GRAVES REGISTRATION SERVICE

0.5 DEC 1918

FROM : Chief, Graves Registration Service, American E. F.  
TO : Mr Meguides Carabajal, Ananche St, Albuquerque, New Mexico.  
SUBJECT: Place of Burial:  
Private Leopoldo Carabajal, Co. G, 30th Infantry,  
Died November 6th 1918,  
American Battle Area Cemetery, Revigny, (Meuse) France.

I am sure that you will pardon the use of a form letter such as we are sending to-day, when you try to realize under what great stress this office is working in order to give as prompt advice as possible concerning facts which are of such very vital importance to our sorrowing friends, whose brave men have suffered martyrdom on battle-fields within our sphere of European operation.

It is with great sorrow that I am writing you, and only the urgency of your desire to know, prompts me to push forward this notification when my note is required to be so formal because of the great number to which my name has to be signed.

You have probably already received official advice concerning the death of the one whom you gave to your country and the world for the saving of civilization.

You will be comforted in knowing that his body has been recovered, that it lies buried in a spot which is under our care and control, and that there will be no danger of its loss or neglect.

We are sending you, herewith, a note which gives general answers to a number of questions which our bereaved friends are often asking, and it will probably give information concerning some of the things you are anxious to understand.

Please be sure of our earnest desire to guard your interests in every possible way, and our satisfaction in being able to care for the resting places of our dead.

GRAVES REGISTRATION SERVICE  
F R A N C E

G. R. S. )  
BULLETIN )  
NO. 10 )

INFORMATION FOR THE FRIENDS OF OUR DEAD.

---

THE GRAVES REGISTRATION SERVICE, a branch of the Quartermaster Corps, is the official organization of the War Department, charged with the acquisition of cemeteries in every country embraced within the Field of Operations. It likewise has the care and control of these cemeteries and is responsible for the marking and preservation of all graves. No other organization shares this authority, or has power to effect arrangements or make promises concerning this work.

OUR FIELD FORCE operates within all troubled areas, and every effort is made to perfect identifications and to guard the resting places of our dead. The government has undertaken to do everything which is humanly possible, in view of the extreme difficulties involved in the stress of war.

THE EXACT LOCATION OF A GRAVE is communicated, whenever possible, to the person whom the soldier had previously registered as the proper one to be addressed in case of casualty. The interests of the military service frequently demand that the name of the town in which burial was made shall be withheld. When this becomes necessary, the burial place is referred to by a number, which is duly registered in this office, and by which the cemetery is officially known. Friends of the dead need not fear that any danger of losing a grave is involved in the temporary withholding of these names.

FLOWERS, FLAGS, ETC. We are frequently asked to accept commissions to place flowers, flags and other gifts on separate graves, but such requests must necessarily be denied because of the wide extent of our territory, the exhausting nature of the work, and the impossibility of reaching so many hundreds of places under the difficult conditions which obtain in a country ravaged by war. Such requests are also discouraged for the reason that there should be no inequality in the treatment of the nation's dead.

MONUMENTS. For the same reason it is not permitted to erect any permanent monument during the continuance of war; all graves being temporarily marked with a cross or the regulation headboard, such as is used in National Cemeteries in the United States.

PERSONAL EFFECTS. Disposition of personal effects is not a matter pertinent to this Service. Inquiries concerning the same should be addressed to the Adjutant General of the Army, Washington, D.C. If such inquiries are received by the Graves Registration Service, they will be promptly referred to the proper office.

DISINTERMENTS. The exhumation of bodies is absolutely prohibited during the continuance of hostilities, by the laws of the countries in which we are operating. No exception can be made so long as war exists.

PHOTOGRAPHY OF GRAVES, is entirely controlled by the Chief of the Graves Registration Service. No photographs can be taken within two miles of the battle-front, nor can such photographs be made elsewhere except by the special photographers of this Service, who, under the operation of military orders, are assigned to the Staff of its Chief, by the American Red Cross.

An officer of the American Red Cross, designated as Director of Photography, is assigned to the Staff of the Chief of the G. R. S., for this work, under military censorship, and funds are provided through the War Chest contributed to the Red Cross by the American people. No funds should be sent to the Graves Registration Service, the Red Cross, or individual officers for this purpose from any private source.

Sheet #2.

Applications for photographs will be filled as soon as possible, but owing to extreme difficulty of operation in the field, it will often happen that months will elapse before favorable action can be taken. This work, already instituted in France and Belgium, will be extended to Great Britain and Italy when it becomes practicable.

While some of these restrictions may seem unreasonable to friends in the first outburst of their sorrow, experience has shown the same to be necessary, and our people are asked to accept the sacrifice which they impose, in the same spirit in which our men on the world's battle-field are offering up their lives, viz, for the good of a great cause.
