Joneign

March 21, 1923.

Mrs. De Cian Maria,
Sospirolo, Prov. of Belluno,
Italy.

Dear Madam:

The Quartermaster General desires that you be informed that
the permanent grave of
the late Private Victor Caldart, Company H,
47th Infantry, is Grave 14, Row 7, Block H, Meuse-Argonne American
Cemetery, Romagne-sous-Montfaucon, Department of Meuse, France.

This is one of the permanent American military cemeteries
to be maintained by this Government in Europe. Each grave will
be marked by a headstone of white marble, of suitable design,
with name, rank, organization, date of soldier's death and State
from which he came. The headstones will be placed at all graves
in connection with the improvement work now in progress, as soon
as possible and without waiting for special action or request on
the part of relatives.

In effecting removal, the utmost care and reverence were
exacted and more than willingly accorded by those performing this
sacred duty. The grave of the deceased will be perpetually main-
tained by this Government in a manner befitting the last resting
place of our heroes.

Very truly yours,

H. J. Conner,
Assistant.

The Quartermaster General, U.S. Army (Cemeterial Division).

Mr. Arvise Caldart, Belluno, Italy.

Grave Location.

1. Referring to the case of your son, the late Private Victor Caldart, Company H, 47th Infantry, you are advised that the records of this office indicate that the remains of this soldier are now interred in Grave #1, Plot D, Row #1, American Cemetery at Rampont, Department of Meuse.
2. In order that the grave of the deceased may be under the perpetual care and custody of the United States Government, it will be necessary to remove the body from its present resting place to one of the permanent American cemeteries in France where the grave will be marked by a suitable headstone and will be cared for in the most careful and reverent manner as a memorial to the late soldier's supreme sacrifice.
3. After the body has been reinterred in one of the permanent American cemeteries you will be duly advised of the new grave location.

By authority of the Acting Quartermaster General:

CHARLES J. WYNNB,
Captain, Q. M. C.

Grave Location.

1. Referring to the case of your son, the late Private Victor Caldart, Company H, 47th Infantry, you are advised that the records of this office indicate that the remains of this soldier are now interred in Grave #1, Plot D, Row #1, American Cemetery at Rampont, Department of Meuse.
2. In order that the grave of the deceased may be under the perpetual care and custody of the United States Government, it will be necessary to remove the body from its present resting place to one of the permanent American cemeteries in France where the grave will be marked by a suitable headstone and will be cared for in the most careful and reverent manner as a memorial to the late soldier's supreme sacrifice.
3. After the body has been reinterred in one of the permanent American cemeteries you will be duly advised of the new grave location.

By authority of the Acting Quartermaster General:

CHARLES J. WYNNIE,
Captain, Q. M. G.

WAR DEPARTMENT
OFFICE OF THE QUARTERMASTER GENERAL OF THE ARMY,
WASHINGTON.

August 23, 1921

In Answer Refer to File No.

No: 293.8 - Gen. #32937 - (Caldart, Victor, Pvt.)
From: The Quartermaster General, U. S. Army (Cemeterial Division)
To: Mr. Arvise Caldart, Bellano, Italy.
Subject: Case of Private Victor Caldart.

1. Referring to the case of your son, the late Private Victor Caldart, you are advised that the records of this office show that the remains of this soldier are interred in grave 1, plot D, row 1 of American Cemetery at Ramport Department of Meuse.

By authority of the Quartermaster General:

Charles J. Wynne
CHARLES J. WYNNE,
Captain, Q.M.G.

CEMETERIAL DIVISION BULLETIN NO. 10-G-W.

WAR DEPARTMENT,
OFFICE OF THE QUARTERMASTER GENERAL,
CEMETERIAL DIVISION,
Washington, D. C.

1. The Graves Registration Service is now a branch of the Cemeterial Division of the Quartermaster General's Office, which is the official organization of the War Department charged with the acquisition, maintenance, construction, registration, and control of all American cemeteries and plots in foreign cemeteries in Europe in which the remains of our soldier dead are interred. The headquarters is now in Washington, D. C., where all data necessary for the final disposition of the remains of soldiers of the American Expeditionary Forces are prepared. Burial reports of all descriptions are completed and recorded, and inquiries of nearest relatives and friends of deceased members of the American Expeditionary Forces are answered. This division is not prepared to give information on other subjects than the above. (See par. 13.)

2. The exact location of a grave is communicated whenever possible to the person whom the soldier had previously registered as the proper one to be addressed in case of emergency. Many changes in grave location have been made since first notifications were sent to relatives in order that bodies may be better located and the care of graves more fittingly maintained. These transfers were made at the instance of the French Government, and all the allied armies have been engaged in this policy of concentration. Entire cemeteries, which in the stress of battle and other emergency had been poorly located, were removed, isolated graves opened, and the bodies reinterred in concentration cemeteries.

3. Change of address on the part of relatives has caused the return of thousands of letters of notification to this office by the postal authorities, which accounts in many cases for failure of relatives to receive notification as to the change of grave location. Advice as to the change of address must be forwarded to this office if the records are to be kept up to date. If notification has not been received, this office will be glad to be advised.

4. The return of bodies from all countries in Europe is being accomplished as promptly as conditions and the reverent handling of our dead will permit. It is difficult to forecast a date when removals may be completed, inasmuch as this work is dependent upon circumstances which can not always be controlled, but it is being prosecuted as vigorously as possible.

Prior to operations in the particular cemetery in which the remains of their kin are interred, this office will mail to relatives "Shipping Inquiries" which give such directions for shipment as have been recorded here, and request verification thereof together with necessary information concerning the legal next of kin, with whom alone this office must deal.

The legal next of kin is notified from the Hoboken office of this service as soon as possible after receipt of information from Europe that the remains have been shipped. He is again notified by telegram from Hoboken upon arrival of the remains at that port, giving date of their further shipment inland.

The bodies which still remain in Russia can not be removed until weather conditions and the attitude of the Russian people will permit. Public announcement will be made at the appropriate time.

Removals must be made with due regard to orderly procedure, accuracy, and fairness; therefore no request for priority will be considered.

It is the policy to deliver the remains of American officers and enlisted men buried overseas to their bona fide homes in foreign countries, when such a course is practicable and the request therefor has been made by the next of kin.

The transfer of a body to a foreign country is subject to the sanitary laws and health regulations of both the country of present interment and that to which removal is requested, as well, also, of any intervening country through which the remains must be transported. Should any of these countries prevent the transfer desired, the body will be retained in the custody of the American Government in such cemetery as will best insure its preservation.

5. Instructions for the disposition of remains will be issued by this office upon the properly executed authority of the legal next of kin in each case. The widow is the first person having disposition of the remains of her husband. Should there be no widow or children, the father and, in turn (upon his decease), the mother, is the proper authority. The brothers, in order of seniority, and then the sisters in order of seniority (if there are no brothers), rank next in authority to decide. Upon an opinion rendered by the Judge Advocate General of the Army, if a widow has remarried she forfeits her right, and the next of kin as given above may claim and be accorded the right to direct disposition. The legal guardian of the children of a deceased soldier may, however, also direct disposition and such request will have priority next after the widow of the soldier. The former widow after remarriage, therefore, may still direct disposition of the remains of her former husband if she has custody of the minor children of the deceased in her capacity as their natural guardian.

Requests of individuals to return to the United States the remains of their soldier dead under their own direction can not be granted. Our agreement with other nations contemplates that the entire responsibility of such transfer shall rest with this Government. Permits of this nature would be a manifest injustice to those relatives who, though equally bereaved, are unable to bear the considerable expense involved.

Requests from the legal next of kin that bodies remain in established French cemeteries will be granted when possible to do so, providing that the next of kin relieves this Government from further care of the grave. Formal release of a body will not be made to next of kin until the final disposition has been made of all bodies in that particular cemetery and the area in which it is located. When, however, a body can not be left undisturbed, and the general policy requires evacuation of the cemetery in which it lies, it will be transferred at Government expense to a permanent American cemetery in that country, and its future maintenance will be a care of the Government. Bodies will be concentrated into permanent American cemeteries without attempting to form special groups, based upon consideration of rank, religion, or organization.

6. The nearest of kin, or an authorized agent may, upon presentation of proper credentials to the office of the Graves Registration Service, at Hoboken, N. J., assume the custody of the remains of a deceased member of the American Expeditionary Forces upon arrival of the remains at that port. When the remains are turned over to the nearest of kin the latter must take absolute possession and entire charge of the body and the responsibility of the United States Government thereupon ceases. The War Department representatives at Hoboken will issue Government transportation for the body and for the nearest relative or the accredited representative who accompanies the body to the home. It must be clearly understood, however, that the expenses of the journey of relatives from their homes to Hoboken for the purpose of meeting the remains of their soldier dead must be borne by themselves, as there are no appropriations available for this purpose. If the nearest relatives do not take charge of remains at Hoboken and accompany them to the homes, specially selected soldiers will be detailed to

act as military escorts and these soldiers will proceed with the remains from Hoboken to the places designated by the legal next of kin for delivery.

7. All expenses of the shipment of remains to the railroad station nearest the place designated for burial by the legal next of kin will be borne by the War Department. Expenses incident to and of the actual burial of the body will be reimbursed up to the amount of \$100 upon application direct to the Chief, Bureau of War Risk Insurance, Washington, D. C., supported by an itemized statement of expenses or receipted bills. This will include any proper expense ordinarily incident to the handling of the body from the railroad station as well as the funeral charges and actual burial; not to exceed the \$100 mentioned above. The legal next of kin should communicate with the Chief, Bureau of War Risk Insurance, Washington, D. C., for further information on this matter.

8. Firing squads for funerals of deceased soldiers.—The commanding officer of any post, camp arsenal, depot, or other station, will furnish a firing squad of not to exceed eight (8) men to attend the funeral of a person who has died in the military service, and whose remains have been turned over to the relatives or friends for interment, when request is made by the relatives or friends of the deceased, and provided that such a firing squad can be furnished without interfering with the duties of the men composing it, and without expense to private individuals, or to the Government except in the use of available transportation. The authorization of such details will not be permitted to make necessary any increase in the personnel at any station.

9. Permanent American cemeteries will be maintained in which all bodies will be concentrated which are to remain overseas, unless relatives may choose other places of burial and agree to maintain them independently of the Government, after the bodies have been transferred to such local cemeteries by the Graves Registration Service.

Four permanent American Cemeteries have been located in France: Suresnes American Cemetery, Department of the Seine, on the outskirts of Paris; the Argonne American Cemetery, at Romagne-sous-Montfaucon, Department of Meuse; Belleau Wood American Cemetery, Department of the Aisne (near Chateau Thierry); and Flanders Field American Cemetery, at Bony, Department of the Aisne. Arrangements are being made for a similar cemetery in the vicinity of London for such bodies as relatives have designated for permanent burial in England. It is the policy to concentrate upon these few permanent places the best care of our Government.

Concentration of bodies into permanent cemeteries in Europe will be effected in accordance with a prearranged plan based on geographical location of the present cemeteries in relation to the designated permanent cemeteries and logical considerations of rail transportation. The only exceptions will be in the case of the bodies of blood relatives, which, upon application of the families concerned, may be placed in the same permanent cemetery.

10. Monuments.—No private monuments of any sort have been authorized, all graves being temporarily marked with a cross or Jewish marker, pending the substitution of stone monuments of uniform and artistic design in place of crosses and other markers now employed. These permanent headstones have been designed by the National Fine Arts Commission, and will be put in place by the Government when cemeteries are completed.

11. The present inscriptions on grave markers were necessarily taken from burial reports, identification tags, and other available means which sometimes proved to be not correct in every detail. A careful comparison of these inscriptions with the records of this office and of The Adjutant General's Office is being made, and the permanent stone markers will conform to the exact spelling and other data according to officially certified records.

Where possible, this service has taken the utmost care to indicate the graves of Jewish soldiers by the use of the approved Jewish marker. Because there was little or no means by

which this office could determine the faith of soldiers, the Jewish Welfare Board has assisted in compiling a list of Jewish dead in Europe. Crosses which may have been inadvertently placed over such graves are being replaced by Jewish markers as rapidly as possible. Jewish markers are also being removed from Christian graves, wherever error has been made.

12. Photographs of graves have been taken by a section of the American Red Cross, assigned to the Graves Registration Service, and are being distributed without charge, and without application, as each case is reached, to the next of kin. Considering the large number of cases involved and the great amount of detailed work in furnishing of these photographs, it must be understood that they can not be sent to any persons other than the relative of the deceased. Photographs have been received by the next of kin which clearly show mistakes in inscriptions; these were taken before the corrected data had been inscribed upon the grave marker and in some cases while the establishment of cemeteries was still in progress. This also explains the appearance of any photographs which may show an untidy foreground or background. All of our cemeteries in Europe are now in excellent condition and innumerable letters of commendation have been received on this subject.

Requests have been received in this office for sectional and panoramic photographs of the different cemeteries abroad. This office is unable to furnish such pictures, but photographs of practically every place in Europe of interest in connection with the World War were taken by the Signal Corps of the United States Army and catalogues of these pictures containing necessary instructions relative to procuring them from the Signal Corps will be found in Public Libraries. Large pictures of Argonne American Cemetery, Romagne-sous-Montfaucon, Department of Meuse, are on sale at the Y. W. C. A. Hostess House, Argonne American Cemetery, Romagne-sous-Montfaucon, Department of Meuse, and can be purchased for 2.50 francs, which equals about 25 cents in American money.

13. Inquiries concerning the following subjects should be addressed as indicated:

- (a) *Personal effects:* Chief, Effects Bureau, Q. M. C., Room 427, Pier No. 3, Hoboken, N. J. *Adjutant General of the Army, Wash. D. C.*
- (b) *Pay:* Auditor for the War Department, Treasury Department, Washington, D. C.
- (c) *Liberty bonds:* Chief of Finance, Washington, D. C.
- (d) *War risk insurance:* Chief, War Risk Insurance Bureau, Washington, D. C.

14. If in the dispatch of a great volume of daily correspondence there may be letters which seem to the readers to be too brief and businesslike, it is hoped that no one will believe us lacking in sympathy with those in sorrow. It is the aim of the office to show the utmost courtesy to all inquirers and to satisfy their desires within the limit of our power.

By authority of the Quartermaster General:

GEORGE H. PENROSE,
Colonel, Q. M. C., Chief, Cemeterial Division.
