INTRODUCTION

This booklet includes two complete detailed listings of all contracts and letters of intent awarded by the Navy Department during the month of January as reported daily to the Bureau of Supplies and Accounts on S&A Form AB-1 (Revised) by the various Bureaus.

The first detailed listing shows all contracts and letters of intent by states alphabetically arranged by names of contractors and includes a description of the items involved; the second listing shows all contracts and letters of intent alphabetically under the appropriation chargeable. In addition, summary breakdowns are shown by methods of contracting, by stock classification numbers, by states and by appropriations. January contracts which are reported after the close of the month will appear in the February booklet.

Letters of Intent issued prior to January during fiscal 1942 which are superseded by contracts reported in January are shown as credit items in order to give a net amount for the month.

The contracts let by the various Bureaus are indicated on the listings as follows:

- 1 - NOD - Judge Advocate General
- 2 - NOrd - Bureau of Ordnance
- 3 - NOs - Bureau of Supplies and Accounts
- 4 - NOy - Bureau of Yards & Docks
- 5 - NOm - Marine Corps
- 525 - N52M - Marine Corps - San Francisco
- 6 - NObs - Bureau of Ships
- 7 - NOa - Bureau of Aeronautics

The method of contracting is indicated as follows:

Numeric Code	Alphabetic Code	
1	B	In a manner common among business men
2	C	As a result of competition
3	E	Extension of existing contract
4	I	Letter of intent
5	N	Negotiated
6	O	Option
7	P	Proprietary
W		Let under first War Powers Act.

For the month of December, 1892 different firms were awarded Navy contracts. Of these 654 received awards aggregating \$50,000 or more.
