Mr. Peter Brovelli,
St. Helena,

Dear Sir:

The Quartermaster General desires to invite your attention to the inclosed card which gives the permanent cemetery location of the soldier's grave in which you are interested.

This American military cemetery is one of those to be maintained by the United States for all time in Europe. Each grave will be marked by a headstone of white marble, of dignified design, with the name, rank, division, organization, date of soldier's death and State from which he came. Headstones will be placed at all graves in connection with the improvement work now in progress, as soon as possible and without waiting for special action or request on the part of relatives.

Please be assured that in effecting removal of the dead, the utmost reverential care was exercised and more than willingly accorded by those who performed this sacred duty. For the future, these graves will be perpetually maintained by the Government in a manner befitting the last resting place of our heroes.

California.

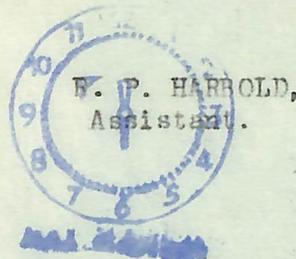

Dear Sir:

The Quartermaster General is pleased to inform you that the investigation which has been conducted with a view towards locating the grave containing the remains of your brother, the late Private Giulio Brovelli, Company E, 109th Infantry, has been successfully concluded. The body has been found buried in an isolated grave in the Commune of Chatel Chehery, Ardennes, France, and is now in the Meuse-Argonne American Cemetery, Romagnous-Montfaucon, Meuse, France, awaiting instructions as to its final disposition.

There is on file your request for the return of the body to this country for private interment. As some time has elapsed since you made the request, this letter is to inquire whether it is still your desire that this action be taken. If you still wish the return of the body, it will be brought back on the first available Shipping Board vessel sailing from a channel port. This should be within the next two or three months.

Please understand, it is not the policy of the Department to attempt to influence relatives as to the disposition of their dead, but to endeavor to carry out their wishes so far as is humanly possible. On the other hand the Department is honored when relatives entrust the remains to its care and intends to administer that trust in a manner befitting the service the soldier rendered his country and humanity. If agreeable to you, this office will be glad to receive your permission for burial of the remains of your brother among his comrades in Europe, and where his grave will be tenderly cared for by a grateful Nation.

As action is suspended pending your decision, it is requested that you kindly reply as soon as possible; using the inclosed envelope, which requires no postage.

Very truly yours,

R. P. HARBOLD,
Assistant.
