Hon. Homer S. Cummings,
Hamilton Hotel,
Washington, D.C.

PRIVATE AND CONFIDENTIAL

Dear Mr. Cummings:-

May I, in connection with the consideration of my name for the Ambassadorship to Chile, assure you unequivocally that there does not now exist and that for many years past there has not existed any business or other interests of mine or of any member of my family that, even remotely, could conflict with my conscientious discharge of the duties of that high office; and that I would not consider assuming its duties if any personal conflicting interest or the slightest embarrassment of any kind possibly could arise.

The only interest financial or otherwise I ever have had in the Braden Copper Company was one \$500. bond which I received as a gift. This I disposed of in 1916. Neither my wife nor any of my children have ever had any such interest whatsoever.

My father practically retired from business in 1918. He has had no financial or other interest in the Braden Copper Company since approximately 1911, nor has any member of our family, directly or indirectly, except as above stated.

I think it was in 1926 or 1927 that my father bought from some Chilean friends, as an accommodation to them, a few hundred shares of Andes Copper Mining Company stock, but he sold these shares in 1930. These shares represent the very last holdings of any member of our family in any copper or other business concern operating in Chile or in any other South American country.

My financial interest in Andes Copper Mining Company and Santiago Mining Company, amounting to a total of not more than \$50,000., was largely disposed of in 1918 and completely disposed of in 1924, at the same time my father similarly sold his interests in these companies.

Since 1919 I have had no connection whatsoever with the copper business anywhere in the world.

The name Braden, in relation to the copper industry, is a matter of historical interest only, as none of us neither now nor for many years past have had any connection with it either here or abroad.

With cordial regards,

Faithfully yours,

Smith Braden

THE SECRETARY OF COMMERCE
WASHINGTON

April 5, 1933

Honorable Franklin D. Roosevelt,
The White House,
Washington, D.C.

Dear Mr. President:

Referring to the recommendation of the Secretary of State of Honorable James M. Baker, former Secretary of the U. S. Senate, for Minister to Egypt, I wish to advise that I have known Mr. Baker for some forty years and can state that he has always been a consistent Democrat. He rendered the Roosevelt forces very valuable assistance before and after the Convention of 1932. He made, in my opinion, one of the best Secretaries the U. S. Senate has had in my time.

Mr. Baker is courteous, cautious, considerate and painstaking in his consideration of matters and people. He is happy in his relationship to people and possesses a diplomatic attitude, training and experience. He would, in my opinion, make an excellent Minister to Egypt and I sincerely hope that the recommendation of the Secretary of State in this connection may receive your approval.

Very sincerely,

DANIEL C. ROPER
Secretary of Commerce.
