Dear Madam:

This letter, which contains general information regarding the pilgrimage to the cemeteries of Europe, is being sent to each mother and widow who has expressed a desire to make the pilgrimage during the calendar year 1930. The general plan for the conduct of the pilgrimage is shown in the Pilgrimage Regulations, a copy of which is enclosed herewith. In addition to the information shown in the regulations, the following explains in detail some of the most important things connected with the pilgrimage.

Formal invitations are being extended to each mother and widow who has expressed a desire to make the pilgrimage during 1930. In so far as practicable, these invitations are being extended with a view to keeping the women from each state together and the order in which the invitations to the women from the several states are issued is based on a drawing by lot which was held about one month ago. Inclosed with each invitation is a card for acknowledgment and it is quite important that you accept or decline this invitation promptly in order that the necessary railroad, steamship and hotel reservations may be arranged. The government will defray all the necessary expenses of the pilgrimage, including railroad fare, hotel accommodations, steamship fare and all other incidental expenses. It will not provide anything other than the necessary expenses so that you should bring with you such funds as you may desire to use for making small purchases and for other uses distinctly of a personal nature.

Arrangements have been made with the American Railroad Association which assures us the united support and cooperation of all of the railroads in the United States in handling the movement to and from New York City. The local ticket agent will secure your railroad and sleeper ticket and will make the necessary pullman reservations. Before your departure from your home we will mail you a check, sufficient to pay for your meals and other travelling expenses while enroute to New York. Your railroad ticket will provide for a round trip from your home to New York and upon arrival in New York the army officer in charge of the New York office will collect the return trip stub and hold it until your return to New York from Europe.

Upon arrival in New York, you will be met by an army officer

30/994/

-1-

and escorted to a first class hotel where reservations have been made. The duration of your stay in New York will be from 24 to 48 hours. At the proper time, you will be escorted to the steamship upon which passage has been engaged for Europe. All of the women making this trip will be provided with cabin class accommodations aboard steamers which means that from two to four will be quartered in the same stateroom. If you have any friend that you would like to be quartered with we will endeavor to arrange it if you will communicate with this office.

The ocean voyage will last about 8 days and when the ship docks at Cherbourg, France, each party will be met by officers especially detailed for the purpose and taken in a special train to Paris where first class hotel accommodations have been reserved. The first day in Paris will be a day of rest. On the 2d day, the women of each party will place a wreath on the tomb of the French unknown soldier. In the afternoon there will be a reception in which the French war mothers, government officials, and prominent civilians will participate. The following morning the groups going to the different cemeteries will leave Paris, travelling in motor busses, and proceed to the cemeteries where they will remain for about 7 days. Twenty-five women will be assigned to each bus and an army officer will have charge of the bus. The itineraries to and from the cemeteries and the daily itineraries while at the cemeteries have been varied so as to take in points of historical interest as well as some parts of the battlefields where American troops were engaged. Upon return to Paris, each party will remain for about 5 days and during this time an opportunity will be given to see the points of historical interest in Paris and vicinity. The entire duration of your stay in Europe will be 14 days, and the itineraries have been so arranged that each day will be provided for. Except in case of illness or other unavoidable cause it will not be possible for any woman making the pilgrimage to remain in Europe for a longer period than 14 days nor to leave the party with which she is travelling unless she is prepared to pay all of her expenses after leaving the party since the Act of Congress authorizing the pilgrimage specifically states that the government shall not pay the expenses of any woman who willfully leaves her party.

Upon return to the United States each ship will be met in New York City by army officers who will escort the mothers and widows to the trains which will take them home. Before leaving New York each woman will be provided with her return railroad ticket, a sleeping car ticket and funds to cover the cost of meals and other travelling expenses.

Army officers are being used as guides and escorts throughout this entire movement and care has been taken to select officers who will see that proper care is taken of the women who are entrusted to their charge. Arrangements have been made for taking care of women who may be taken sick during the pilgrimage and also to care for the remains of any who may die and provision has been made for returning the remains of any who may die to their homes. It is essential that each woman making the pilgrimage furnish The Quartermaster General with an emergency address of some relative or friend to be notified in the event of an emergency. Medical care will be provided by civilian agencies. If such care is needed in New York City it will be furnished by the hotel physicians or

by local hospitals. Aboard ship, medical care will be provided by the ship's doctors and in Paris arrangements have been made with the American Hospital for the hospitalization and treatment of any women who may need it. In addition to this, six doctors of the regular army will be on duty throughout the pilgrimage.

Baggage will be limited to not to exceed two pieces of hand baggage and the articles taken should be such as will be required for a trip of about one month. Laundry service can be obtained in New York and Paris. Since the climate of Europe is much colder than that of the United States, each woman should provide herself with sufficient warm clothing to stand the motor bus trip and the visit to the cemeteries.

Since it is necessary for this office to make all reservations for your accommodations throughout this pilgrimage, it will be greatly appreciated if you will make prompt reply to any communications received from this office.

For The Quartermaster General:

Very truly yours,

A. D. HUGHES,

Case of Private Clarence F. Burke.

1. In reply to your letter of October 3, 1921, requesting that the remains of your son, the late Private Clarence F. Burke, Company A, 330th Battalion Tank Corps, be returned to you for private interment, you are advised that the records of this office contain the request of the widow of the deceased that his remains be permanently interred in France and instructions have been issued that her wishes be complied with, as she is the legal next of kin and proper one to direct the disposition of these remains.

2. You are further advised that the progress of the work in France has rendered it necessary to establish a definite policy governing requests relative to the disposition of remains of our soldier dead; therefore, the Secretary of War has directed that no change of requests relative to the return of a body will be considered after August 15, 1921. In view of this policy it is too late for the legal next of kin to request the return of these remains.

3. The American Cemetery at Langres, Department of Haute-Marne, wherein the remains of the deceased are now interred, is a temporary American Cemetery. It will be necessary, therefore, to remove the body to the nearest permanent American cemetery where the grave will be marked by a suitable headstone and will be perpetually maintained by our Government in the most careful and reverent manner as a memorial to the late soldier's supreme sacrifice. After the body has been reinterred in one of the permanent American Cemeteries the legal next of kin will be duly advised of the new grave location.

Disposition of remains.

1. The records of this office indicate that you desire the body of your husband, the late Private Clarence F. Burke, Company A, 330th Battalion, Tank Corps, remain undisturbed in its present resting place, Grave 103, American Cemetery at Langres, Department of Haute-Marne.

2. As the above mentioned cemetery is a temporary American Cemetery and will be abandoned at some future date, the body of the deceased cannot remain in its present resting place. The remains may be removed to one of the permanent American Cemeteries in France, referred to in paragraph 9, of the inclosed Cemeterial Division Bulletin No. 10-G-W. These cemeteries will be perpetually maintained by the Government in the most careful and reverent manner.

3. If such disposition is not desired, the body may be removed to a nearby permanent French Cemetery in which event, however, it will be necessary for you to execute and return to this office the inclosed G.R.S. Form 123, which relieves the Government of the responsibility for the future care and maintenance of the grave site after reburial has been effected and formal release given.

4. In view of this information it is desired that you advise this office immediately whether you wish the body of the deceased interred in a nearby permanent French Cemetery or removed to a permanent American Cemetery in France, or returned to this country, either for private burial or burial in a National Cemetery. Upon receipt of this advice from you, instructions will be issued that your wishes be complied with.
