Washington, DC. From Supreme Headquarters Allied Expeditionary
Forces Rear from Strong from Magnus signed SCAEF cite SHGBI.

Message from CIOS Secretariat repeat.

1. US Secretariat CIOS has completed its first
three weeks and submits the following progress report.

A. T/O allotments of 5 officers and 7 enlisted
personnel have thus far been filled by three officers and
two men. Officer personnel are Major Edgar P Dean, Captain
Henry J Hawkinson and Captain Richard C Lennox.

B. All US members of CIOS were contacted the
first few days. We are cognizant of their problems and
shall give a full assistance within the limitations that CIOS
is a combined committee. US members feel that their day to
day interests and problems are now being provided for.

C. Greatest preoccupation of US Secretariat
has been to create workable machinery for decisions of CIOS.
In the past there was no full-time US executive and only
a small British executive. With the full cooperation of the
British Secretariat, the method of organizing field teams for
target investigation has been revised.

D. Secretariat has asked for and received from CIOS authority to centralize all reports of field team investigations, to have the reports duplicated and to submit recommendations for wider distribution. First reports representing standard format sent to His Majesty's Stationery Office for reproduction 18 December.

E. Our several weeks tour of duty at SHAEF Main prior to arrival here has been of inestimable value; the Secretariat as a result now has the background for day to day problems between SHAEF and CIOS.

2. For information, several items of importance have transpired.

A. The United States Strategic Bombing Survey and the British Bomber Research Mission, acting at the suggestion of SHAEF, submitted their projects to CIOS for approval and coordination. Formal approval was granted. Coordination was worked out as follows: Targets of either or both bomber groups that coincide with CIOS black list targets will be coordinated with CIOS; bomber personnel will be on all such CIOS field teams. Each or both bomber groups will proceed independently of CIOS on those targets of no CIOS interest.

B. Mister Powell temporarily representing TIIC arrived and US Secretariat has had several talks with him.

Photography for mapping and intelligence of China coast is subject. In order to consolidate requests for photo coverage, establish priority lists, and develop schedules request following information your minimum requirements:

- A. For what areas China coast do you wish photo coverage?
- B. What type coverage for each specific area?
- C. What is order of priority for areas and what are limiting dates by which coverage must be received?

Recent information from Commanding General, United States Army Forces China Theater indicates logistic and weather considerations will severely limit amount China coast photo coverage available within reasonable limit.

For Sultan information Stratemeyer Hearn Chennault from
WDGBI signed Marshall.

Priorities within the JCS mapping plan can be adjusted to permit completing the coverage required by Navy. Cover requested indicated your CRAX 17148 dated 18 October apparently covers coast lines of selected areas but only spot cover of airfields inland. Most of this is already flown. Request information on specific areas and dates of cover required which are shown by the overlays sent Chennault, also expected delays in completion of JCS mapping program. For your information duplicate negatives have already been sent to CINCPAC by air courier through Navy channels of all 24 inch photography received from Second Photo Procurement Detachment (627) on transmittal letters D-1 through D-49. 24 inch duplicate negatives for letters D-50 through D-62 are now being reproduced for such shipment. This procedure is continuing

on all material to be received. Duplicate negatives six inch film can also be furnished from here through channels to CINCPAC if required. Believe that Navy photo print needs on these negatives already dispatched may not be required to be sent to Chungking. Reference your CRAX 17277 dated 19 October suggest Miles be informed of dates of existing cover and that Navy request be reconsidered in view of above facts. Navy Department has concurred and will request CINCPAC to review his needs and forward minimum requirements directly to your Headquarters.

Joint Chiefs of Staff

12 October 1944

US Military Mission
Moscow, Russia

Number: WAR 45540

TOPSEC to Deane Moscow from the Joint Chiefs of Staff

The following extracts of a memorandum for the Director, OSS from the Joint Chiefs of Staff are quoted for your information:

"1. The Joint Chiefs of Staff have considered the measures which should be taken to insure coordination of the secret intelligence activities of the Office of Strategic Services with those of the Russians.

"2. While the current problem relates particularly to the Balkans, the Joint Chiefs of Staff anticipate that similar situations may arise elsewhere in theaters of operation, and therefore desire that OSS establish an over-all policy to govern OSS secret intelligence activities in areas under Russian control.

"3. The channels already successfully established between the Director of Strategic Services and the Director of Russian Secret Intelligence, General Fitin, are authorized in order to reach an understanding with the Soviet authorities concerning this matter.

"4. It is essential, however, that all such negotiations be fully coordinated with the head of the U.S. Military Mission in Moscow and those United States theater commanders as may be concerned, as well as with the War and Navy Departments. Any agreements with the Russians will be subject to confirmation by the Joint Chiefs of Staff. Operational matters, as opposed to broad policy arrangements, will be handled directly between theater commanders concerned and General Deane."

10 October 1944

U.S. Military Mission

Number: WAR 45046

[REDACTED] to Deane from Joint Intelligence Committee

This is reply to your M 21041. Lists of secret and confidential items forwarded to you on July 4 per WAR 59997 of that date consisted of information releasable to Soviets under policy of Joint Chiefs of Staff transmitted for your information in WAR 47831 of June 8. As stated in WAR 59997 the lists included items previously released to Soviets as well as items newly authorized for release. Intention of Joint Intelligence Committee was to give you opportunity at your discretion to benefit by gesture of turning over these lists in Moscow. The above and what follows is also true of supplemental United States lists sent you on August 25 and of such further supplemental lists as may be prepared.

Release of technical information without regard to handing over of complete lists was necessitated by United States commitment in 4th protocol, previous Lend-Lease transactions, operation of United States Forces from Soviet bases, and combat losses believed recovered by Soviets. Accordingly when initial United States lists were sent you Joint Chiefs of Staff also authorized promulgation of the lists to United States Services for their guidance. A review by Joint Intelligence Committee indicates that very substantial disclosure of items on the lists has already been made by the Services as result of these commitments. Information as to other items and technical principles is believed in Soviet hands as result of disclosure of parallel items by the British. The bulk of items on United States lists may be considered known to Soviets therefore and transmittal of lists by you to Soviets would not amount to large wholesale dis-

As you know, the British are committed by their bilateral agreement with Soviets of 1942 to continue disclosure of technical information. Representatives of British Chiefs have informed United States Chiefs of October 4th that in view of your query to Washington regarding disclosure that have instructed General Burrows to refrain from disclosures for a fortnight so his actions will be in step with yours. However British state that in light of their agreement with Soviets they feel bound eventually to continue disclosures.

In view of above we believe you may desire to turn over to Soviets at least a list of those items believed still undisclosed. Such a list is coming by courier. Whatever course you select however you should assume that disclosure of listed items by services will continue when and as Soviets in Washington request them and so long as such disclosure is consistent with Joint Chiefs of Staff policy. With regard to provision in this policy, cited by you, that technical information should be disclosed only when it can be put to use within time limits believed existing, this provision is being emphasized in assembly of all supplementary lists. Further increases in allotment to OSS for ETO is subject.
The total increase of 1645 officers and men is not favorably
considered in view of your reluctance to indicate compensating
troop basis reductions. 556 already allotted to OSS here
based on your requirements will not be at expense of ETO units
or allotments.

INDICATED LATER IN THIS DESPATCH. SOVIETS DISLIKE TO ARRANGE VISITS FOR US OR GIVE INFO. THEY HAVE NOTHING COMPARABLE TO OUR STANDARDS AND ARE SENSITIVE ~~UNTO~~ UNFAVORABLE COMPARISON. THEY ARE VERY SECURITY CONSCIOUS AND ANXIOUS TO

COVER UP SHORTCOMINGS WHILE CATCHING UP. THE GOVERNMENT ATTITUDE IS AGAINST ASSOCIATION WITH AND TRAVEL OF FOREIGNERS.

INTERCOMMISSARIAT JEALOUSY MAKES GREAT DIFFICULTY IN ARRANGING VISITS OUTSIDE OWN FIELD. EVERY VISIT IS AN

EXPENSIVE TEDIOUS PROCESS OF PLANNING PREPARATION AND INDOCTRINATION OF ALL PERSONNEL BEFORE CONTACT WITH US IN

ORDER TO CONTROL INFO AND PUT UP GOOD FRONT. IN EFFORT TO OBTAIN MANUFACTURING PROCESSES ~~FIELD~~ HAVE BEEN INFORMED THAT

THIS FIELD IS OUTSIDE JURISDICTION OF NAVY DEPARTMENT AND ALTHOUGH MAVAVCH OF STAFF OFFERED ASSISTANCE TO PROCESS

REQUESTS THROUGH OTHER COMMISSARIAT IT APPEARS TO BE ONLY LIP SERVICE. AT INSTIGATION OF THIS OFFICE THE STATE

DEPARTMENT HAS INITIATED A STUDY OF AIRCRAFT INDUSTRY AS PART OF ITS ECONOMIC RESEARCH PROGRAM. A LETTER IS UNDER

PREPARATION ON THIS SUBJECT. IN ADDITION TO THE ABOVE THE EXPERIENCE OF THE MINE MISSION IS INDICATIVE OF THE SMALL

BENEFIT TO BE DRIVED. PERSONALLY THE RUSSIAN IS AFFABLE FRIENDLY AND LIKEABLE. OFFICIALLY HE IS COMPLETELY SELFISH

AND REALISTIC. HE WILL TAKE ALL GRATIS FAVORS BUT IN BARGAINING THE PAST IS PAST AND HE ONLY GIVES AS HE GETS

SUITABLE IMMEDIATE RETURN. HE FULLY REALIZES THE EXCHANGE IS ALL IN HIS FAVOR NOW AND IS TAKING FULL ADVANTAGE OF IT.

AND ATTITUDE

WITH CONDITIONS/AS THEY ARE HERE I DO NOT BELIEVE IN FREQUENT NEEDLING TO GET VISITS AND INFO OF DOUBTFUL VALUE. IT

DOES NOT HELP OUR RELATIONS. I ~~WILL~~ RECOMMEND AGAINST SENDING A TECHNICAL AVIATION ORDNANCE OFFICER HERE BECAUSE I ~~WILL~~ THINK

THAT HIS TIME AND QUALIFICATIONS WILL BE WASTED. IF THIS RECOMMENDATION IS OVERRULED THE OFFICER COMING SHOULD BE A

No. F 31318

27 September 1944

From AFHQ from Rooks signed Devers to AGWAR for Marshall to Donovan OSS Washington F 31318

Subject is concurrence of Russian High Command for continuance of current activities of OSS is teams now operating in Balkans and Central European area and concurrence for entry of additional teams for similar activities. OSS has SI teams operating in Czechoslovakia, Yugoslavia, Rumania, Bulgaria, Albania, and Greece. Plans approved by this headquarters call for additional teams in these areas and new teams now organized for Austria and Hungary.

In Bucharest, satisfactory coordination was secured locally with Russian Command. In Sofia OSS SI team was ordered to withdraw by local Russian Command, although efforts were made to secure local coordination OSS team by cable reported it was withdrawing voluntarily to avoid arrest and consequent likelihood of incident. AFHQ order to withdraw was forwarded to OSS team by OSS this headquarters.

Today by cable from Cairo OSS, it was reported OSS and British teams reached Plovdiv traveling as POWs and would start for Turkish frontier 1700 September 27th. OSS this headquarters now attempting verify actual status. Meanwhile through United States political advisors this headquarters, OSS has requested American officials in Istanbul to meet team at frontier, since same problem will arise in future throughout

whole area, it is recommended:

1. That these facts be made known to Russian High Command.
2. That overall authority be secured from Russian High Command, directing local Russian commanders to accord OSS SI teams adequate local authority, including independence in operating communications and air and motor transportation when requested.
3. That this authority include concurrence on entry of additional teams under same circumstances as authorized by this headquarters.

Since problem is urgent, request immediate action. For your information MAAF headquarters here proposes to continue air rescue units, bomb damage evaluation units, and other Air Force inquiries, all of which may be affected unless Russian concurrence on OSS SI activities can be secured on broad scope.

With your approval OSS is prepared to send senior Strategic Services officer with 2 Intelligence assistants to Moscow to consult and advise with General Deane and secure his aid in presenting problem directly to Russian High Command, since we consider Deane is official channel for such presentation.

from Desne. [REDACTED] M 21041

This refers to list of technical information approved
by JCS for release to Soviets by WAR 59997 of 4th July 1944.

In view of present stage of war with Germany and
present general attitude of Soviets towards her allies Radm
Olsen and I recommend that no more of the referenced infor-
mation that has previously been given be made available to
the Soviets.

We do not believe that the equipment described
could be obtained, installed, and put into practical use by
the Soviets before the collapse of Germany. Furthermore
since the recent successes on both fronts there has been
a general stiffening of Soviet attitude toward US and
the British. We are unable to get expeditious action or
even ultimate approval on our proposals and requests.

Information on Soviet subjects similar to the
referenced information is generally refused or request is
unanswered.

Possibly some of the material could be used by
the Soviets in the Far East but much of it could not be
used. In any event we still have no positive assurance

No: FWD 13862 17th September 1944

FWD 13862 [REDACTED] to AGWAR for Joint Chiefs of
Staff signed Eisenhower.

Based on your W 24345 of 17 April, Headquarters OSS
London submitted requests to SHAEF for increasing OSS allo-
ment by 912 officers and 2411 enlisted men. Upon receipt
of your W 54014 of 21 June a restudy of OSS requirements
was initiated and present indications are that an additional
438 officers 5 warrant officers and 1202 enlisted men are
desirable. This increase is not however desired at the expense of
ETO units or allotments as mentioned in your W 54014.

Breakdown of increase for 438 officers, 5 warrant
officers and 1202 enlisted men is 217 and 334 for Special
Intelligence (SI): 25 and 45 for Counter Espionage (X-2):
140, 2 and 213 for Special Operations (SO): 21 and 20 for
Morale Operations (MO): 8 and 321 for Communications, 17,
3, and 251 for Services, and 10 and 18 for Chief of Mission.

There are 198 officers and 552 enlisted men avail-
able in theater who are of type desired by OSS.

Above increase does not take into consideration pro-
posed suballotment of 556 officers and enlisted men referred
to in your W 66384 of 17 July and our FWD 12692 of 8 August.
We understand that this increase will be provided by JCS to
Headquarters OSS Washington for suballotment to OSS in ETO
and not at expense of ETO troop basis or allotment.

With regard your W-25951 dated 6th September, subject
OSS your W-54014 dated 21st June stated, if we consider in-
crease in suballotment TO necessary, such increase may have to
be at the expense of other ETO units or allotments.

In view of your W-54014 there was some question here
as to whether or not the additional 556 personnel offered in
your W-66384 dated 17th July were to be provided at expense
of ETO troop bases. In recommending this increase of 556 for
OSS in ETO in our FWD-12692 dated 8th August we desired to
indicate conditions under which we approved the increase.

Believe that you did not receive our FWD-13862 dated
5th September at the time you dispatched your W-25951 dated
6th September.

Summary of our position on OSS increase is as follows:

A. No increase desired at expense of ETO units or
allotments.

1. Exchange of information concerning
German developments in weapons and methods of war available
in Anglo-American and Soviet spheres of operation in Germany
prior to tri-partite control of Germany is vitally necessary
for development of defense and countermeasures and improve-
ment of weapons for use in the further prosecution of the
war.

2. Prompt action by Soviets to forestall
destruction by Germans of such intelligence objectives as
experimental stations and research centers in Germany is
essential. Also essential that United States and British
officers be allowed to inspect personally such installations
if all available information is to be obtained.

3. You should therefore make immediate representation to Soviet General Staff on following lines:

a Explain value of exchange of information on German developments and the necessity for exchange of officers to inspect personally objectives containing such information.

b Say that lists of the objectives in Soviet sphere of operations in Germany in which we are interested can be furnished.

c Ask that U.S. and British officers may be permitted to visit these objectives and examine them thoroughly.

d Say that every facility will be given for Soviet officers to inspect similar objectives in U.S. or British operational spheres in Germany in which Soviet General Staff are interested.

e Also make it clear that this arrangement applies only to the period prior to tri-partite control of Germany.

4. In view of the great importance of this matter to the United States and Great Britain on military grounds you should take this matter up urgently on highest level.

5. For your information only, we are suggesting that the European Advisory Commission negotiate extension of this agreement into the period of tri-partite control of Germany.

Signed Wilson cite FHQCT. This is MEDCOS 141.

1. An offer has recently been made to Hq Balkan Air Force which is the Hq responsible for special operations in Hungary by a Mr A. Lany member of the Jewish Agency at present on a visit to Italy.
2. Mr Lany has stated he is prepared to place at disposal of SOE operating under Hq BAF more than 300 Palestinian Jews for purpose of infiltration to Hungary. Some of these men were trained by SOE as saboteurs prior to the battle of Alamein in case Palestine was invaded by the Germans. He further states that Jewish agency has contacts in various parts of Hungary.
3. There is no doubt that if successful contacts can be made inside Hungary it will be of great value to us. At the moment intelligence about Hungary is almost entirely lacking and no activities are being carried out against the enemy.
4. It is fully realized that there may be strong political and religious objections to our using the Jewish agency for our own purposes. It is however felt that there should be no objection if we recruited up to 10 volunteers from among those Jews already in the British Armed Forces who have in the past been trained by SOE and use them for infiltration to Hungary. These Jews should preferably be Hungarian speakers or of Hungarian extract.

Number: WAR 59997

To Deane Moscow from the Joint Chiefs of Staff

1. The Joint Chiefs of Staff have directed the Joint Intelligence Committee to forward immediately to you lists of U.S. items of confidential, secret and top secret equipment on which technical information will be released to the Soviets in accordance with policy of the Joint Chiefs of Staff regarding disclosure of technical information to the U. S. S. R. (dispatched to you as WAR 47831 dated 8 June 1944).
2. Such lists are being transmitted to you by courier and include a number of items previously released to the U.S.S.R. as well as items newly authorized for release. Supplemental items will be added to the lists from time to time. No unclassified or "Restricted" items have been included, inasmuch as a large number of such items have been, and continue to be, transmitted to Soviet Representatives by the Cognizant Services.
3. The Joint Chiefs of Staff have informed the representatives of the British Chiefs of Staff in Washington of the above action. Copies of the U.S. list of items will be furnished to the British Chiefs of Staff.
4. The forth coming lists of items may be delivered by you at your discretion to appropriate Soviet military authorities. In explanation, their attention should be called to the preparation of these lists by the U.S. Services in connection with the 4th Protocol. It is re-

1. Need for Intelligence Priorities Committee indicated by multiplicity of demands for intelligence in SHAEF area coming from US Departments, British Ministries and Cognate Bodies, this intelligence being of a character which SCAP normally would not seek. As indicated in paragraph 1 SCAP 50 this intelligence lies between normal technical intelligence obtained by established means during operations and intelligence of a clearly non-military nature. It thus includes political and economic items so long as they are of military importance.

2. Operation of committee envisaged as follows:

Governmental agencies will propose intelligence targets which committee will classify as to priority and sift for duplicate demands, thereafter working out necessary target objective folders. Targets will then be classified regionally so that intelligence assault plans can be worked out for individual localities. Development of these data will be accomplished by IS(O), War Office in

conjunction with US representation, probably from ALSOS. Information evolved will be transmitted to SCAEF, which so far as its means permit, and in accordance with the priorities already set, will seize targets designated, relying on experts nominated by committee for analysis and reports. Committee targets and representation thus will be integrated into the missions of Intelligence Assault Forces. The committee should then disseminate intelligence obtained, pertaining to its own targets.

3. Recommendation that committee be established by Combined Chiefs of Staff made after careful study. There are factors favoring placing it under SHAEF, notably fact that SHAEF on last analysis must decide any conflicts between execution of intelligence missions and of other operational missions, and in the field of intelligence, between normal missions and those evolved by Intelligence Priorities Committee. In consequence phrase "Under the general direction of SHAEF" was inserted in 1st sentence, paragraph, 5 SCAF 50. On the other hand, the facts that the Committee would require considerable manpower and office space, would deal on a departmental level, would be located permanently in London and would be involved in many problems concerning the distribution of the information it received were considered to be of determining importance.

Nr: S 53720 12 June 1944

From SHAFF, S 53720, to AGWAR for Combined Chiefs
of Staff signed Eisenhower cite SHGBI this is SCAF 50.

Need has arisen for an Anglo American inter-service organization to deal with Anglo American requirements for technical intelligence which will become available on re-entry into Europe. These requirements for technical intelligence will include such material, personnel and information of military importance, either of great value to the Allies for operational purposes, or constituting a dangerous potential threat in the future as justify urgent action on the part of the Allies in seizing them, both before and immediately after an armistice, and therefore requiring action by SHAEF.

The functions of the organization would be:

(1) To receive and coordinate all requests for such intelligence from the various British and United States departments and agencies concerned.

(2) To submit the requests to SHAEF in the form of target dossiers, assign priorities and provide any specialist personnel required for investigation on the spot.

(3) To notify all British and United States departments and agencies concerned of the disposal of the material etc, obtained and also disseminating information gained. (Handling and disposal of the captured material, personnel and papers would, however, follow normal procedure).

It is recommended, therefore, that the Combined Chiefs of Staff establish "Combined Intelligence Priorities Committee" under a British or American chairman and composed of 1 or more representatives, of each nationality, of Navy, Army Air Force and economic warfare, (including American side representative of OSRD). Representatives of the Foreign Office and the State Department would be occasional members to attend when required.

A combined working body, subordinate to the committee, would also be required for detailed work in preparation of target dossiers and notification of disposal of material as obtained.

The proposed Combined Intelligence Priorities Committee would be an ad hoc committee under the auspices on the British side of the British JIC, for coordination of the requirements of British government departments and on the American side of JIC Washington, under the general direction of SHARP. SHARP would provide a chairman for the committee until other arrangements could be made.

Mr: 568 18 May, 1944

To Bissell WDGBI for Svensson from Pettigrew and
Deane

As result recent conversation with representative Red Army General Staff designed expedite my conference General Deane believes that until Ambassador Harriman returns here about June 1 and puts pressure through foreign office, Soviet General Staff will not be given instructions to proceed. Inasmuch as Molotov is on record as having agreed in principle to interchange this may well produce results. I have prepared detailed disposition lists all pertinent areas to facilitate comparison and should be able get answers to our major doubts within week or two from time talks commence. Consequently feel I should remain here until June 10th to 15th but if by that time no prospects should leave either for Washington or Chungking though in connection latter place should bear in mind that the Soviet Attache may be likewise unable to get anything out of Moscow without the same clearance. Also that if Stables still China he is thoroughly competent to handle for us. However, must admit possibility continuation in-passe and in view time element think we should be making preparations exploit Chungking proposition if developments next 3 weeks indicate necessary. Suggest you inform Chungking that while they are to make no overtures until notified they should prepare possibly with Stables collaboration disposition map major units according our present knowledge

(G) 3rd Independent Garrison Tsitsihar. Suggest you further inform Chungking that I am mailing them copy my expurgated detailed disposition lists covering all smaller units. Chungking should also be advised as to our major questions concerning Manchuria

A. Organisation, location and chain command puppet troops.

B. Does 20th Army still exist since not listed late 42 rpt 1st June 42 list and necessity appears doubtful?

C. Where are tank regiments 3, 6, 10, 11, 18, and 24; which belong to tank groups?

D. At which Wuchiatsu is 9th Border Garrison; where are border garrisons 11 and 13; locations given previously for 6th and 10th even doubt.

E. Third independent garrison formerly Tsitsihar identified 1st Amphibious Brigade Kwajalein; and evidence any other Manchurian units similarly converted since others amphibious brigades known exist.

F. Both Aershan and Hunbhan garrisons may be directly controlled by Kwantung army. Think from AFIS 486 we can fairly deduce that Manshu 406 is 28th Engineer; 488 is 29th and Oim 7227 is 57th which makes Oim highly suspect 57th Division and confirms location Aigun.

Agree to suggestion that important info should be exchanged between ourselves and Russians. Suggest you check with Burrows as to flow of info between Air Ministry and 30 mission we will send you PR info of sorties covering Bulgaria, Rumania, Hungary and Poland relating to airfields, transportation facilities, both railroad and ships, and damage assessment. Also photos of important military defenses, harbors, targets etcetera in those countries. We want info on AC component serial numbers, data concerning new types of GAF equipment, PW interrogation info for order of battle and especially anything relating to aircraft production, location of plants etcetera.

Yesterday May 2nd Gen Sharapov, Col Borisenko and Col Roundel were accompanied by Griffith to Hq 8th Air Force Fighter Command where they were personally briefed by Gen Kepner and his staff officers on all phases fighter escort. Russians were given complete info. Nothing was held back from them. After complete briefing on all operational activities at Hq the party went to Fighter Command Wing Hq then on to group Hq at an operational station so they would get complete picture right down to most minute detail. Tomorrow Gen Sharapov and his staff will attend conference at this Hq to confer on phases of air to ground communications. On 13th April and 14th April we took Gen Sharapov and members of his technical staff on complete tour of 2 of our largest repair and maintenance depots subsequently turned over to him complete files of technical publications on aircraft we intend to use. His staff will study and translate. Above info is relayed to you so you may advise Soviet authorities we are making every effort to cooperate in every way possible with their military mission in London with sole aim of achieving success of this mission.

IN DISCUSSIONS WITH LOCAL AGENT AND OTHERS DURING PAST YEAR THE IMPORTANCE TO TURKEY OF EARLY VICTORY IN PACIFIC HAS BEEN POINTED OUT TO THEM. TURKEY'S FAVORABLE POSITION FOR OBTAINING INFORMATION FROM JAPAN ALSO DISCUSSED. WITH DIFFICULTIES OF ESTABLISHING INFORMATION SERVICE THERE AT THIS TIME FULLY IN MIND THEY INFORMED ME 5 APRIL DECISION MADE UNDERTAKE IT FOR US. SINCE THEN PLAN FURTHER DEVELOPED TO SEND SAME NAVAL ATTACHE WHO LEFT THERE 16 MONTHS AGO. HE ATTENDED JAP NAVAL WAR COLLEGE DURING A PREVIOUS TOUR DUTY. HE SPEAKS JAPANESE IS VERY PRO JAPANESE

CG Allied Central Mediterranean Force No 1693

18 March 1944

To Joint Chiefs of Staff Washington DC for Gridley from Hyde.

OSS organization for Italian operations not well set up. OSS activities in and into Italy are under 3 separate commands namely:

Allied Army Italy

OSS with AAI under Col Reutershan at Caserta, Italian SI activities at Brindisi under Mr Scamporino under SI Algiers, and Italian OGS in Corsica under Lt Col Livermore.

Services of aircraft, surface craft, and submarines for all 3 OSS Commands necessarily must be coordinated with all other special operations in Italy by special operations (G-3) AAI at Headquarters Caserta.

Reutershan here has control of only the KAI group and in special OPS conferences at Hq cannot make definite commitments for either group such as OGS Corsica. This places Reutershan representing OSS at Caserta in bad position.

Brigadier Mainwaring PUS in charge of special operations AAI, informed me it is urgent that he be able to deal with 1 officer representing and controlling all OSS activities in and into Italian Theatre.

operations AFHQ located here, completely concurs in above.

Lack of OSS unity is hindering and complicating all special operations. Reutershan here at Caserta is logical man to exercise operational control of all OSS activities in and into Italy. OSS relations with headquarters AAI are very close. I consider that it is urgently necessary that OSS operational command in Italy at earliest practicable moment.

For Deane from Marshall

Combined Chiefs of Staff are considering British proposal for tripartite agreement between US, UK and Soviet for release of technical information to the Soviet. British have raised this question on both political and military levels. In reply to a state department query the Secretary of State has been advised by letter from Joint Chiefs of Staff that from Military viewpoint a tripartite or a bilateral agreement with Soviet is undesirable and unnecessary. The Combined Chiefs of Staff now have under consideration a procedure presented by US Joint Chiefs of Staff for the coordinated release of such information. This procedure would not relieve UK from their existing bilateral agreement with Soviet but should encourage Soviet to reciprocate by furnishing similar technical information.

This is for your information only.

For Milattache London info AGWAR from Deane.

Soviet authorities advise that they have neither computations nor comparable information that would indicate ammunition day of supply of weapons of Red Army as a whole or of smaller units. Re LDN 56. They did state however that subject was being studied with view to furnishing us these data. Since this information was requested previously and no answer obtained, I doubt that it will be made available.

No. 82 Sept 21 1942

After his speech Harriman answered questions of those present concerning his trip to Moscow. Answering one of the questions Harriman explained that the Soviet Union displays no desire to permit foreign observers to visit the fronts, because this is likely to lead to the filtering out of such information which could be of help to the enemy. "The Russians," he said, "Do not release any information if there is no definite purpose of its release". The American order of state safety, he indicated, is less efficient than the Russian. The Americans display less caution in regard to information. "I deeply sympathize with the Russians", he said, "When they refuse to allow our observers to visit the fronts and obtain information which could be of great service to the enemy. It seems to me we ought to understand this and not ask them for information which could help Hitler".

MOSCOW PAPER QUOTE HARRIMAN SPEAKING NEW YORK 10TH.

"THE RUSSIANS, SAID HE, DO NOT GIVE OUT ANY INFORMATION IF THERE IS NOT A PURPOSE FOR GIVING IT AWAY. AMERICA IS NOT AS WELL ORGANIZED FOR GUARDING STATE SECRETS AS IS RUSSIA. THE AMERICANS ARE LESS CAREFUL WITH IMPORTANT INFORMATION. I FULLY SYMPATHIZE WITH THE RUSSIANS WHEN THEY REFUSE TO ALLOW OUR OBSERVERS TO VISIT THE FRONT AND GET INFORMATION WHICH COULD BE USEFUL TO THE ENEMY. I THINK WE SHOULD UNDERSTAND IT AND NOT ASK FOR INFORMATION WHICH WOULD HELP HITLER." HARRIMAN IS CONSIDERED HERE AS A PERSONAL SPOKESMAN FOR PRESIDENT. OBVIOUSLY SUCH STATEMENTS SERIOUSLY HAMPER MILITARY REPRESENTATIVES HERE AND TEND TO DRY UP INFO FLOW WHICH NOW IS ONLY A TRICKLE.

LIMITED DISTRIBUTION.

THE DIRECTOR OF TURKISH MILITARY INTELLIGENCE WHICH INCLUDES NAVAL INTELLIGENCE AND SECRET SERVICE HAS AGREED TO FURNISH ME WITH ALL AVAILABLE INFORMATION OF AXIS FORCES AND TO ASSIST WHERE POSSIBLE. DUE TO A MUTUAL FEELING OF DISTRUST EXISTING BETWEEN TURKS AND BRITISH THEIR COOPERATION APPEARS NOT TO BE AS COMPLETE AS IT MIGHT OR SHOULD BE. IN SPITE OF BRITISH ATTITUDE I BELIEVE TURKS ARE SINCERE IN THEIR EFFORTS TO HELP US WIN WAR. ABOVE HAS BEEN EXPLAINED TO AMBASSADOR STEINHARDT WHO CONCURS. FOR LOCAL REASONS IT IS DESIRABLE BRITISH NOT REPEAT NOT BE INFORMED OF OFFER OF DIRECTOR OF TURKISH INTELLIGENCE. THAT SOURCE OF INFORMATION WILL BE REFERRED TO HERE-AFTER AS QUOTE LOCAL AGENT UNQUOTE.
