Other remarks: We are finding on our files a record concerning Generalleutnant F. Kuhne stating that, in the period of occupation of the Rhineland, he commanded ID 26. In the authmn of '38 he was retired most probably because it was known on his account that he is not too much in favor of Nazi regime. As he enjoyed a reputation of an excellent officer, it is quite easily possible that, at the outbreak of the war, he was put on the active list again. (10/26/42 - CID secret #23800).
