Dear Sir:

Enclosed is reply to your communication of February 8, which has been delayed because of the very severe illness of my mother, Mary F. Buck. Mother will be seventy-five years old next month and is very feeble, requiring the services of a nurse day and night. Much as she ^{has} desired to visit my brother's grave since the close of the war, she was financially unable to do so. Now she is physically unable to and there is no hope of her recovery from heart disease and old age. My sister and I support mother, aided by a pension of \$20.00 a month from the Government. If the law passed by Congress provides for payment to the dependent widows or mothers ^{who are too feeble to go,} of an amount equal to the cost of the trip to France and return, I would be glad to be advised of the proper procedure to obtain it, for my mother.

Very truly yours,

Emma E. Buck

INSTRUCTIONS FOR THE PROPER COMPLETION OF G. R. S. FORM NO. 16-A

Enter information, as noted below, on reverse side of sheet in the *corresponding numbered space*. This form is supplemental to and is to be forwarded with G. R. S. Form 1-a, reporting reburial locations. To be used in answer to Question 26, Form 114, in case no means of identification on body.

1. Show soldier's name, serial number, rank and organization, and by whom disinterred and reburied.
2. Give date and accurate information as to location from which the body was disinterred and the group and unit which made disinterment.

5. (a) State whether identification tags were found buried with body and on grave marker by reporting "Yes" or "No".
 (b) State whether or not body appears to have been a hospital case. Were any identifying articles found in or on body or grave? An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.
