Miss Annie Clougherty,

New York, N.Y.

Dear Madam:

Your attention is invited to the enclosed copy of an Act of Congress approved March 2, 1929, entitled an Act "To enable the mothers and widows of the deceased soldiers, sailors and marines of the American forces now interred in the cemeteries of Europe to make a pilgrimage to these cemeteries".

The records of this office show that you are the sister of the late Private first class Joseph Clougherty, Co. B, 103rd Inf. whose remains are now interred in the Aisne-Marne American Cemetery, Belleau, Aisne, France.

Will you please advise this office whether or not he is survived by a mother or widow who is entitled under the provisions of the above quoted Act, to make the pilgrimage, and if so, will you please furnish the full names and addresses of the mother and widow in order that action may be taken to extend invitations to them to make the pilgrimage. Both mothers and widows are entitled to make the pilgrimage.

Your attention is particularly invited to Section 4 of the enclosed Act, which defines the terms "mother" and "widow". If the relative is a stepmother, mother through adoption, or any woman who stood in loco parentis to the decedent, a statement as to her relationship is requested. If he was survived by a widow who has since remarried it is also requested that a statement to that effect be made.

For your reply, you may use the enclosed envelope which requires no postage.

Very truly yours,

2. Give date and accurate information as to location from which the body was disinterred and the group and unit which made disinterment.
3. Give date and accurate information as to location of reburial and the group and unit which made reburial, and how reburial was made—in casket, wooden box, etc.
4. State to what degree decomposition has progressed, whether recognition is possible, and how the body was originally buried—in a casket, box, burlap, etc. This statement should be as complete as possible.
5. (a) State whether identification tags were found buried with body and on grave marker by reporting "Yes" or "No".  
 (b) State whether or not body appears to have been a hospital case. Were any identifying articles found in or on body or grave? List any personal effects, letters, money-order receipts, and the like found on body or in grave. Give any and all information which it is thought might be of use in identifying the body, other than that tabulated under Item No. 6.
6. Give all information as to body description and dental chart as nearly correctly as the condition of the body will allow. Items (e) and (f) under the body description are very important and should be very complete. The dental chart is also very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspids (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

<p><b>MISSING TEETH</b>.....All teeth missing through previous extraction (not those fractured or displaced by recent wounds) should be scratched out, thus :</p>	
<p><b>CROWNED TEETH</b>.....Block in solid the crown of tooth (label gold, porcelain, or gold and porcelain), thus :</p>

<p><b>DENTURES (PLATES)</b>.....Draw diagram of relative size and shape of plate, block in teeth attached and indicate retaining clasps on natural teeth with the word "clasp."</p>	

7. Show name of person supervising the disinterment and the name and title of the person approving same.

G.R.S. Form No. 1  
Notification of Grave Location,

WAR DEPARTMENT  
OFFICE OF THE QUARTERMASTER GENERAL  
GRAVES REGISTRATION SERVICE  
WASHINGTON, D. C.

To: Miss Annie Clougherty, May 17, 1920.  
4 Ash St.,  
New York City.

Case of: Private 1st Class Joseph Clougherty, # 67119,  
Company B, 103rd Infantry.

Place of Burial: Disinterred and Reburied in:  
Grave No. 88, Plot 2, Section N,  
American Cemetery, 1764,  
Belleau, Aisne.

1.- It would be likely to involve further delay if we should write personal letters in each of the many cases of notification of relatives as to the present resting places of their noble dead who glorify the nation's roll of honor.

2.- Will you therefore, please accept this letter as being the best we can do, just now? And will you also accept the sympathy of those who have been working hard for many months to render worthy service to tens of thousands of sorrowing people, in the care of their dead?

3.- Many delays in notification have resulted from our ignorance of proper addresses, shortage of clerical personnel, incomplete and imperfect information, or non-delivery and return of former letters.

4.- Thousands of bodies have been transferred to larger and better cemeteries, for reasons which were deemed imperative by the military authorities of all the Allied Nations, and the great task of improving these cemeteries is well under way. The most diligent care has been exercised to insure accuracy, and this immense project is being carried through as an unquestionable service to the friends of our dead.

5.- In serving you and others, we have been hampered by conditions and consequences of such a war as we hope may never involve our country again.

By authority of the Quartermaster General:

CHARLES C. PIERCE,  
Colonel, Q. M. Corps,  
Chief, Graves Registration Service.

WAR DEPARTMENT  
OFFICE OF THE QUARTERMASTER GENERAL  
GRAVES REGISTRATION SERVICE  
WASHINGTON, D.C.

G.R.S. )  
BULLETIN )  
NO.10-C-W )

INFORMATION FOR THE FRIENDS OF OUR DEAD  
-----

1. THE GRAVES REGISTRATION SERVICE, a branch of the Quartermaster Corps, is the official organization of the War Department, charged with the acquisition and control of cemeteries in Europe and the marking and preservation of all graves. It is not prepared to give information on other subjects than the above.
2. CIRCUMSTANCES OF DEATH. The Graves Registration Service does not receive information relative to the circumstances surrounding the death of soldiers, and inquiries under this heading should be addressed to the Chaplain or some other officer of the organization in which the soldier was serving at the time of his death, if the address is known.
3. THE EXACT LOCATION OF A GRAVE, is communicated, whenever possible, to the person whom the soldier had previously registered as the proper one to be addressed in case of casualty. The great mass of information to be gathered, verified and transmitted, will generally account for delays in notification.
4. CHANGES IN GRAVE LOCATION have been made in a great many instances since the first notifications were sent to relatives. These transfers of bodies have been undertaken, at the instance of the French Government, for the recovery of land which has heretofore been used for graves, and also in order that bodies may be better located and graves more properly cared for. All the allied governments have been engaged in this policy of concentration.
5. CHANGE OF ADDRESS on the part of nearest relatives has caused the return of thousands of letters of notification to this office by the postal authorities. We must be notified as to change of address or communication with relatives will be impossible.
6. FLOWERS, FLAGS, ETC. We are frequently asked to place flowers, flags and other gifts on individual graves, but such requests must be denied because of the wide extent of our territory, and the impossibility of reaching so many burial places under the difficult conditions which obtain. Efforts will be continued for the beautifying of the places of our dead, and these are destined to be the most attractive in Europe when all plans have been completed.
7. CEMETERIES ARE MAINTAINED, and care takers are employed by the Government. Commendable progress is reported as to the project of the government to make honorable the resting-place of each one of its loyal dead.
8. MONUMENTS. In order to prevent inequality in the treatment of graves, and for the further reason that the Government would eventually be obliged to transport monuments with bodies to designated places of final burial, it is not at present permitted to erect any permanent or private monument; all graves being temporarily marked with a cross or the regulation headboard such as is used in National Cemeteries in the United States. No other markers can be authorized until the final disposition of the dead has been made. Stone markers of approx-

(No. 8, Monuments, cont'd)

private design will probably be put in place by the Government, and the advice of the National Fine Arts Commission is now being sought with a view to securing the best results.

9. INSCRIPTIONS. The present inscriptions on grave markers have necessarily been taken from the burial reports submitted by Chaplains and others. Careful comparison of these inscriptions is being made with the official rolls of the Adjutant General, and the permanent markers may be expected to conform to the exact spelling and other data certified by that office as being official.

10. INQUIRIES CONCERNING THE FOLLOWING SUBJECTS SHOULD BE ADDRESSED AS INDICATED:

- (a) PERSONAL EFFECTS,  
Chief, Effects Bureau, 539 Greenwich St., New York City.
- (b) PAY  
Auditor for the War Department, Treasury Department,  
Washington, D.C.
- (c) LIBERTY BONDS  
Director of Finance, Washington, D.C.
- (d) WAR RISK INSURANCE  
Chief, War Risk Insurance Bureau, Washington, D.C.

11. PHOTOGRAPHS OF GRAVES have been taken by a section of the American Red Cross assigned to the staff of the Graves Registration Service and are being distributed, without charge, to the nearest relatives of our dead. These will be sent, automatically, without application, as each case is reached. Considering the large number of cases involved it will be understood that these photographs cannot be sent to any other persons than the relative of the deceased.

12. RETURN OF BODIES from all countries, except France, and also from the "Zone of the Interior" in France is now being arranged for and will be completed, as promptly as conditions and the reverent handling of our dead will permit. The "Zone of the Interior" includes the Departments of:

So far as removals from the French "Zone of the Armies" (the battle areas) is concerned, France desires this project to be deferred till a future date because of sanitary and economic difficulties, and no final decision has yet been reached in the diplomatic exchanges which have been in progress. Public announcement of that result will be made.

The bodies which still remain in Russia cannot be removed until weather conditions and the attitude of the Russian people will permit. Public announcement will be made at the appropriate time.

Removals must be made with due regard to orderly procedure and accuracy; therefore no requests for priority or favoritism should be made. Requests for return of bodies from Europe or for their permanent burial therein should be addressed to The Adjutant General of the Army, Washington, D.C., who will issue proper instructions.

13. JEWISH GRAVE MARKERS. Where possible this Service has taken great care to mark graves of Jewish Soldiers with the approved Jewish headboard. Due to the fact that there is little or no means by which this office may determine the faith of soldiers, the Jewish Welfare Board have representatives in this office to compile a list of Jewish dead in Europe, so that crosses which may have been placed over such graves may be replaced by Jewish headboards. Any information affecting this subject should be forwarded to this office in order to perfect this list.

14. While some of these restrictions may seem unreasonable to friends in the first outburst of their sorrow, experience has shown the same to be necessary and our people are asked to accept the sacrifice which they impose, in the belief that so great and serious an enterprise will eventually be accomplished to the credit of the government and as nearly as possible to the satisfaction of our people.
