Dear Madam:

There are enclosed herewith two tags and four identification pasters which have been prepared for the purpose of protecting your baggage while in transit, and to insure its safe arrival at the hotel where you are to stop in New York City. Please attach the tags to the handle of each piece of your baggage and place a paster on each end of each piece of your baggage before leaving your home.

Upon your arrival in New York City, you will be met at the railroad station by an Army Officer who will be in uniform. During your sojourn in New York before sailing for Europe, and upon your return from Europe, you will stop at the Hotel McAlpin, Broadway and 34th Street, New York City.

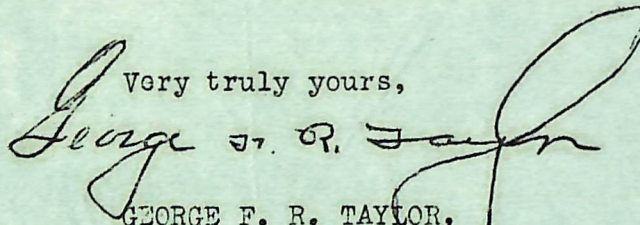

All mail intended to reach you between June 4th, 1931, the day you sail from the United States, and June 26th, 1931, the day you leave Europe, should be addressed to you in care of American Pilgrimage, 146 Avenue des Champs Elysees, Paris, France; for example:

Mrs. Mary Smith,  
c/o American Pilgrimage,  
146 Avenue des Champs Elysees,  
Paris, France.

In making reservations for your journey home from New York City, it is necessary for this office to furnish the railroads with the exact time and date of your departure. The party you are to travel with will be disbanded in New York City on the day following your return from Europe and all arrangements for your accomodations will be made with the railroads by this office accordingly. Upon your return from Europe, it will therefore be necessary for you to remain in the hotel over night as a guest of the United States Government.

There is also enclosed herewith information relative to the cemeteries in Europe.

Very truly yours,

Dear Mrs. Clover:

The letter of recent date addressed to the Officer in Charge, Mothers and Widows Pilgrimage in New York, which you and other pilgrims sent in appreciation of the journey you recently made to the cemeteries of Europe, has been forwarded to me for reply.

The pilgrimage was authorized by Congress in an endeavor to bring a measure of comfort and solace to the hearts of the mothers and widows whose loved ones made the supreme sacrifice for their country during the late war, and it would seem from the generous expressions contained in the letter that the effort has not been in vain.

It is gratifying to know that the mothers and widows were pleased with the arrangements made for their welfare throughout the trip and that the personnel as a whole rendered such satisfactory and commendable service. The Quartermaster Corps is proud of the honor bestowed upon it by being charged with the conduct of these pilgrimages and has expended every effort that those making the trip might have a comfortable and pleasant time. I feel however that the task has been materially lightened by the wonderful spirit of cooperation and consideration shown by the mothers and widows.

You may rest assured that the American cemeteries in Europe will be forever maintained in the fine condition in which you found them, as it will continue to be the constant endeavor of the Quartermaster Corps to make them fitting resting places for the heroes buried there.

Sincerely yours,

J. L. DeWITT,

## UNCLE SAM'S BEAUTIFUL GESTURE

**E**LABORATE preparations have been made by the War Department to care for the pilgrimage to France of Gold Star mothers and widows, authorized by congress, and at the expense of the United States. The first contingent is to sail from New York, May 7, on the liner America, and the second sailing will take place June 4. The migration across seas will continue, at intervals, until 1933. From Secretary of War Hurley, through the quartermaster general's office, down to the enlisted man, the army is alert to play host to the mother or widow who accepts the formal invitation of the government to participate in this movement. All expenses are paid, from the initial point of departure until the return. A ten-dollar per diem of expenses, enroute, has been apportioned, two full weeks in France and personal attention throughout of a nature attesting the high regard of a grateful government. Who says that America is a dollar-grabbing nation? No finer bit of sentiment was ever conceived by any of the Old World governments.

Dear Mrs. Clover:

The letter of recent date addressed to the Officer in Charge, Mothers and Widows Pilgrimage in New York, which you and other pilgrims sent in appreciation of the journey you recently made to the cemeteries of Europe, has been forwarded to me for reply.

The pilgrimage was authorized by Congress in an endeavor to bring a measure of comfort and solace to the hearts of the mothers and widows whose loved ones made the supreme sacrifice for their country during the late war, and it would seem from the generous expressions contained in the letter that the effort has not been in vain.

It is gratifying to know that the mothers and widows were pleased with the arrangements made for their welfare throughout the trip and that the personnel as a whole rendered such satisfactory and commendable service. The Quartermaster Corps is proud of the honor bestowed upon it by being charged with the conduct of these pilgrimages and has expended every effort that those making the trip might have a comfortable and pleasant time. I feel however that the task has been materially lightened by the wonderful spirit of cooperation and consideration shown by the mothers and widows.

You may rest assured that the American cemeteries in Europe will be forever maintained in the fine condition in which you found them, as it will continue to be the constant endeavor of the Quartermaster Corps to make them fitting resting places for the heroes buried there.

Sincerely yours,

J. L. DeWITT,

March 20, 1930

Mrs. Mabel Hitt Clover,  
220-224 O. P. Johnson Bldg.,  
Los Angeles, Calif.

Dear Madam:

This letter, which contains general information regarding the pilgrimage to the cemeteries of Europe, is being sent to each mother and widow who has expressed a desire to make the pilgrimage during the calendar year 1930. The general plan for the conduct of the pilgrimage is shown in the Pilgrimage Regulations, a copy of which is enclosed herewith. In addition to the information shown in the regulations, the following explains in detail some of the most important things connected with the pilgrimage.

Formal invitations are being extended to each mother and widow who has expressed a desire to make the pilgrimage during 1930. In so far as practicable, these invitations are being extended with a view to keeping the women from each state together and the order in which the invitations to the women from the several states are issued is based on a drawing by lot which was held about one month ago. Inclosed with each invitation is a card for acknowledgment and it is quite important that you accept or decline this invitation promptly in order that the necessary railroad, steamship and hotel reservations may be arranged. The government will defray all the necessary expenses of the pilgrimage, including railroad fare, hotel accommodations, steamship fare and all other incidental expenses. It will not provide anything other than the necessary expenses so that you should bring with you such funds as you may desire to use for making small purchases and for other uses distinctly of a personal nature.

Arrangements have been made with the American Railroad Association which assures us the united support and cooperation of all of the railroads in the United States in handling the movement to and from New York City. The local ticket agent will secure your railroad and sleeper ticket and will make the necessary pullman reservations. Before your departure from your home we will mail you a check, sufficient to pay for your meals and other travelling expenses while enroute to New York. Your railroad ticket will provide for a round trip from your home to New York and upon arrival in New York the army officer in charge of the New York office will collect the return trip stub and hold it until your return to New York from Europe.

Upon arrival in New York, you will be met by an army officer

and escorted to a first class hotel where reservations have been made. The duration of your stay in New York will be from 24 to 48 hours. At the proper time, you will be escorted to the steamship upon which passage has been engaged for Europe. All of the women making this trip will be provided with cabin class accommodations aboard steamers which means that from two to four will be quartered in the same stateroom. If you have any friend that you would like to be quartered with we will endeavor to arrange it if you will communicate with this office.

The ocean voyage will last about 8 days and when the ship docks at Cherbourg, France, each party will be met by officers especially detailed for the purpose and taken in a special train to Paris where first class hotel accommodations have been reserved. The first day in Paris will be a day of rest. On the 2d day, the women of each party will place a wreath on the tomb of the French unknown soldier. In the afternoon there will be a reception in which the French war mothers, government officials, and prominent civilians will participate. The following morning the groups going to the different cemeteries will leave Paris, travelling in motor busses, and proceed to the cemeteries where they will remain for about 7 days. Twenty-five women will be assigned to each bus and an army officer will have charge of the bus. The itineraries to and from the cemeteries and the daily itineraries while at the cemeteries have been varied so as to take in points of historical interest as well as some parts of the battlefields where American troops were engaged. Upon return to Paris, each party will remain for about 5 days and during this time an opportunity will be given to see the points of historical interest in Paris and vicinity. The entire duration of your stay in Europe will be 14 days, and the itineraries have been so arranged that each day will be provided for. Except in case of illness or other unavoidable cause it will not be possible for any woman making the pilgrimage to remain in Europe for a longer period than 14 days nor to leave the party with which she is travelling unless she is prepared to pay all of her expenses after leaving the party since the Act of Congress authorizing the pilgrimage specifically states that the government shall not pay the expenses of any woman who willfully leaves her party.

Upon return to the United States each ship will be met in New York City by army officers who will escort the mothers and widows to the trains which will take them home. Before leaving New York each woman will be provided with her return railroad ticket, a sleeping car ticket and funds to cover the cost of meals and other travelling expenses.

Army officers are being used as guides and escorts throughout this entire movement and care has been taken to select officers who will see that proper care is taken of the women who are entrusted to their charge. Arrangements have been made for taking care of women who may be taken sick during the pilgrimage and also to care for the remains of any who may die and provision has been made for returning the remains of any who may die to their homes. It is essential that each woman making the pilgrimage furnish The Quartermaster General with an emergency address of some relative or friend to be notified in the event of an emergency. Medical care will be provided by civilian agencies. If such care is needed in New York City it will be furnished by the hotel physicians or

by local hospitals. Aboard ship, medical care will be provided by the ship's doctors and in Paris arrangements have been made with the American Hospital for the hospitalization and treatment of any women who may need it. In addition to this, six doctors of the regular army will be on duty throughout the pilgrimage.

Baggage will be limited to not to exceed two pieces of hand baggage and the articles taken should be such as will be required for a trip of about one month. Laundry service can be obtained in New York and Paris. Since the climate of Europe is much colder than that of the United States, each woman should provide herself with sufficient warm clothing to stand the motor bus trip and the visit to the cemeteries.

Since it is necessary for this office to make all reservations for your accommodations throughout this pilgrimage, it will be greatly appreciated if you will make prompt reply to any communications received from this office.

For The Quartermaster General:

Very truly yours,

A. D. HUGHES,  
Captain, Q. M. Corps,

Dear Sir:

Your attention is invited to the enclosed copy of an Act of Congress approved March 2, 1929, entitled an Act "To enable the mothers and widows of the deceased soldiers, sailors and marines of the American forces now interred in the cemeteries of Europe to make a pilgrimage to these cemeteries".

The records of this office show that you are the father of the late Second Lieutenant Greayer, Clover, Headquarters Det. 2nd Aviation Instruction Center, whose remains are now interred in the St. Mihiel American Cemetery, Thiaucourt, Mourthe-et-Moselle, France.

Will you please advise this office whether or not he is survived by a mother or widow who is entitled under the provisions of the above quoted Act, to make the pilgrimage, and if so, will you please furnish the full names and addresses of the mother and widow in order that action may be taken to extend invitations to them to make the pilgrimage. Both mothers and widows are entitled to make the pilgrimage.

Your attention is particularly invited to Section 4 of the enclosed Act, which defines the terms "mother" and "widow". If the relative is a stepmother, mother through adoption, or any woman who stood in loco parentis to the decedent, a statement as to her relationship is requested. If he was survived by a widow who has since remarried it is also requested that a statement to that effect be made.

For your reply, you may use the enclosed envelope which requires no postage.

Is it not a fair assumption that my son, second lieutenant Greayer Clover, who was twenty years old when he was killed, had neither widow nor children, for which reason the names and addresses of those persons indicated by the blue arrows are not furnished? My signature as father appears on the page. I did not think it necessary to repeat it.

Dear Mr. Davis:

Thank you for your courtesy in writing to the American Express Company in respect to the shipment of the monument erected at my son's grave in France. I am in receipt of a letter from the traffic agent but he does not say what the expense will be, but invites a deposit of \$25 before making any arrangements, which is most thoughtful and prudent on his part. Meanwhile, I have written to France to my son's cousin, who is the general manager of the Vacuum Oil Company there, and I shall wait his reply before answering the American Express Company's letter. I am most grateful to you for your interest in the matter.

Very truly yours,

Dear Sir:-

Shipment of Monument from France

Mr. E.E. Davis, Executive Assistant, G.R.S. of the War Department at Washington has written us requesting that we communicate with you relative to obtaining return of monument erected at the grave of your son 2d Lieut. Greayer Clover, 2d IAC.

Although Mr. Davis has advised us the approximate measurement of the shipment, as well as weight, we do not know the exact position in France of the shipment at the present time. We accordingly will be unable to give you an estimate of the cost of preparing shipment for transportation, and the transportation charges applicable thereto.

As this is a shipment without commercial value, we will require a deposit of \$25.00 if it is desired that we arrange same. We would accordingly suggest your getting in touch with our Los Angeles office, making the deposit in question and giving them one of the signed copies of the specification which the American Graves Registration Dept. has doubtless furnished you in duplicate, this giving us authority to act in your behalf in obtaining return of shipment. You can at the same time give our Los Angeles office definite instructions regarding the insurance of the shipment.

We wish to remain,

Yours truly

Foreign Department,  
American Express Company,

Gentlemen:-

Mr. Sam T. Clover, Editor, Los Angeles Saturday Night, 220 O.T. Johnson Bldg., Los Angeles, Calif., is desirous of having shipped to his home, a monument erected at the grave of his son 2d Lieut. Greayer Clover, 2d IAC who was killed in France.

This monument is described as hard stone, approximate weight 273 lbs; dimensions, 1' 8" X 2' 6".

The Department has no appropriation from which to pay transportation of these private monuments and they are not permitted to be erected at graves in permanent cemeteries in France. Relatives who desire them brought to this country must, therefore, pay transportation and packing charges thereon.

Will you kindly write Mr. Clover, direct, quoting him the rate at which your company can make this shipment from Paris to Los Angeles, California.

Dear Sir:-

With further reference to our letter of October 3, 1922, in regard to the return, to you, of the monument erected at the grave of your son, 2d Lieut Greayer Clover, 2d A.I.C., you are advised, upon inquiry at the American Express Company here, it was learned that quotations for such shipments as yours should be secured from the New York office which would probably make better rates than any other office being in immediate touch with the overseas transportation conditions.

This office, therefore, is taking the liberty of asking the American Express Company, No. 65 Broadway, New York, N.Y., to advise you, direct, the estimated cost of shipment, crating and packing, of your son's monument.

Dear Mr. Davis:

Thank you for your courteous letter of October 3  
in respect to the transfers from the cemeteries overseas.  
While I regret that the wording of the statute inhibits the  
department from doing what seems so trifling in comparison  
to what has been given, I realize that you are unable to com-  
ply with my request and I will ask you to hold the headstone  
from my son's grave in storage until I can get a line on the  
cost of bringing it to California.

Sincerely yours,

Mr. Sam T. Clover,  
220-224 C.T. Johnson Bldg.,  
Los Angeles, California.

Dear Sir:-

Your letter of September 25, 1922, is received and noted. The remains of your son were removed from the cemetery at Issoudun because that was a temporary cemetery which was to be evacuated and the land released to the owners.

The Department endeavored to advise all interested, that it was the policy to transfer remains from cemeteries to be evacuated to permanent American cemeteries destined to be retained and maintained by this Government. Publicity was given this policy in the press and also by circulars sent to relatives a copy of which I enclose herewith, and invite your attention to the marked paragraph on page 3. You should have received one of these with "Shipping Inquiry" sent you May 26, 1920 which you executed and returned under date of June 3, 1920.

The body of your son will, therefore, rest with those of his comrades whose relatives have elected to have them remain in France, as you contemplated, except that it will be in Thiaucourt instead of Issoudun. If the policy of this Department was not made clear to you and there was any failure or oversight on our part to forward the circular, enclosed, it is regretted, as that was your due and we endeavored to send one to each relative interested.

It is not intended that any stone shall be placed at the graves in permanent cemeteries, except those of the design approved by the Secretary of War after consideration by the Federal Fine Arts Commission. Enclosed find specifications of this stone for your information.

There is no appropriation available for shipment of non-regulation stones, privately placed at graves, by the Federal Government. You are right in assuming it would cost less to ship the stone than it would to ship the remains but, inasmuch, as the law does not authorize shipment of the stones, the question of cost of transportation does not enter into the decision. We can only expend money for those purposes which are authorized by law. If the action, therefore, seems arbitrary, you will understand it is due to the wording of the statute and not to any position taken by the Department.

This office is unable to give you an estimate of the cost of return of the stone to California. If, however, you will consult one of the express companies you may, it is believed, obtain the same there. The American Express Company has an office in Paris and has handled several shipments of this nature although, doubtless, one of the other express companies could do as well. If you are unable to secure this information, we will endeavor to secure it from our Paris office, but that will require some time. Whatever may be your decision in the matter, this office will be very glad to render you all possible assistance.

Dear Sir:

Mrs. Clover and I are somewhat distressed to learn that the remains of our son, Second Lieutenant Greayer Clover, formerly buried in grave #68, American Cemetery #32, Issoudun (Indre), are now awaiting permanent burial in St. Mihiel, American Cemetery #1233, Thiaucourt, (M-et-M).

We had supposed that the body would be left undisturbed where he was buried by his comrades, or if it were necessary to make a transfer, at least, we would be notified. However, I recognize that it was necessary or it would not have been done, but why cannot the headstone be placed at the foot of the grave where it is now proposed to inter the body? Is that interdicted by the regulations? If so, why will not the government forward the headstone to the parents in this country? It would have forwarded the body at government expense and I cannot see why the much lesser cost cannot be similarly borne. It seems rather an arbitrary act of the war department when we gave so much and asked for so little. If the regulations will not permit this transfer of the stone at government expense, can your department give me an idea of what it would cost to bring the stone to California?

Very truly yours,

Major General Peyton C. March

Dear General March:

May I ask for a like consideration accorded Colonel Roosevelt in the pretest against removal of my son's body from where he lies interred in the soil of France. Lieutenant Greayer Clover was killed August 30 and lies buried at Issoudun, in the cemetery of the 3rd Aviation Instruction Camp, where he was trained. Mrs. Clover and I much prefer that the remains be not disturbed. He was buried by his associates who loved him and we are going across as soon as it is convenient to add a small stone to the one which his comrades have already erected. Can you assure me that our wish will be respected? With high regards,

Sincerely yours,
