Dear Madam:

The Quartermaster General desires to invite your attention to the inclosed card which gives the permanent cemetery location of the soldier's grave in which you are interested.

This American overseas military cemetery is to be maintained by the United States for all time. The graves will be permanently marked by white headstones inscribed with the name, rank, division, organization, date of soldier's death and State from which he came. Headstones will be placed at all graves, as soon as possible, and without necessity for special action or request on the part of relatives.

Please be assured that in effecting removal of the dead, the utmost reverential care was exercised by those who performed this sacred duty. For the future, these graves will be perpetually maintained by the Government in a manner befitting the last resting place of our heroes.

Very truly yours,

INSTRUCTIONS FOR THE PROPER COMPLETION OF G. R. S. FORM NO. 16-A

Enter information, as noted below, on reverse side of sheet in the *corresponding numbered space*. This form is supplemental to and is to be forwarded with G. R. S. Form 1-a, reporting reburial locations. To be used in answer to Question 26, Form 114, in case no means of identification on body.

1. Show soldier's name, serial number, rank and organization, and by whom disinterred and reburied.

2. Give date and accurate information as to location from which the body was disinterred and the group and unit which made disinterment.

3. Give date and accurate information as to location of reburial and the group and unit which made reburial, and how reburial was made—in casket, wooden box, etc.

4. State to what degree decomposition has progressed, whether recognition is possible, and how the body was originally buried—in a casket, box, burlap, etc. This statement should be as complete as possible.

5. (a) State whether identification tags were found buried with body and on grave marker by reporting "Yes" or "No".

(b) State whether or not body appears to have been a hospital case. Were any identifying articles found in or on body or grave? List any personal effects, letters, money-order receipts, and the like found on body or in grave. Give any and all information which it is thought might be of use in identifying the body, other than that tabulated under Item No 6.

6. Give all information as to body description and dental chart as nearly correctly as the condition of the body will allow. Items (e) and (f) under the body description are very important and should be very complete. The dental chart is also very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspids (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

MISSING TEETH	All teeth missing through previous extraction (not those fractured or displaced by recent wounds) should be scratched out, thus:	 <p style="text-align: center;">TOOTH MISSING TOOTH MISSING</p>
CROWNED TEETH	Block in solid the crown of tooth (label gold, porcelain, or gold and porcelain), thus:	 <p style="text-align: center;">GOLD CROWN PORCELAIN CROWN</p>

Re: Dan Cohen, (Deceased)

My dear Sir:

Sometime ago Mr. David Cohen, the uncle of the above-named deceased ex-service man, Dan Cohen, received a letter from your office, stating that the body of his nephew, Dan Cohen, had been located, and is being buried in the American Cemetery at Oise-Aisne.

In this letter you also stated that a gold signet ring was discovered and it was being forwarded to the General Accounting Office, Washington, D.C., for transmittal to the nearest-of-kin.

Mr. Cohen asked that we write to inform you that the mother, Mrs. Marim Kanziper, would probably be very glad to receive this ring, and gave her address as follows: Kovel, Gub. Wolinskoi, Ulica, Sadow, No. 2, Poland.

Mr. Cohen stated that Mrs. Kanziper would like very much to enter this country and he has written to her, advising her to go to the American Consul. If you prefer to keep the ring in Washington until her arrival to this country, it would be perfectly satisfactory to him, or you can send the ring to him and he will keep it until her arrival.

Yours very truly,

Dear Madam:

The Quartermaster General is pleased to inform you that the investigation in the case of your son, the late Private, first class, Dan Cohen, #2025010, Company D, 39th Infantry, has proved successful. The body has been recovered from an isolated marked grave, in the Commune of St. Thibaut, Aisne. The remains are now being held in the mortuary of the Oise-Aisne American Cemetery, pending disposition advice from this office.

As our records show no request for the return of the remains to the United States, the European Office has been instructed to bury the body in the Oise-Aisne American Cemetery, where many of your son's comrades now lie, and where the grave will be perpetually cared for by this Government.

Your son's identification tags and signet ring were found on the body. The tags will be buried with the remains, but the ring will be forwarded to you through the General Accounting Office, Claims Division, Washington, D.C.

The Department again extends to you its sincere sympathy and trusts that knowledge of the recovery of the remains of your son will afford you some measure of consolation in your bereavement.

INSTRUCTIONS FOR THE PROPER COMPLETION OF G. R. S. FORM NO. 16-A

Enter information, as noted below, on reverse side of sheet in the *corresponding numbered space*. This form is supplemental to and is to be forwarded with G. R. S. Form 1-a, reporting reburial locations. To be used in answer to Question 26, Form 114, in case no means of identification on body.

1. Show soldier's name, serial number, rank and organization, and by whom disinterred and reburied.
2. Give date and accurate information as to location from which the body was disinterred and the group and unit which made disinterment.
3. Give date and accurate information as to location of reburial and the group and unit which made reburial, and how reburial was made—in casket, wooden box, etc.
4. State to what degree decomposition has progressed, whether recognition is possible, and how the body was originally buried—in a casket, box, burlap, etc. This statement should be as complete as possible.
5. (a) State whether identification tags were found buried with body and on grave marker by reporting "Yes" or "No".
(b) State whether or not body appears to have been a hospital case. Were any identifying articles found in or on body or grave? List any personal effects, letters, money-order receipts, and the like found on body or in grave. Give any and all information which it is thought might be of use in identifying the body, other than that tabulated under Item No 6.
6. Give all information as to body description and dental chart as nearly correctly as the condition of the body will allow. Items (e) and (f) under the body description are very important and should be very complete. The dental chart is also very important and should be filled in with great care. There are 32 teeth to be accounted for, as shown by the numbers on the chart. Beginning at the middle line in both upper and lower jaws, the teeth are arranged symmetrically on either side and classed as incisors (cutting teeth), cuspids or canines (tearing teeth), bicuspids (chewing teeth), and molars (principal chewing teeth). An examination should be made and findings charted to cover the following basic conditions: Lost teeth, crowned teeth, bridge work, fillings, caries (cavities of decay), dentures (plates), and any deformity of jaws found.

MISSING TEETH	All teeth missing through previous extraction (not those fractured or displaced by recent wounds) should be scratched out, thus :	
CROWNED TEETH	Block in solid the crown of tooth (label gold, porcelain, or gold and porcelain), thus :	
BRIDGE WORK	Block in solid the crown of tooth (label gold bridge, gold and porcelain bridge) thus :	
FILLINGS	Draw filling on tooth accurately as possible (block in and label gold, silver, cement), thus :	
CARIES (CAVITIES)	Outline location and size of cavity, shade in thus :	
DENTURES (PLATES)	Draw diagram of relative size and shape of plate block in teeth attached and indicate retaining clasps on natural teeth with the word "clasp"	

7. Show name of person supervising the disinterment and the name and title of the person approving same.
8. Show name of person supervising the reburial and the name and title of the person approving same.

Dear Sir:

The Quartermaster General desires you to be informed that the investigations which are being conducted with a view towards locating the graves of the Unlocated World War Dead, are proving successful in many cases where sufficient identifying marks can be secured. To assist in the investigation work, it will be appreciated if you will secure, if possible, a chart from the dentist who may have performed dental work for the soldier named above, prior to enlistment. The chart should include crowns, fillings, bridges, and extractions, if any. Should you be unable to obtain a chart, kindly report which teeth you recall crowned or filled.

Any information, sketches or descriptions which you may have received from comrades or officers, regarding the death and burial of this soldier, or which you may now secure from the Local Legion Post, may be of valuable aid in locating his grave, and it will be appreciated if you will forward same to this office.

You may be assured that everything possible will be done by the Department to bring the case to a successful conclusion.

For your reply, you may use the inclosed envelope which requires no postage.
