Special Officer, Signal Ministry, London, England

No : FWD 18377 SCAF 258 31 March 1945

For action AGWAR for Combined Chiefs of Staff,  
for information AMSSO for British Chiefs of Staff FWS 18377.  
This is SCAF 258 signed Eisenhower.

Requests are being made with increasing frequency by French to participate in obtaining various kinds of Intelligence. At the moment danger exists that unilateral agreements may be made with French by this Headquarters, Army Groups, Air Staffs, ANCKF, on intelligence which will conflict with policies of CIOS. Therefore request ruling on extent that French participation in CIOS is envisaged before this headquarters accedes to any other requests which are obviously closely connected with this decision.

End.

S 81080. Reference your cable WX 47140. To for action AGWAR for Joint Intelligence Committee from G 2 signed Eisenhower cite SHGBI.

Deane's suggestion that he be directed to secure Russian authorization for establishment two or three centers in Russian area for coordination of Intelligence visitors seems sensible way handle situation. It is assumed these centers would be under Russian control and would have similar functions to G 2 Supreme Headquarters Allied Expeditionary Force T sub division, whose terms of reference are given in G 2 Supreme Headquarters Executive letter reference number GBI/Exec/322-19 dated 10 January.

T sub division would act for this headquarters in providing any coordination that might be required between Intelligence exploitation plans for Supreme Headquarters area and exploitation plans for Russian area.

Reference our S 57213 dated 9 August 1944, Supreme Headquarters is prepared offer every facility to officers designated by Soviet General Staff to investigate targets in Germany in areas under control of American and British forces. All arrangements connected with visits Russian officers would be made and controlled by this Headquarters through T sub division. Russian officers would have to provide their own interpreters and clerical personnel and should whenever possible provide their own transportation.

To Joint Chiefs of Staff, for information to  
Eisenhower, Spaatz, McNarney and Eaker from Deane MX 22890.

Recently I have received a great number of requests  
for United States specialists to go to the Russian front for  
a variety of reasons.

We have a list of over 300 intelligence targets such  
as experimental sites, radar factories, etc that the British  
and our people wish to visit. There are a considerable number  
of places that the Dolier bomb evaluation group desires to visit.

We are endeavoring to send prisoner of war contact  
officers to various centers in Poland.

There is a request for a geodetic survey team to  
operate with Soviet front line units.

We have a request to establish micro-H stations east  
of Berlin. There has been a request that American corres-  
pondents and photographers visit bombed cities and write  
stories. The OSS wants to have teams in Hungary and Poland.  
In nearly all cases these requests have been submitted to the  
Soviet General Staff.

Each project and each team places an administrative burden on Soviet combat units and it is difficult for me not to sympathize with their resistance.

Certain of these projects, such as the micro-H stations, are operationally important and should be pushed vigorously. Our prisoners of war should be contacted and repatriated as quickly as possible. However, I believe that intelligence teams of all types, including bomb evaluation teams, should be carefully screened as to necessity and kept to a barest minimum. In addition, there is a duplication of requests made by the British and ourselves;

For example, we each have requests being considered by the Soviets to have teams visit Blechammer.

I suggest that the Combined Chiefs of Staff direct Archer and me to propose to the Russians that we be authorized to establish two or three intelligence centers in Western Poland or Eastern Germany, with possibly one in the Budapest area, to cover all types of intelligence; further that these centers be made up of groups of minimum size but including all types of intelligence experts. Each center would then be required to cover an area and would be permitted by the Russians to proceed in smaller teams to locations of interest whenever such visits did not interfere with Red Army operations.

I have no assurance that the Soviets would be receptive to this idea. However, I think that with all the requests they are now receiving, the Soviets feel that they are "being nibbled to death by a duck". I am afraid that we are strengthening a "No" complex on the part of the Russians that is already pretty well established.

Intelligence Objectives Subcommittee for action from Combined  
Intelligence Committee, to Betts SHAFF Main for information.

During investigations to be accomplished under auspices  
of Combined Intelligence Objectives Subcommittee, British and  
American investigators will necessarily come in contact with  
German Nationals who have served in technical or administrative  
capacities in specific German organizations and industries.  
We have noted existence of some opinion, both in United States  
and Britain, which assumes it will be necessary for CIGS  
investigators to conduct themselves in contacts with some  
German Nationals who may be key officials of German industry  
in such a way as to insure their "Cooperation".

Among objections to such a concept are:

A. Attempts to obtain "Cooperation" of key  
officials of German industry, as the term "Cooperation" is  
usually understood in business negotiations, would be out  
of keeping with instructions of Combined Chiefs of Staff against  
fraternization with German Nationals.

B. In practice, attempts to obtain "Cooperation"  
are more likely to defeat than assist missions of the CIGS,  
since German officials would thereby be alerted with regard to  
Allied Intelligence Objectives.

To AGWAR for Joint Chiefs of Staff repeated to AFHC for Alexander, to SHAEP, France for Eisenhower and to CQUKBS for the British Chiefs of Staff for information from Deane and Archer MX 22811, War pls pass to CQUKBS for the British Chief of Staff.

We have had extended negotiations with the Russians regarding our specialists visiting German experimental sites and industrial establishments in captured areas. We obtained permission for the visit to the rocket experimental area in Poland. We have been assured that a Naval party can visit Gdynia as soon as captured.

In an aide memoire dated 3 November Mr Molotov informed Mr Eden that the Soviet Government has given appropriate instructions that experimental sites and other intelligence objective should not be destroyed prior to examination. At the same time the Soviet Government requested a list of objectives in which the American and British authorities were interested. This list has been given to the Soviets and the assumption is that, at the appropriate time we will be authorized to examine them. This assumption is based on the tone of Mr Molotov's reply and our experience in gaining approval to visit rocket sites in Poland and the Naval base in Gdynia.

With regard to your WAR 39226, we suggest at this time that a list of objectives in Austria and Hungary be submitted to us which we can pass on to the Soviets as a supplemental list to the list of objectives in Poland and Germany which we have already furnished to them.

We recommend further that we now be given a specific list of the immediate objectives in any captured area which you wish to have examined and that we be directed to start negotiations with a view to having the initial visits undertaken promptly.

We feel that the administrative features of handling such visits in Austria and Hungary can be left to the time when we are negotiating for permission to visit specific targets. However, we do feel that wherever there is a control commission established, it would be advantageous to have the team attached to that commission for administrative purposes.

AMSSO for British Chiefs of Staff for information from Combined  
Chiefs of Staff, ARGONAUT 38 WAR 18. This is FACS 152.

As a result of conference with Soviet military leaders  
it is deemed urgent that they be informed daily through the  
Allied Military Missions in Moscow of enemy troop movements  
as they become apparent on the Western Front. They particular-  
ly desire indications of troop movements away from the Western  
Front, movements initiated or planned to the Eastern Front,  
formation of reserves, their location and strength and in-  
dications of counter-attack preparations, their probable  
direction and objectives.

It is desired that your daily operational cables to

~~TOP SECRET~~ NEWS LETTER MILES TO METZEL. YOUR 041415 SUGGEST THAT IT BE SHOWN TO OSS IN WASHINGTON. IT IS APPARENT HERE THAT OSS INTENDS TO FLOOD THE THEATER WITH AGENTS FOR VARIOUS PURPOSES INCLUDING HEAVY INCREASE IN THEIR COASTAL NET IN WHICH THEY ARE NOW RUNNING PARALLEL COMPETITION WITH SACO. APPARENT ALSO THAT THEY INTEND USE NAVAL OFFICERS TO ACCOMPLISH MISSION. THIS HAS BEEN EMBARRASSING TO COMNAVGROUP IN PAST BECAUSE THESE NAVAL OFFICERS APPEAR TO ACCEPT THE NAVY'S EXCELLENT REPUTATION THIS THEATER WITH THE CHINESE BUT ASSUME NONE OF THE RESPONSIBILITY OF CONDUCT IN A MANNER THAT IS ENTIRELY SATISFACTORY TO SENIOR U S NAVAL OFFICER PRESENT. NEW SUBJECT. TAI LI INFORMED ME THAT OSS IS SENDING COLONEL MCHUGH OUT AND HE CONSIDERS IT TO BE VERY UNDIPLOMATIC. I AGREE

NEW SUBJECT. GENERAL WEDEMAYER HAS PROPOSED THAT NAVGROUP CHINA SHOULD BE PLACED UNDER HIS OPERATIONAL CONTROL AND MENTIONS IN PARTICULAR ACTIVITIES WITH RESPECT TO ORGANIZING GUERRILLAS. IT IS INDICATED THAT GENERAL WEDEMAYER WILL MAKE A MORE DETAILED AND SPECIFIC PROPOSAL. I AM NOW PREPARED TO AGREE THAT IT IS BEST THAT ALL GROUPS OPERATING IN THE THEATER BEAR SOME DEGREE OF RESPONSIBILITY TO THE COMMANDER OF THE US FORCES IN THE THEATER. IT IS NOT KNOWN WHETHER GENERAL WEDEMAYER'S PROPOSAL WILL BE TO SET UP A UNIFIED COMMAND IN CHINA OR WHETHER THE COMMAND SET-UP HE WILL PROPOSE IS MERELY FOR THE PURPOSE OF KEEPING HIMSELF
