(4) CAVOUR had run engine trials prior to Armistice. A.A. guns were not yet installed owing to shortage. Captain scuttled ship pursuant to orders by opening sea-cocks but ship sank only one foot, the distance between hull and bottom. Electric units damaged and ship has list. If Germany can supply materials ship can be ready for commissioning in 3 months.

(DON DELIVERED BY THE...)
**Nazi-Held Italian Cruiser
Blasted by U. S. Bombers**

By the Associated Press.

ALLIED HEADQUARTERS, Algiers, Nov. 3.—A German-held cruiser of the Regolo class—the Ottaviano Augusto—was put out of commission when American Mitchell bombers hit her in Ancona Harbor Monday, it was announced officially today.

Ancona is on the Adriatic Sea, slightly more than halfway up the Italian coast.

Reconnaissance photographs today showed the cruiser had suffered direct hits and now lies on her starboard side in the harbor with a large patch of oil covering the water nearby.

Mitchell crewmen at first had believed the 444-foot warship was a merchant vessel. They attacked in daylight.

The Ottaviano Augusto, the last Italian cruiser remaining in German hands, carried eight 5.3-inch guns, as well as many antiaircraft guns, and eight 21-inch torpedo tubes. Its displacement was 3,362 tons.
