Other remarks: Information has been received from a French source, as yet unconfirmed through independent sources and now being checked that Dr. Schacht has been delegated the task of examining post-war problems. This information comes through Zurich banking circles. It appears that a considerable office has been in store for this purpose, and that Schacht is to study the economic, political & financial basis with more than one of its enemies. His study is also to be based on the alternative hypotheses of a compromise peace or a German victory. (11/30/42 - #24674 CID). Sec.
