Dear Sir -

I will try and
answer the question in
regards to parents of private
Emil Carroll. They are both
dead his father died when he
was young then the mother
took care of the children
untill they were all grown
up and she died in the
year of 1913 in September
so there was no step
mother or loco parent
I remain

Yours Truly

Dear Madam:

This office is making an earnest endeavor to communicate with all women who may be eligible under the provisions of the Act of Congress of March 2, 1929, as amended May 15, 1930, to make a pilgrimage to the cemeteries of Europe at the expense of the Government.

It will therefore be appreciated if you will advise as to whether or not the late Private Emil Carroll is survived by a stepmother or any woman who stood in loco parentis to him for a period of not less than five years at any time prior to his reaching the age of eighteen, and if so, her name and address. It is also requested that you furnish, if possible, the dates of death of his parents.

The enclosed self-addressed envelope which requires no postage is for your convenience in replying.

Dear Madam:

The Quartermaster General desires that you be informed that the permanent grave of the late Private Phil Carroll, Company D, 313th Supply Train, is Grave 9, Row 26, Block H, Meuse-Argonne American Cemetery, Romagne-sous-Montfaucou, Department of Meuse, France. This is one of the permanent American military cemeteries to be maintained by this Government in Europe. Each grave will be marked by a headstone of white marble, of suitable design, with name, rank, organization, date of soldier's death and State from which he came. The headstones will be placed at all graves in connection with the improvement work now in progress, as soon as possible and without waiting for special action or request on the part of relatives.

In effecting removal, the utmost care and reverence were exacted and more than willingly accorded by those performing this sacred duty. The grave of the deceased will be perpetually maintained by this Government in a manner befitting the last resting place of our heroes.

Very truly yours,

H. J. Conner,
Assistant.

Give any and all information which it is thought might be of use in identifying the body, other than that tabulated under Item No. 6.
6. Give all information as to body description and dental chart as nearly correctly as the condition of the body will allow. Items (e) and (f) under the body description are very important and should be very complete. The dental chart is also very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspid (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

MISSING TEETH	All teeth missing through previous extraction (not those fractured or displaced by recent wounds) should be scratched out, thus:	
CROWNED TEETH	Block in solid the crown of tooth (label gold, porcelain, or gold and porcelain), thus:	
BRIDGE WORK	Block in solid the crown of tooth (label gold bridge, gold and porcelain bridge), thus:	
FILLINGS	Draw filling on tooth accurately as possible (block in and label gold, silver, cement), thus:	
CARIES (CAVITIES)	Outline location and size of cavity, shade in thus:	

DENTURES (PLATES)..... Draw diagram of relative size and shape of plate, block in teeth attached and indicate retaining clasps on natural teeth with the word "clasp."
