INTRODUCTION

This booklet includes two complete detailed listings of all contracts and letters of intent awarded by the Navy Department during the month of March as reported daily to the Bureau of Supplies and Accounts on S&A Form AB-1 (Revised) by the various Bureaus.

The first detailed listing shows all contracts and letters of intent by states alphabetically arranged by names of contractors and includes a description of the items involved; the second listing shows all contracts and letters of intent alphabetically under the appropriation chargeable. In addition, summary breakdowns are shown by methods of contracting, by stock classification numbers, by states and by appropriations. March contracts which are reported after the close of the month will appear in the April booklet.

Letters of Intent issued prior to March during fiscal 1942 which are superseded by contracts reported in March are shown as credit items in order to give a net amount for the month.

The contracts let by the various Bureaus are indicated on the listings as follows:

- 1 - NOd - Judge Advocate General
- 2 - NOrd - Bureau of Ordnance
- 3 - NOs - Bureau of Supplies and Accounts
- 4 - NOy - Bureau of Yards & Docks
- 5 - NOm - Marine Corps
- 6 - NObs - Bureau of Ships
- 7 - NOa - Bureau of Aeronautics

The method of contracting is indicated as follows:
