Section 4 of the enclosed Act, which defines the terms "mother" and "widow". If the relative is a stepmother, mother through adoption or any woman who stood in loco parentis to the decedent, a statement as to her relationship is requested. If he was survived by a widow who has since remarried it is also requested that a statement to that effect be made.

For your reply, you may use the enclosed envelope which requires no postage.

For The Quartermaster General,

Very truly yours,

JOHN T. HARRIS,

## INSTRUCTIONS FOR THE PROPER COMPLETION OF G. R. S. FORM NO. 16-A

Enter information, as noted below, on reverse side of sheet in the *corresponding numbered space*. This form is supplemental to and is to be forwarded with G. R. S. Form 1-a, reporting reburial locations. To be used in answer to Question 26, Form 114, in case no means of identification on body.

1. Show soldier's name, serial number, rank and organization, and by whom disinterred and reburied.
2. Give date and accurate information as to location from which the body was disinterred and the group and unit which made disinterment.
3. Give date and accurate information as to location of reburial and the group and unit which made reburial; and how reburial was made—in casket, wooden box, etc.
4. State to what degree decomposition has progressed, whether recognition is possible, and how the body was originally buried—in a casket, box, burlap, etc. This statement should be as complete as possible.
5. (a) State whether identification tags were found buried with body and on grave marker by reporting "Yes" or "No".

(b) State whether or not body appears to have been a hospital case. Were any identifying articles found in or on body or grave? List any personal effects, letters, money-order receipts, and the like found on body or in grave. Give any and all information which it is thought might be of use in identifying the body, other than that tabulated under Item No 6.

6 Give all information as to body description and dental chart as nearly correctly as the condition of the body will allow. Items (e) and (f) under the body description are very important and should be very complete. The dental chart is also very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspids (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

### MISSING TEETH

All teeth missing through previous extraction (not those fractured or displaced by recent wounds) should be scratched out, thus:

### CROWNED TEETH

Block in solid the crown of tooth (label gold, porcelain, or gold and porcelain), thus:

### BRIDGE WORK

Block in solid the crown of tooth (label gold bridge, gold and porcelain bridge) thus:

### FILLINGS

Draw filling on tooth accurately as possible (block in and label gold, silver, cement), thus:

### CARIES (CAVITIES)

Outline location and size of cavity, shade in thus:

### DENTURES (PLATES)

Draw diagram of relative size and shape of plate block in teeth attached and indicate retaining clasps on natural teeth with the word "clasp"

7. Show name of person supervising the disinterment and the name and title of the person approving same.

8. Show name of person supervising the reburial and the name and title of the person approving same.

BREWER, George - Pvt.

October 31, 1925

Mr. Nat Brewer,  
Russellville,  
Alabama.

Dear Sir:

The Quartermaster General desires to invite your attention to the inclosed card which gives the permanent cemetery location of the soldier's grave in which you are interested.

This American military cemetery is one of those to be maintained by the United States for all time in Europe. Each grave will be marked by a headstone of white marble, of dignified design, with the name, rank, division, organization, date of soldier's death and State from which he came. Headstones will be placed at all graves in connection with the improvement work now in progress, as soon as possible and without waiting for special action or request on the part of relatives.

Please be assured that in effecting removal of the dead, the utmost reverential care was exercised and more than willingly accorded by those who performed this sacred duty. For the future, these graves will be perpetually maintained by the Government in a manner befitting the last resting place of our heroes.

Very truly yours,

L.W. REDINGTON,  
Major, Q.M.C.,  
Assistant.

TO: Mr. Nat Brewer, Russellville, Ala.

1. This office is pleased to advise you that the investigation instituted for the purpose of locating the grave of your late son, Private George Brewer, Company F, 167th Infantry, has finally been successful. The records show that the body is now interred in the Oise-Aisne American Cemetery at Seringes-et-Nesles, Department of Aisne, France.

2. The records of this office contain a request, made by you sometime ago, that the remains of the deceased be returned to this country for burial in the National Cemetery, Chickamunga Park, Chattanooga, Tennessee, and this letter is to inquire whether you still desire to have the body returned for burial in the National Cemetery at Chattanooga or if you prefer that it remain in the Oise-Aisne American cemetery, which is one of the permanent American cemeteries in France and where the graves will be marked by suitable headstones and will receive the same tender care for all time that is accorded the National Cemeteries in this country. Case of

Pvt. George Brewer- 96892- Co. F 167th Inf.

KIA 7/28/18

Unconfirmed burial..... Cmmne of Sergy, Aisne.  
GLB..... Hill 212 near Sergy, Aisne.  
Confirmed burial per 16...;..... French & German Military Cty at Effry, Aisne.  
Confirmed reburial!"..... Gr. 351, Sec. E, Pl. 7 Cty 608

Because of the distance between Sergy Aisne and Effry Aisne, the case was questioned as to whether one and the same. The investigator has been unable to locate any other George Brewer or George with surname similar to Brewer without a confirmed burial, a diligent search has been made, hence the investigator has been forced to believe that this soldier was hit on hill 212 in the Cmmne of Sergy, Aisne, was thought to be dead at the time, but later displayed consciousness and was carried off by a force going toward Effry- in all probability a French Force as the French Directory shows the name, and that the soldier died later, and was buried at the French & German Military Cty Effry. (coord. E230-N335 approx)/

French Directory shows name as being George Brewer. (per 16)

Therefore

✓ The investigator is of the opinion due to the French directory report & checking of dental chart that the body taken from French & German Military Cemetery Effry, Aisne and reburied 7/31/20 into Grave 351, Sec. E, Pl. 7 Cty 608, and reburied during operations into Grave 66, Sec. D, Pl. 2 Cty 608, the Amer. Cty of the Oise-Aisne # 608, as there is no positive proof to the contrary.

File No. 293.8-C-R - #18922 - (BREWER, George).

To: Chief, American Graves Registration Service, Q.M.C., in Europe, 8 Avenue d'Iena, Paris, France.

Subject: Case of Private George Brewer, #96892, Company F, 167th Infantry.

1. The records of this office show the above named soldier to have been reported by the Adjutant General of the Army as having been killed in action July 28, 1918. Grave Location Blank signed by Preston P. Parker, 2nd Lieutenant, 167th Infantry, states this soldier was killed on Hill #212, near Sergy, Department of Marne, France, and was buried August 2, 1919, on Hill #212, near Sergy, France, Commune of Sergy, Aisne, C-30, 33NE.

2. For your information there is attached hereto copy of Form #16, which states this soldier was disinterred July 30, 1920, from French and German Military Cemetery at Effry, Aisne.

3. Inasmuch as the only Effry, Aisne shown on the records of this office is shown on Map 14SW, and Private Brewer is reported to have been buried in the Commune of Sergy, 33SE, it is requested that a report be forwarded to this office giving the Co-ordination of French and German Military Cemetery at Effry, Aisne, in order that our records may be adjusted.

Case of

Pvt. George BREWER- 96892- Co. F 167th Inf. KIA 7/28/18

G.L.B. for George BREWER-96892- Co. F 167th Inf. lists Place of death, HILL 212, near Sergy, Aisne; Place of Death Hill 212 near Sergy Aisne, Buried August 2nd, 1918.

Hill 212 is in the Cmme of Sergy, about 1 ko. from the town of Sergy, and near the border between Cmme of Sergy and Cierges, Aisne.

The 42nd Div. of which the 167th was part, was in the location covered by the lower right hand part of the map 33 S.E. the latter part of July and 1st part of August, 1918., and the fighting of the 167th seems to have been around or near Hill 212, from the reports received for this Org. This was in the Aisne-Marne Offensive.

However

16 for the disinterment and reburial of this soldier = 16. *Date of Form 1A, 8-4-1920*  
No date is given for the accomplishment of the 16.  
Body disinterred July 30th, 1920- French and German Military Cty. at Effry, Aisne.  
Reburied July 31st, 1920-Grave 351, Sec. E, Plot 7, Amer. E.F.Cty 608, Seringes-et-Nesles.  
No tag on body. French Cty. Directory shows this soldier as George BREWER.

The only Effry, Aisne listed in the French Cmme. Dict. is on map 142S.W.

Hill 212, and Sergy Aisne is shown on map 33 S.E. the s.e. part. Cty #608 is on map 33 S.E.

There is between the Effry listed in the Fr. Cmme Dictionary and Cty 608 about 85 kilometres, and over this between Effry and Hill 212

Hence

The investigator is of the opinion that the Effry listed on the 16 for disinterment and reburial of George Brewer is another Effry other than that listed on the rather in the Fr. Cmme Dictionary.

Therefore

THIS reburial does not seem probably therefore this office is desirous to know the coord. of the French & German Military Cty, Effry, Aisne, as shown on the 16 enclosed.
