RULES AND REGULATIONS

The vaults shall be open from 9 A. M. to 4:30 P. M. of each business day, excepting on Saturday, when they shall be closed at 12:30 P. M. (June-September, inclusive—closing time one-half hour earlier).

No person shall be allowed access to a safe excepting the lessor or such person or persons as he may authorize on the books of the Parish Safe Deposit Company, hereafter known as the "Company", or by power of attorney approved by the Company, or the legal representative of the lessor in the event of his death or of other disability. The Company shall not be liable for any act of a representative of the lessor, unless it has had actual notice in writing of the revocation of his authority. The lessor shall indemnify the Company against any unauthorized or wrongful act of any representative of the lessor.

Unless expressly notified that access to a safe is to be had only by two or more persons together, either or any one of joint tenants or his authorized representative, shall have such access and the right to surrender the safe.

The Company shall exercise ordinary diligence in order that unauthorized persons may not be allowed access and no unauthorized access shall be inferred from partial or total loss of property.

Payment for the use of a safe shall be due in advance.

The Company may terminate the lease of a safe at any time upon the repayment or tender of the pro-rata rental for the unexpired period.

Upon the termination of a lease the keys shall be returned and the Company notified in writing, or the Company may consider the lease in effect for a further period.

The lessor shall not use the leased space for any purpose hazardous or illegal nor shall he assign, underlet or in any way part with possession of said space or any part thereof. The lessor shall not deliver his keys to any person not authorized to have access as herein provided, and he shall notify the Company forthwith of the loss of one or both keys, and any remaining key shall be surrendered to the Company. All expense incurred by changing locks or furnishing new keys shall be paid by the lessor.

The lessor must not leave safes unlocked at any time, and the contents thereof shall not be examined in the vaults, rooms being provided for such purpose.

The Company shall be promptly notified of any change of address of the lessor, or of any desired change of right of access to a safe.

In case the Company is served with any legal process which affects or in the opinion of the Company may affect property in, or alleged to be in, said space, the Company may, without incurring any liability to the parties entitled to access, suspend the right of access to the said space until it is advised by counsel of its interests.

Upon the death of any lessor, whether space is rented to one or more lessors, the Company may deny access to the leased space to all parties interested therein until the proper taxing authority of the State of New York has been notified and an opportunity given for a representative of said taxing authority to be present at the opening of the said space and all claims for taxes upon any property in said space as against the Company have been released and proper written evidence thereof received by the Company.

Where a safe is leased by a Corporation or an Association, the lessor shall file with the Company a duly certified copy of the resolution of its Governing Body designating such officers of the Corporation, person or persons who shall have access to and power to surrender the leased space. Such authority shall continue until the Company shall have received written notice of its revocation. Notice of any change of officers of the Corporation shall be promptly furnished the Company.

These rules and regulations supplement and do not restrict the rights of the Company otherwise established by law.

INFORMATION FOR PUBLIC AS TO WATER BILLS

Bills Payable. Payments of current water bills shall be made at the office of the City Collector in each Borough. Change in ownership of property and change in mailing address in connection with the supply of water to tenanted buildings shall be filed in writing at the office of the City Collector in the respective Borough in which the property is located. Bills for the supply of water at frontage rates and metered rates are to be obtained from the City Collector of each Borough. All information with respect to the particulars and details of such charges are to be obtained from the Water Register's office.

Method of Payment. Payments may be made by cash, check, draft or money order. Checks, drafts or money orders shall be made payable to the order of the City Collector. Checks, unless certified, are received subject to collection and will be credited when paid as of date of receipt thereof. All receipts for payments received by mail will be returned by mail if the remittance is accompanied by self-addressed envelope.

Time of Payment. Payments will be accepted from 8 a. m. to 3 p. m. daily, except Saturdays, when the hours will be from 8 a. m. to 12 noon. The right is reserved to decline any payment tendered after these hours.

Frontage Rates. Frontage rate bills are due and payable annually in advance on the first day of January in each year, and are mailed to the owner of property whenever the City Collector has the name and address thereof, or are tendered on personal application or by letter. Charges as billed are subject to addition or reduction, as subsequent examination by the Department of Water Supply, Gas and Electricity may indicate.

Penalty. Penalty accrues unless payment has been perfected on or before last due date.

CHARTER OF THE CITY OF NEW YORK

Sec. 478. The rates and charges for supply of water, the annual service charges and minimum charges, the rules and regulations concerning the use of water and all other rules and regulations affecting users of water or concerning charges for supply of water or restrictions of the use of water, installation of meters, penalties and fines for violations of rules and regulations shall be printed on each bill and permit so far as in the judgment of the Commissioner of Water Supply, Gas and Electricity they are applicable. This act and such relating and the printing of this section on such bills and permits shall be sufficient notice to owners, tenants or occupants of premises to authorize the imposition and recovery of any charges, and fines imposed under such rules and regulations and of any penalties imposed in pursuance of this act in addition to cutting off the supply of water. Where charges payable in advance are not paid within period covered by such charges and a notice of such non-payment is mailed by the City Collector to the premises addressed to "owner or occupant" the Commissioner may shut off the supply of water to such premises. Where charges not payable in advance have been made by the Department and remain unpaid for more than thirty days after notice thereof mailed to the premises addressed to "owner or occupant," the Commissioner may shut off the supply of water to the premises.

CODE OF ORDINANCES OF THE CITY OF NEW YORK, CHAPTER 28, ARTICLE 2

Sec. 20. Frontage Rates. The annual frontage rates on premises wholly or partly unenclosed, to be collected by the department of water supply, gas and electricity, shall be as follows, to wit: Effective January 1, 1934.

FRONT WIDTH OF BUILDING	ONE-STORY	FRONT WIDTH OF BUILDING	ONE-STORY
16 feet and under	\$4.00	22½ feet to 35 feet	\$13.00
16 feet to 18 feet	7.50	25 feet to 30 feet	15.00
18 feet to 20 feet	9.00	30 feet to 37½ feet	18.00
20 feet to 23½ feet	10.50	37½ feet to 50 feet	21.00

For each additional story \$1.50 per annum shall be added; and for each additional 10 feet or part thereof, above 50 feet in front width of building, \$3 shall be added.

All rear buildings on any lot or lots, with front buildings thereon, shall pay an annual frontage rate of \$7.50 for each 25 feet front, or fraction thereof, but this provision shall not apply to buildings erected on corner lots, each of which buildings shall pay the regular rates as stated in the foregoing subdivisions.

The apportionment of the regular frontage rates upon buildings shall be on the basis that but one family is to occupy same, and for each additional family or apartment, \$1.50 per year shall be charged.

SEC. 21. EXTRA-AND MISCELLANEOUS RATES, WHERE SUPPLY IS NOT METERED

19. Fish stands. Each, \$15 per annum. If live fish are sold, other than shell fish, \$37.50 per annum. 20. Florists. Each, \$7.50 per annum.
21. Horse troughs. For each trough and for each one-half barrel or tub on sidewalk or street, \$30 per annum.
- 21a. Ice machines. For any machine or apparatus used in the production of ice or refrigeration a yearly charge of \$30 per ton shall be made for the actual capacity of the machine or apparatus.
22. Laundries. Each wash tub, washing machine or apparatus for washing clothes, \$7.50 per annum.
23. Liquor and lager beer saloons. For each bar, \$15 per annum, and an additional charge of \$7.50 for each washbox. For each beer pump using water in its operation \$75 per annum.
24. Milk depots. For the purpose of washing cans or bottles, each washing machine, tub or washing apparatus, \$15 per annum.
25. Photograph galleries. Each faucet or outlet, \$7.50 per annum.
26. Soda or mineral water fountains, each \$7.50 per annum. One washbox allowed. For each additional washbox, \$4.50 per annum.
27. Soda, mineral or carbonic water manufacturer. For each machine or apparatus (retail), \$15 per annum; for each machine or apparatus (wholesale), \$150 per annum. 28. Stalls. In stables, \$1.50 each per annum.
29. Water boats (steam). Monthly charges shall be from \$37.50 to \$150 in accordance with the tank capacity of each boat.
30. Water boats (motor). Shall be charged monthly from \$11.25 to \$37.50 in accordance with the tank capacity of each boat.
31. Wash drills (all kinds), 15 cents per 100 cubic feet.
32. Ash lifts. Not in excess of thirty-can lift per day a charge of \$4.50 per annum. For each additional thirty-can lift or fraction thereof, an additional charge of \$3 per annum.
33. Backfilling. For each cubic yard, determined on the cubical contents of excavation to be filled with earth, 3 cents.
34. Baths. Outside shower, \$7.50 per annum. An outside shower bath is defined as one comprising a section of piping, with or without spray attachment, located in any place outside of a building.
35. Beauty, hairdressing and manicuring parlors. When equipped with not more than three chairs or three tables to be used by patrons receiving treatment or treatments, the charge for water shall be \$7.50 per annum. For each additional chair or additional table so used, an additional charge of \$1.50 per annum.
36. Cafe, restaurant or any store similarly used. Maintaining equipment commonly known as a bar, a fixture known as a washbox, equipment known as a beer pump or similar apparatus for any other beverage, shall be charged as follows:
For each bar, \$15.00 per annum. For each pump where the use of water is required for its operation, \$75.00 per annum.
37. Canteens. When not furnished with water through an independent service, pipes—\$4.50 per season.
38. Compressors (portable). For water used by compressors with a return cooling circulating system, \$1.50 per month.
39. Fire line or sprinkler system, in buildings used for domestic purposes. The annual rate shall be from \$1.50 to \$2 in accordance with the size of the tap or connection.
40. Fountains, ornamental or display. For water served through piping physically connected to such fountains, where the pipe is not in excess of one-half inch in diameter, the charge for the period of use within any calendar year shall be \$7.50.
41. Garage (inside). \$1.50 per annum. An inside garage shall be construed as meaning any room or space suitable for legal use as a garage, located in a building which is physically connected with the water supply by means of a pipe extending from the city water main.
42. Garden or lawn. For use of water from hose, pipe or other fixture, \$7.50 per season, from April 1st to November 30th, both inclusive.
43. Gas refrigeration. The annual charge for water available for use or used for the purpose of cooling gas or gases to produce refrigeration shall be as follows:

DOMESTIC USE		BUSINESS USE	
Not in excess of 75 lbs. daily refrigeration	\$3.75	Single units not in excess of 100 lbs. daily refrigeration	\$7.50
Not in excess of 100 lbs. daily refrigeration	5.25	Double units not in excess of 200 lbs. daily refrigeration	15.00

44. Hose bibs. For a hose bib, faucet or for plumbing fixture attached to the outside of a building or located at any point on a lot, \$7.50 per annum. Where there are two or more outside hose bibs or attachments and the water therefrom is used for the same general purposes, charge will be made for one hose bib only.

45. Ice machines. For any machine or apparatus having a capacity of less than one ton, the charge shall be in accordance with the fractional part of a ton. 46. Luncheonette or lunch counter, \$12 per annum.

47. Pulsometers. For the use of water not in excess of nine hours daily, 75 cents per day. For each hour or fraction thereof in excess of nine hours daily, 7½ cents. 48. Railroad track repairs. For each repair gang or group engaged in repair work, \$7.50 per month.

49. Rock drilling machines. For water used for their operation or cooling of drill heads, flushing or letting drill holes 15 cents for each 100 cubic feet of water furnished. Meter may be installed to regulate the supply or, in lieu, the charge for water used will be established on the basis of the size and length of the supply pipe, the water pressure at the point of pipe connection and the period of time during which the drills, etc., are in service.

50. Sand and steam blasting machines. For water used through the operation of blast machines or other apparatus similarly employed to eject liquid or material for the washing or cleaning of walls of buildings, 15 cents per 100 cubic feet.

51. Siphons. Automatic or other permanent apparatus in buildings used for domestic purposes, requiring the use of water for operation, shall be charged as follows: Per Annum—From \$30 to \$108 in accordance with the size of the connection. Per Month—From \$15 to \$54 in accordance with the size of the connection.

52. Soda or mineral water fountains. For each glass washing spray used in connection therewith, \$4.50 per annum. One spray or washbox allowed.

53. Steam presses. For each boiler serving steam to a presser in a tailoring or other establishment where garments are pressed, \$3 per annum.

54. Steam showers. For moving of steam showers in public street, 37½ cents each. Use of water limited to three days.

55. Stores. Where a store or other independent portion of a building is used for business purposes and hot and cold water is available \$7.50 per annum. Where cold water or hot water only is available, \$4.50 per annum. These charges shall apply to each lot or portion of a building.

56. Swimming pools, swimming tanks, plunge baths and wading pools. Where located within buildings, \$1.50 per annum for each 100 cubic feet of the cubical contents thereof. Where located outside of buildings, the charge shall be on the basis of the use thereof for five months of each calendar year. Where swimming pools, swimming tanks, plunge baths and wading pools are conducted as a business enterprise and admission charged, the supply is to be metered. The determination of the measurement of the swimming pools, swimming tanks, plunge baths and wading pools will depend solely upon their width, depth and length.

57. Test boring. For each machine used in test boring, \$7.50 per month.

58. Water motor. Where the capacity of motor is not in excess of 1/100 horsepower, \$3 per annum.

SEC. 22. METER RATES

The charge for water measured by meter shall be 15 cents per 100 cubic feet.

Dearest Nancy:-

Ever so many thanks for the check for the 1936 taxes. Please don't send anything for the 1937 taxes, as I really want to contribute that to the whole success of the cottage. Next year -- in fact this year 1937, the taxes will be higher without much question because of the additions and improvements made at the shop. The assessors have not increased assessments except where definite additions and improvements have been made -- and the tax rate is about the same.

I count on seeing you Friday or Saturday -- that is if Congress behaves.

As ever yours,

POUGHKEEPSIE 428

July 29, 1937

Dear Franklin,

You were a dear to say that you would contribute the 1935 Taxes to the Val-Kill - but that is too much for you to do and I can not let you do that.

I did not know that we hadn't paid it - but we probably spent the money on roads, trees or fixing up - I will send you my personal check for I cannot ask my partners to help as I must have been a little crazy in my bookkeeping.

We will send you the 1937 Taxes later on - and hereafter I will try and be better about paying my joint debts.

Eleanor is over in her new apartment and I get fleeting glimpses of her now and then - The good old days seem to be gone! So I am looking forward to your coming and the gay tea parties at the pool - also picnic with good hot dogs.

Bliss you dear

NATHANIEL W. FAXON, M. D.

DIRECTOR

The President
The White House
Washington, D. C.

My dear Mr. President:

It is customary for the Phillips House to render bills weekly. In the case of Franklin, Jr. we were on the point of rendering such a bill but did not do so because it was expected that he would leave within a few days. For reasons with which we are all familiar your son did not leave and another week passed with a recurrence of exactly the same situation, namely, that he was expected to leave within a day or so after the expiration of the second week. The result is that the charges have mounted up much more than we like to have them do without acquainting parents with the situation. It is for this reason that I append this explanation to the enclosed account, so that you may understand why it has run up to this sum without your being previously notified.

It has been a trying experience for you and I wish to take this opportunity of expressing my appreciation of the character and fortitude of your son.

Very sincerely yours,

N. W. Faxon

Director.

MEMO FOR MISS LEHAND:

Dear Missy:

I paid \$50.00 to the Campobello Society at Franklin's request. \$25. for myself and \$25. for him. Will you please give me a check for \$25?

I paid \$260.00 to Mr. Hasbrouck which was outside of the regular agreement for the pool at Hyde Park. Captain Locke said it was necessary to have this extra work done, therefore I will not refund to the President half of whatever he paid Mr. Plog for cleaning and painting the pool this year.

MONTACAL OIL COMPANY

Office:
Lewistown, Montana
Rock Springs, Wyoming

file
P.F.

TO THE STOCKHOLDERS OF THE MONTACAL OIL COMPANY:

The 1936 Annual Stockholders' Letter reported the final dividend received from The First National Bank of Lewistown, Montana incorrectly, the amount received being \$167.78. The total expenses for the fiscal year 1936-37, including taxes, were \$210.71. Total receipts for the same period were \$241.30. The cash balance at the present time is \$4893.42.

Development in the Middle Dome Kettleman Hills Field of Kern County, California has been disappointing. The royalty interest which your company owns in this field will not show any appreciable earning.

The unit plan submitted to the Federal Government for the cooperative development of the Baxter Basin Field has been rejected by the Department of Interior and efforts to conclude such a plan have been temporarily abandoned. The foregoing fact, together with the continued absence in southwestern Wyoming of a favorable market for crude oil, precludes any possibility of a test well for oil being drilled in the near future on your company's lands or on land in the vicinity thereof. Your company's Baxter Basin lands are held by the Wyoming-California Petroleum Company under an agreement which provides that all costs of holding and developing the land be paid by Wyoming-California Petroleum Company and that all income from sale of gas and oil in excess of such costs be divided 65 per cent to Wyoming-California Petroleum Company and 35 per cent to your company. Income from gas sales as of this date is substantially less than development costs.

There is no encouraging news to report to you.

Respectfully submitted,

WYMAN HILLIS, President

**NOTICE OF ANNUAL MEETING OF THE STOCKHOLDERS
OF THE MONTACAL OIL COMPANY**

The Annual Meeting of the Stockholders of this Company will be held at the office of the Treasurer on Tuesday, the seventh day of September, 1937, at three o'clock P.M., in Bank Electric Building, in the City of Lewistown, Montana, for the following purposes, viz.:

- (a) Election of Directors.
- (b) Ratification of the acts of the Directors and Officers of the Company since the last Annual Stockholders' Meeting.
- (c) The transaction of such further business as may legally be brought before the meeting.

Memorandum for Miss LeHand

Dear Missey:

Will you have Father send a
check for \$60.00?

J.F.

Said James

Give Mr James Roosevelt

FRANKLIN S. CALDER
EASTPORT, MAINE
ME 04829

July 8, 1937.

Dear Mrs Roosevelt:

The members of the family who came last week are having a real good time on the water. The movie and camera men stayed at the gate by the side of the road until yesterday, but by leaving the house via. the dining room door the folks could always get to the boat and return without trouble.

It was quite a struggle to have the boats ready in time as it rained part of each day from the time I received your first telegram until they arrived. However, the Vireo looks fine and was ready when needed. When answering your telegram I said that the Vireo had been painted, put in commission and hauled up for fifty dollars. But it did not enter my mind about the rowboat. The year Mr. Muir was here the Vireo was put in and out of commission for fifty dollars, but this was after you arrived. The rowboat had already been painted, and I had been able to help some with the Vireo. Scraping and painting a lap-strake rowboat adds considerably to the work, so Sixty dollars I think is a fair sum for everything. This sounds quite a bit like one of Allingham's bills perhaps, but I did not think of the rowboat when replying to your telegram.

Now I want to mention that the boathouse does not have light enough. This makes it rather difficult to do a good job with the painting etc. There are two windows on each side, but the boat shuts off the light on each side so that we only get the benefit of two windows at a time. It would be a big help if three windows were added, one on each side and one at the end towards the house. Of course a great deal of light comes in the big door but this year the doors had to be kept closed most of the time because of the fog and driving rain. The paint would harden quicker and better too if there were some holes up under the eaves for ventilation.

Very sincerely yours,

Franklin S. Calder,

Dear Mr. Roosevelt:

Florence and I want to inject into the midst of your busy life a large word of sincere gratitude for all that you made possible for us when you gave us a share in your Inauguration. That was a day made memorable not because it rained so but for the reason that you were again to be our President and believe with you that our feet will be guided into the way of peace.

I want especially to thank you for making it possible for me to be present at your service in St. John's and to have a part in it. I felt the impressiveness of that service as you must have and it will remain with you always to be a help when you need guidance and courage and justification for the steps you have to take.

We were glad, too, for the privilege of having luncheon and tea at the White House and for the excellent view of the parade.

All in all, 'our cup runneth over'.

We thank you, also, for the gift of the commemorative medal. What a fine collection we have, - relics of these great days which so strangely have been interwoven into our lives.

Hyde Park celebrated your birthday with a dance, the old Town Hall crowded to capacity. And we all listened to your words as they came over the radio. You were in my mind yesterday at service time.

We shall be looking forward before long to welcoming you back to Hyde Park for a visit.

With all best wishes,

Faithfully yours,

Frank R. Wilson

Dear Mr. Roosevelt:

As a Dutchess County apple grower neighbor I am sure you are interested in the celebration of National Apple Week which starts today. A large part of the work in making Apple Week successful in the Hudson Valley and New England is being done by the members of the New York and New England Apple Institute of which I happen to be a Director.

Members of the Institute contribute 1¢ per bushel of their annual apple crop towards advancing the sale of native apples through advertising and publicity. This year, facing a large crop, the aid of every grower large and small is needed. I am therefore taking the liberty of requesting your pledge of 1¢ per bushel on your apple crop just harvested.

Please do not let any feeling that because you are a small grower your help is not needed, deter you from joining with your neighbors in helping to put our native apples on the tables of more of our people. Our goal is to have every grower a member.

Your support coming at the beginning of National Apple Week would greatly strengthen our efforts. Our regular form of pledge is attached hereto for your convenience.

Very sincerely yours,

Theodor Oxholm

MEMBERSHIP PLEDGE

I hereby pledge to the New York and New England Apple Institute, Inc. for its work during 1937-38, one cent (1¢) per bushel on my crop of commercial apples, culls and drops out, beginning with Gravenstein or Wealthy. In return for the full benefits of membership in the Institute, I further agree to estimate my crop on the above basis at the time of signing this contract, subject to revision at the end of my selling season, and will endeavor to advance to the Institute one cent (1¢) per bushel on one third of my estimate on or before October 1st, 1937. The balance I agree to pay from time to time as my crop is sold, making full payment not later than June 15th, 1938. It is understood that I will not be entitled to membership the following year if final report of my crop for 1937-38 has not been sent in and payment of one cent (1¢) per bushel made accordingly.

Thank you very much for your kind letter of the third inst. and your check for \$2.50 representing a payment of 1¢ per bushel on your apple crop to the New York & New England Apple Institute, Inc.

I would very much appreciate an opportunity to talk apples to you when you come back to the Valley next spring. In the meantime I really think that if general business conditions hold up for the next few months, we are going to be able to move our large crop of apples at fair prices because we are spending some real money for advertising.

GENERAL AMERICAN INVESTORS COMPANY, INC.
ONE EXCHANGE PLACE, JERSEY CITY, N. J.

To the Stockholders:

There is submitted herewith as the report of General American Investors Company, Inc., for the nine months ended September 30, 1937, the balance sheet as of that date, together with the statements of income and of surplus for the period.

Under the Sinking Fund provisions 2,000 shares of Preferred Stock were purchased at a cost of \$199,725 and retired.

As set forth in an accompanying statement, the decrease for the nine months in the net assets applicable to the outstanding securities of your Company was \$5,630,479.81; this amount is before deducting \$199,725, the cost of 2,000 shares of Preferred Stock purchased for the Sinking Fund, but after allowing for a decrease, in respect of taxes, of \$1,671,100, representing the difference between the estimated taxes (other than excess profits tax and surtax on undistributed profits) which would have been payable at present rates if the appreciation in the value of securities over cost existing on September 30, 1937 had been realized and the corresponding taxes which would have been payable if the appreciation existing on December 31, 1936 had been realized. The above decrease in the net assets is after deducting \$594,750 for interest on the Debentures and dividends on the Preferred Stock.

Unrealized appreciation in the value of securities owned as of September 30, 1937, as compared with cost, was \$6,106,826.21 (before taxes); the corresponding figure on December 31, 1936 was \$14,421,055.46. The decrease in this respect during the period was thus \$8,314,229.25; there was, however, a net profit (after taxes) of \$794,818.58 on securities sold.

If the entire appreciation as of September 30, 1937 were realized, taxes thereon (other than excess profits tax and surtax on undistributed profits) at present rates are estimated at approximately \$1,227,500, as compared with an approximate amount of \$2,898,600 as of December 31, 1936, and in computing the net assets applicable to the outstanding securities of your Company as of these dates, a deduction in these respective amounts has been made.

No deduction has been made for any surtax on undistributed profits for the period and no deduction has been made, in respect of unrealized appreciation, for any surtax on undistributed profits or any excess profits tax, which might be payable if appreciation were realized. The surtax, if any, can not be calculated until the earnings for an entire year and the amount thereof undistributed are known. The excess profits tax, if any, which might be payable if appreciation were realized can not be estimated except on arbitrary assumptions; accordingly, to the extent of such tax, net assets as stated in this report may not represent the net amount which would be applicable to the outstanding securities of your Company in the event of liquidation.

Net income from dividends and interest, after all expenses and taxes (other than taxes in respect of security profits and surtax on undistributed profits), was \$812,580.86, equal to three and two-tenths times the interest and amortization of discount on the Debentures, and, after deducting such charges, to one hundred and sixty-one per cent of the dividends on the Preferred Stock.

As of September 30, 1937, your Company had in cash \$3,382,833.06. Valuing securities, as heretofore, at bid prices, the net assets of your Company as of September 30, 1937, applicable to its outstanding securities (after deducting, in respect of unrealized appreciation, \$1,227,500 for taxes, other than excess profits tax and surtax on undistributed profits) were \$31,206,475.87.

This amount is equivalent to \$4,728.25 per \$1,000 of Debentures, or, after providing for the Debentures, \$323.77 per share of Preferred Stock. On the same basis the net asset value per share of Common Stock (without giving effect to the possible exercise of the outstanding warrants as set forth on the balance sheet) was \$13.08, as compared with \$17.41 as of December 31, 1936. If all warrants entitling holders to subscribe to Common Stock at less than the above net asset value as of September 30, 1937 had been exercised on that date, the resulting net asset value would have been \$12.83 per share.

We record with sorrow the death of George Pick, a director of the Company since 1928.

By order of the Board of Directors,

General American Investors Company, Inc.

To the Stockholders of

GENERAL AMERICAN INVESTORS COMPANY, INC.

WE have made an examination of the balance sheet of GENERAL AMERICAN INVESTORS COMPANY, INC., as at September 30, 1937, and of the statements of income and surplus for the nine months ending on that date. In connection therewith, we examined accounting records of the company and other supporting evidence and obtained information from officers and employees of the company. The cash as at September 30, 1937 was confirmed to us by certificates from the depositaries and the securities owned at that date were counted by us.

In our opinion, based upon such examination, the foregoing balance sheet and statements of income and surplus, together with the explanatory notes thereon, fairly present, in accordance with accepted principles of accounting consistently maintained by the company, its position as at September 30, 1937, and the result of its operations for the nine months ending on that date, on the basis indicated therein.

FDR

FEDERAL HOME LOAN BANK BOARD
WASHINGTON

OFFICE OF
JOHN H. FAHEY
CHAIRMAN

April 26, 1937.

The President
The White House.

My dear Mr. President:

Governor Myers of the Farm Credit Administration has referred to me your memorandum to him of April 21st in which you requested advice concerning a letter you received from S. S. Brown, President of the Meriwether Federal Savings and Loan Association of Manchester, Georgia, regarding subscription to shares in that association.

Evidently the memorandum inadvertently sent to Governor Myers was intended for me since all the Federal Savings and Loan Associations are under the supervision of the Federal Home Loan Bank Board.

In response to a similar request last year I wrote you under date of May 26, 1936, giving you full particulars of that association and I enclose herewith a copy of that letter. I have had an additional check made on this association and the report received today states that:

The monthly statement as of the close of business March 31, 1937, shows total assets of \$130,893.19. The Secretary of the Treasury has invested in this association \$8,000, and the Home Owners' Loan Corporation \$45,000.

The report of examination at the close of business May 14, 1936, indicates that the association is properly operated and only a few minor criticisms were made by the examiner. As to management and directorate, it is stated that the development of the Thrift Share accounts and the regularity of payments on same, together with the very few delinquent loan payments, indicates an interested and effective management.

In our opinion this association, considering the location and territory served, has made a very satisfactory growth. The services rendered the home owners of the community is best indicated

The President
April 26, 1957

-2-

by the fact that originally the association made its loans on an eight per cent basis, later dropping to seven per cent, and last year it dropped the interest rate to six per cent which is now the prevailing rate of its new direct reduction loans.

The accounts of the association are insured by the Federal Savings and Loan Insurance Corporation so anyone investing in the association would stand no chance of losing any of the principal of the investment.

It occurs to me that because of your close connection with this section of the country it would be appropriate to make a small investment in the association. In doing so, however, it might be well to caution the management as to advertising any such investment on your part, as it might start a flood of similar requests from other sections of the country.

Sincerely yours,

A handwritten signature in cursive script, reading "John H. Fahey".

I have asked that information about the condition of the Association be forwarded to me promptly so that I in turn can give you promptly the information and advice you desire.

If you should prefer to have the information we now have in our files in advance of information which will be collected at the time of the examination, I shall be glad to supply it and to supplement it with such further information as comes in after the examination.

The President,
United States of America,
The White House,
Washington, D. C.

Dear Mr. President:

On May 6, 1936 I wrote you in answer to a letter you received from Mr. S. S. Brown, President of the Meriwether Federal Savings and Loan Association of Manchester, Georgia.

Mr. Brown, in his letter to you, suggested that you invest in the Meriwether Federal by the purchase of some of its shares. While I am loath to recommend for your consideration any investment of any character, I am glad to give you the facts concerning this Association quite independently of Mr. Brown's letter so that you may judge for yourself whether its activities are such as to warrant your encouragement and the investment of your personal funds.

You will be interested to know that in October 1933 Mr. Webb of our Board requested an investigation of the need of a Federal association in the Warm Springs area. As a result, Mr. H. S. Peters, a druggist, and now President of the Bank of Manchester, of Manchester, Georgia, with local assistance, was given permission to organize. Two months later a Federal charter was granted and the organization was incorporated under the name of the Meriwether Federal Savings and Loan Association of Manchester, Georgia.

In March 1934, the Association was approved for membership in the Federal Home Loan Bank System and in January 1935 it was accepted as an insured institution under the Federal Savings and Loan Insurance Corporation. Under this insurance, as you know, the safety of each individual account up to \$5,000 is given Federal protection.

A supervisory examination and audit of the Meriwether Federal were made on May 15th and 16th by one of our examiners. He reports that the loan policies of the Association are sound, and that he is favorably impressed with the qualifications of the management, with the development of installment thrift accounts, with the regularity of payments made on these accounts, and with the lack of delinquency on outstanding loans, in none of which is there any account in arrears more than one month.

May 26, 1936.

As of February 28, 1934 this Association had assets of but \$3,055.55 and had made no mortgage loans. Since that time, however, the financial activity and assets of the Association have increased steadily. As of May 14, 1936 its total assets were \$73,739.91 and mortgage loans had been made in the total amount of \$69,300. The unpaid balance of total mortgage loans outstanding was \$62,556.88.

As of May 14, 1936 savers in the neighborhood of Manchester had invested in the shares of the Association \$23,147.10. As you will recall, the law permits investment by the Federal Government in the shares of these associations and the total Federal investment on May 14th of this year was \$36,500. Our average investment in all Federals in the country is less than one-quarter the amount of private share subscriptions, but in this case, as in others under similar circumstances, the Board felt justified in making a somewhat larger proportion of investment inasmuch as they were able to show improvement and a demand for mortgage money in good sound loans which could not be met otherwise.

The present officers of the Association are S. S. Brown, merchant and lumber dealer, who was elected President on March 30, 1934, I. H. Davis, Vice President, Chairman of the Board of Commissioners of Manchester and also of the County, and the owner of valuable real estate in Manchester, J. P. Atkinson, Second Vice President, who is President of the Greenville Banking Company.

I attach a list of the Board of Directors with their connections. Undoubtedly you know most of them.

Of course, this Association was organized to meet the need which exists in a great many similar communities where there are no savings facilities and little or no mortgage money is available. With the exception of the Secretary-Treasurer, W. E. Smith, an attorney-at-law, who is paid \$600. a year, and G. C. Thompson, who acts as attorney for the Association at an annual salary of \$300., none of the directors or officers receives compensation other than a fee of \$2.00 for each meeting attended, and they give their attention and thought to the affairs of the Association as a matter of public service. Through these mutual associations of modest size, in thousands of cases the spirit of thrift is not only being developed but sound mortgage lending is making it possible for people to acquire their homes at reasonable cost. The Association had 118 private shareholders on the last date of record, and its operating expense is small. The directors of institutions of this sort know their neighbors intimately as well as the housing needs of the territory and their loans are invariably carefully made.

The examiner reports that the future possibilities of the Association appear to be good. There is at present active home building in Manchester and nearby towns on which loans are being made by this

May 26, 1936.

Association, which is reported to be the only home financing institution serving these towns. Dividends have been paid semi-annually at the following annual rates: June 30, 1934, 6%; December 31, 1934, 6%; June 30, 1935, 5%; and December 31, 1935, 5%. Since reducing the loan interest rate to 6% on January 1, 1935, the directors expect to declare the June 30, 1936 dividend at 4%. Earnings for the first four months of 1936 on the Association's invested capital, after deducting all expenses, have been at the rate of 4.4%.

I do not know this section of Georgia well enough to have an intelligent opinion of the future of this Association. I should think in time it might build up to \$200,000 or \$250,000 of assets, and certainly as Warm Springs and the section thereabouts develop it ought to serve a very useful purpose in financing the home needs of the people.

We are helping this association, as we do others, through the Bank System in developing intelligent methods and sound practices, and we have every reason to believe that the Association will continue to make progress both in receiving local support from thrifty citizens and in meeting the community's need for homes. The present financial condition of the Association is sound. Its reserves are considered adequate, and its management is believed to be honest, alert and responsible.

Sincerely yours,

John H. Fahey,
Chairman.

Dear Miss LeHand;

I know that the President is a very busy man, and too, I realize that you are busy most every minute of the day. Therefore, I hate to ask you to ~~work~~ anymore, but our local Federal Savings & Loan Association is so anxious to have our President a share holder in same, that I am taking the liberty to remind you, that as you will recall the President promised the writer on his visit with him while in Warm Springs, Ga. that he would mail to me upon his return to Washington a check for Five Hundred Dollars (\$500.00) for five (\$) shares in our association. If you will attend to this, I assure you same will be appreciated by our entire board of directors as well as my self.

Will you please advise if it will be agreeable or not with the President for me to have same written up, in our papers as to him being a share holder in our association.

Dear President Roosevelt:

Receipt is hereby acknowledged of
the affidavits executed by you and your mother.

I am glad to inform you that an
order was today entered in the office of the
Clerk of the County of Queens directing payment
of 26 2/3% of the award made for Public Park,
formerly owned by your father, one-third to you
and one-third to each of the other claimants.

In about six weeks, the Comptroller
of the City of New York will comply with the order
and will have ready the warrants and releases.

At that time, I will again communi-
cate with you with reference to making arrangements
for the execution of the papers required by the
Comptroller of the City of New York for the picking
up of the warrant.

My dear Miss Le Hand:

I have your note of June 14. The letter of April 12 from Mr. Schwerin, of the New Boston Land Company, is evidently the letter that was written, although I understood that Charles G. Miller of the New York office had signed it. Can you advise me whether The President retained the certificate for 16½ shares or what he did with it? If he will sign it and return it to me, I will see that the next payment on account will be promptly mailed to him.

My dear Miss LeHand:

When I was on the sick list in a hospital in Boston, Mr. Charles Miller, who runs the New York office, sent a stock certificate of the New Boston Land Company to The President. He intended that this certificate should be endorsed in blank so that we could split it up and send a new certificate, as we are retiring this stock as rapidly as we can get the funds. Do you know what became of the certificate? Perhaps it was sent to the Fulton Trust Company or to some ^{the} bank. This was not handled just as I should have handled it, but I hope the stock certificate was not mislaid.

Yours sincerely,
