Dear Sir:

In regard to your letter of August 13th, File
No. 293.8 Cem.Div., Cor. Br. (Capabianco, Raphaelo))
attention of F. C. Pallas, Executive Assistant.

I am writing for Mrs. Raphealo Gannin, 57
Penacook St., Concord, N. H. She does not want
her son sent back from France. She wishes him to
be in the American Cemetery over there.

I have talked with her through an interpreter and she
is very much disturbed to think there is a possibility
of the boy being returned here.

In times past when I was doing active work for the
Red Cross, I had a lot of detail to attend to
for this woman and she has always been very loyal
and honorable in every way and she thinks and feels
that she wants the boy to be there with his comrades.

I thank you very kindly for giving this your attention
and I shall be glad to have you write to her, telling
her that her wishes will be carried out or if there
is any communication that you would like to have
attended to, you can send it direct to me.

Very truly yours,

Dear Sir:

In regard to your letter of August 15th, File
No. 288.8 Cem. Div., Cor. Fr. (Gaspard, Raphael)
attention of R. C. Pelias, Executive Assistant.

I am writing for Mrs. Raphael Gannin, 57
Pembroke St., Concord, N. H. She does not want
her son sent back from France. She wishes him to
be in the American Cemetery over there.

I have talked with her through an interpreter and she
is very much disturbed to think there is a possibility
of the boy being returned here.

In times past when I was doing active work for the
Red Cross, I had a lot of detail to attend to
for this woman and she has always been very loyal
and honorable in every way and she thinks and feels
that she wants the boy to be there with his comrades.

I thank you very kindly for giving this your attention
and I shall be glad to have you write to her, telling
her that her wishes will be carried out or if there
is any communication that you would like to have
attended to, you can send it direct to me.

List any personal effects, letters, money-order receipts, and the like found on body or in grave. Give any and all information which it is thought might be of use in identifying the body, other than that tabulated under Item No. 6.
6. Give all information as to body description and dental chart as nearly correctly as the condition of the body will allow. Items (e) and (f) under the body description are very important and should be very complete. The dental chart is also very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspid (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

MISSING TEETH.....All teeth missing through previous extraction (not those fractured or displaced by recent wounds) should be scratched out, thus :

CROWNED TEETH.....Block in solid the crown of tooth (label gold, porcelain, or gold and porcelain), thus :

BRIDGE WORK.....Block in solid the crown of tooth (label gold bridge, gold and porcelain bridge), thus :

FILLINGS.....Draw filling on tooth accurately as possible (block in and label gold, silver, cement), thus :

CARIES (CAVITIES).....Outline location and size of cavity, shade in thus :

DENTURES (PLATES).....Draw diagram of relative size and shape of plate, block in teeth attached and indicate retaining clasps on natural teeth with the word "clasp."
