13.4.55 PSF plog Hyde Park Jan 9th 1937
President Franklin D. Roosevelt

My Dear Mr Franklin

PSF plog

I am extremely send his
check & statement today for Christmas
trees sold. I think he done very
good. He was up twice once to
look them over & second time to
mark them & show us how to tie them.
He said we were have to wait till
this year with the rest of them
& probably will have a lot more to
sell. I received your letter & check
for men on wood road & pay them
they are still on road & making
good head way I think you will
be pleased with it I wish to thank
you & Mrs Franklin for invitation
for tea on Jan. 20th at five o'clock
very sorry I will not be there as I
have to be very careful & I was
afraid to risk it may take a trip in
spring
Yours Respectfully Wm A Plog

April 1st 1937
President Franklin D. Roosevelt

My Dear Mr Franklin

I am enclosing men

account for work done they have been drawing
gravel on roads & cutting of brush & weeds
in lots where we are going to plant this
year Mr Brown & Herburg & two other men
were down last Saturday & look over all
plantations they winter very good except
some Spruce we planted last year there
quite a few were heaved by frost Had men
go over them some had to be replanted & others
had to have a little soil & tramp good around
them drouth last summer killed a few Mr Brown
thought best to leave it go this summer & replant
next year where trees have died

Apple trees have not arrive yet receive letter that
they were going to send will let you know as
soon as they arrive & will plant them as you
wish. Hoping you all are enjoying good health &
hope to see you up here soon. Sincerely Wm A Plog

ALL RIGHT TO BUY TRUCK FROM MR. KEYES FOR ONE HUNDRED FIFTY

FRANKLIN D. ROOSEVELT

June 3rd 1937
Mr. Franklin D. Roosevelt

My Dear Mr. Franklin

I went down to look for
small truck took Frank along
dump trucks are scarce + very
hard to get a good second hand
dump truck, we saw one but was
not very good + they wanted 250.
dollars for it which we thought was
to much we then went over to see
Mr. Keyes of Ford sales rooms + he
show us a pick up small truck
which would answer our work
it was in good shape + Mr. Keyes
said it was alright ask 165 dollars

but said if we wanted He would
let us have it for 150 dollars I Told
him I would write you + he is
going to hold it a few days for
me You can let me know + if
this is more than you wish to
give will look around + try to get
a cheaper one we went to three other
places but the trucks was very poor
+ would have to spend a lot to put
them in order Thanking you again
for the fine time that you + Mrs
Roosevelt gave us in Washington

Respectfully Wm A Plog

July 30, 1937.

Dear Plog:-

I think you can tell Mr. Wray, Secretary to Mr. McCann, that we shall be glad to let him have fifty Christmas Trees at \$1.25 each if he will send for them. This would mean that all we would have to pay for would be the cording of the trees and the cost of cutting them down.

Mr. McCann is in every way responsible.

You also might ask Mr. Wray what sizes he wants. As I remember it, the average in the lot is about six feet in height above the point we saw them off.

Very sincerely yours,

Mr. William A. Plog,
c/o Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.

Hyde Park July 8th 1937
President Franklin D. Roosevelt
White House
Washington D.C.

My Dear Mr Franklin

I am enclosing
letter I received from Mr McCann
He wants 50 Christmas trees
I thought I better write to you
& see what price you want.
For them Mr. Stennitz gave
us 1.25 Each ~~at~~ last year & we
had to pay cartage to N.Y. 12.00
Commission 16.50 - total 195.

You received check 134.55 for
132 trees total bill was 165.00

I wrote Mr. Wray sec. to Mr McCann
that I was writing you & when I
hear from you I would let him
know the price you can let

We know if you wish to let
them have the trees & what price
you wish to get I do not know
the parties if there is any risk
in letting them have the trees

Respectfully

Wm A. Plog

(Scotch pine) and
competing hardwoods,

MEMORANDUM FOR

Arch.

the pasture south of
Smith's barn and plant areas not
too wet.

Dear Florey

(a) Clean out all odd corners and open
spaces in all the plantations and fill
them with new plantings. I have a summary of plans
for winter woods work and spring planting, and I take it he
has sent you a copy. If not, I will send you one.

1. I have written him to arrange to buy five-
hundred beeches from the F. W. Kelsy Nursery
Company for \$22.50 -- trees two to three feet
in height. You can put them in irregularly in
the two places we selected -- about two hundred
and fifty in each place and planted about ten
feet apart. That will give a planting of about
half an acre in each place.

2. I think from his letter that we can proceed
this winter on the following plan:

(a) Thin and prune all the white pine
plantations. Professor Heiberg will go
to Hyde Park soon to mark the trees.

(b) Thin the Japanese larch in plot #3
and some good posts can be secured for
sale.

(c) Clean out Plot 31 (Scotch pine) and
Plot 26 (Red pine) from competing hardwoods,
removing the grey birch.

(d) Brush out the old pasture south of
Moses Smith's barn and plant areas not
too wet.

(e) Clean out all odd corners and open
spaces in all the plantations and fill
them with new plantings.

(f) Clean up all windfalls both east and west of the Post Road for fuel wood, saving any saw logs.

(g) Clean out the field on the Rhoad place just before you get to the top of the hill on the new road and east of the main woods so that that field can be planted in 1939.

(h) Go over all the wood roads, cutting back the underbrush and overhanging limbs and scraping the roads up to the middle, and clean out adjoining ditches. This should include the road from the Rogers' ice house down to the stone cottage point, for while the road itself does not need much work, it is beginning to grow up and the Rogers will, of course, do nothing about it.

It occurs to me that the corn is probably in by this time and that by taking the farm men and team and my two men you could in three or four days do all the work on the wood roads before frost sets in.

I have been having a bad time with my tooth but it is better and I hope to get off for a few days the end of the week.

Always sincerely,

1

Dear Flog:-

I hope to get home for the weekend of May twenty-second, or, at the latest, May twenty-ninth. Mrs. Backer will probably have plans for her house ready at that time and I told her that I would find out about a well-digger for her. I think there is one in Rhinebeck by the name of Feller or Teller. I forget who drilled the well at the Val-Kill cottage. I will let you know definitely what date I get there and perhaps you would be good enough to call up whichever well-digger you think is the most reliable. He might also have a chance to try for water for me back in the woods.

I hope the tree planting has been going well and that you have been having enough rain.

Very sincerely yours,

Mr. William A. Flog,
c/o Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.

Dear Flag:-

Thank you for letting me know about the wall-drillers. I will ask Jim Townsend which he thinks is the best and let you know so that we can get him to Hyde Park on Decoration Day.

In regard to the crushed stone, we can decide that when I get back, and, meanwhile, I hope you will get Spoor and Lasher's price for delivered stone.

I am delighted that the trees are still all right, as I feared the drought had seriously injured this year's planting. However, I take it you had a good rain on Sunday, as Mr. Morgenthau said that they had a lot of rain at Fishkill.

I got home Saturday morning, the twenty-eighth, and will be there over Decoration Day.

Always sincerely,

Mr. William A. Flag,
c/o Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.

May 2 1934

Mr William Plog:-
Dear Sir:-

In reference to our talk yesterday
About drilling two wells on the Presidents Property
The former Newbold estate, would say I can do
these two jobs for Two Dollars Per foot
Including all casing which is new and of standard
Weight.

Both wells to be double Cased in Rock if its found
to be necessary, And guarantee a Perfect Well
in every respect.

As Reference would Refer the President to the
Hon. J. E. Mack And Vassar Bank of Poughkeepsie
Thanking you for inquiry and Hoping to hear from
you Favorably. I am yours Very Truly
Robert L. Kellar

My Dear Mr. Franklin

I am enclosing account
for September for work done by men they have
finish drawing stone for lodge & are on road
drawing gravel the heavy rain we had last
week wash some of the hills but not bad will
take a few loads of gravel we had quite a few
trees blown down in lower woods & few on
farm in woods one tulip Poplar near Mrs.
Rosa & 2 others lean over may have to come down
also about 6 or 7 tulip Poplars are down near second
gate on the newbold road we sorry to lose
these as they were doing fine Mr Brown
was down last week & look over the plantations
& said they for doing fine also show him
the places you want to plant next year
He said he would write & let you know
how he found the trees also show him
some of trees that were blown down Hoping
to see you soon

Very Respectfully Wm A Plog

See-Personal Financial-Drawer 3-1939

BSF
Plog
January 8, 1939

Dear Mr. Plog:

Thanks for yours of December thirtieth. I am glad that the work is going so well and that you have sold some of the wood and also been able to sell a few additional Christmas trees. The Grand Union people sent me their check for four hundred dollars, so I feel they are a good concern to do business with and I hope that by next year we can find another lot of trees.

What would you think of putting a three or four line ad in the Poughkeepsie Courier to effect:

"Larch posts for sale. Will cut desired length. Write Box . . . care Courier."

The larch trees near the Tompkins house ought to be cut as they are getting pretty big and I think we could probably cut and sell a hundred or even two hundred to advantage.

I am very sorry we couldn't get home for Christmas but I hope to get up later in the winter.

I am returning the Commercial Vehicle registration.

Happy New Year to you and Mrs. Plog.

Very sincerely yours,

William A. Plog, Esq.,
Hyde Park,
Dutchess County,
New York.

Enclosure

fdr/tmh

Friday Dec. 30th 1938

President Franklin D. Roosevelt

My dear Mr. Franklin I am sending
December account of mens work
They have been busy grading
around house & on road & cutting
wood they drew ~~at~~ a lot of soil
from cum lot till the snow stop
them & than cut wood & will finish
tomorrow cutting out brush & few
trees where the electric lights poles
& wire are going to cream st
Think you will be satisfied when you
see it they expect to go in birch lot
next week & will try to get in pines
on the Newbold place near south
house dry I think they ought to
try & get this done if possible as
brush is very heavy in these pines
Our fellers finish drilling well for

Mr. Johansen Home He had to go
down 139 feet & have lots of water
He drilled 137 before He got water &
went two ft. more to be sure He had
enough water. Then the plumber
connected well to pump & little plumbing
work that had to be done they
were a few people ~~to~~ call up & wanted
to buy a christmas tree so I sold a
few ^{first} lot backs of Moss Smith near the
woods. after the Grand Union got
theirs they took 800 Hundred
& Mr. Lang said you would get
check in a day or two after they left
here they had 2 large trucks full
you will find credit on bill for trees sold
also sold some wood that was cut
last year - I will find credit on bill.
We wish to thank you ^{James} Roosevelt
for beautiful presents & wish you all
a very happy New Year with kind
regards to all. Respectfully yours A. Plog over

will you kindly sign your name
in three places. 5 put x where to sign
for licenses for truck that Frank &
Charlie use on place

BP
Plog

January 9, 1939.

My dear Mr. Plog:

I have made arrangements with the Central Hudson Gas and Electric Company for them to put up their new type of pole from Cream Street to the new cottage and I think they will begin work very soon.

But even after the electricity is on, I do not think the furnace should be lighted in a house with nobody in it.

Therefore, if you could get someone to go there once a week, start the furnace in the morning and stay there until the afternoon, turning it off when they leave, I think that would keep the floors from getting worse.

In the meantime, if you could put a couple of oil stoves into the rooms for a day or two that would help until the electricity is turned on. But here again, the house ought not to be left while the stoves are burning.

The Central Hudson people will take our heatlock poles a little later on and try them out experimentally and give us credit for them.

I am glad the line for the new poles is cut and that the men are working on the birch lot.

Very sincerely,

William A. Plog, Esq.,
c/o Mrs. James Roosevelt,
Ryde Park, New York.

FDR/dj

Hyde Park Jan. 3rd 1939
President Franklin D. Roosevelt.

My dear Mr. Franklin I was over
to your new House yesterday & found
the floors beginning to warp & have
a wavy appearance when you look
over it Mr. Hutchings son of the Holland
Furnace was up to day & look at the
floors & said the floors would be
ruined if you did not put heat
on & would put you to some
expense he suggested to run a
cable to ere an ST & connect with
Electric Pole this will be some expense
for cable & do not know if Electric
Company will stand for it cable could
be used later when the poles are up.
I ask him about Oil stoves & did
not think they would answer as they
will have to be watched Mr. Hutchings

Said He would write you today
let you know about the floor he
is one that putting the burner for Holland
Furnace so probably you could suggest
something better you can let me
know what to do I think the best
way is to put poles up & run wires on
it I do not think our poles is dry
enough to creosote but if you want
it done we can go at it when we
hear from you men have the strips
cut of where the ~~the~~ poles go & ~~the~~ cutting
trees that were blown down in front
of house on side hill hope you
have not forgotten to send check for
mens work for December Hoping
you are enjoying good health with
kindest regards to all

Respectfully
Wm. A. Plog

Jan 29th 1939
President Franklin D. Roosevelt.

My Dear Mr Franklin

The Electric Light Co. has finish

putting in poles & cable & current is turn on to
House they had a large gang on & finish their
work ~~at~~ yesterday afternoon I call up
Holland furnace Co & they are coming up
Monday & said they will have the heat on ^{on} ~~some~~
Monday I had to hire two oil burners for last
two weeks & will return them as soon as heat
is turn on Mr Hois was up yesterday & said
that the floors are not so bad & think when
the heat is turn on they may come out all right
& was glad that the heat will be on soon doors
& drawers are all working good & did not swell any
men have been taking care of files & are put
out before they leave at night & we will do when
heater is on all day & turn of when they leave at
night the floors are better since we have the
heat on I am enclosing account for January
We all wish you a very Happy Birth Day
Kind regards to all
Sincerely Wm. A. Plog

PSF
Plog

January 31, 1939.

Dear Mr. Plog:-

Many thanks for your note. I am glad the firestare being kept up in the cottage and also that the rest of the work is going well.

I had hoped to get up to Hyde Park the middle of February but I am afraid I have to go South with the Fleet -- but I will be home early in April.

Always sincerely,

Mr. William A. Plog,
o/o Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.

Hyde Park Jan: 23rd/39

President Franklin D. Roosevelt.

My Dear Mr Franklin I have
not heard from the Central Heating
Electric Co about the poles for
your house so I call them up.
& they said they were waiting
to hear from you before they
could go ahead. We have two
oil stoves going & the fire place
~~all~~ during the day & they are put
out every night it helps a lot.
& do not think the floors are any
worse I was over today & found a
few cracks in the plaster not bad
hope they will not go any further
the floor look about the same
burned over a cord of wood so far
in fire place I had Frank & Charlie
down in Larch lot & cut of branches
up to about ten feet & find they are
very poor woods not enough to sell

I do not think you would
get the postage to sell so I did
not put your add in paper
& would be better to wait a year
or two when you come up
you can see for yourself they are
not large enough. Frank & Charlie
are taking care of fires & clean
bush in front of house & also in
back lot. Mr Moore was up to day
& drew plan of lot north of ave
We start cutting ice today is seven
inches thick & will be more tomorrow
as is very cold to night with kind
Regards to all

Respectfully

Wm. Plog

March 1st 1939
President Franklin D. Roosevelt

My dear Mr. Franklin

I am enclosing account
for work done in February they have the birch
lot cut of. but have some brush to burn this
will be ready to plant when trees arrive in
first part of April I receive a letter from Mr
Brown he said he wrote to Mr. J. D. Miller to
send 100 chestnut trees to furnish Block K reserved
for them He will probably send some time in
April He also said the trees ~~the~~ ordered from
Conservation Department will be sent as soon
as weather conditions will let them at Saratoga
Nursery we look over the trees yesterday &
found they winter good with very little loss
chestnuts that were planted are doing very good
lost a few of them men have finish pruning apple
trees south of farm house they are in bad shape
& will lose a few of them they have some brush
to cut in lot north of gravel lot it will take a few
days but everything will be ready when trees
arrive men have had heat turn on in daytime
& turn it off when they leave at night floors has
improved a little since the heat was turn on they
are a little weaverly & it when you look over them
I am enclosing Hunkel bill for work done at Thompsons
Home hope you enjoyed your trip Kind regards to all
was a Plog

March 10th 1939
President + Franklin D. Roosevelt
My Dear Mr Franklin

I send you letter + account
of mens time for February as men are
a little anxious for a little money
I am writing again in case you
did not get the letter the amount
for mens time for February is \$8.18
The men have finish lot north of grass
lot + is read for planting when trees
arrive a have a little more brush
to burn in birch lot it this will
be ready for planting the weather
did not permit to do any grading
around house we had 3 inches of snow
yesterday Hope you enjoyed your
trip south + hope to see you
here soon

April 2nd 1939

President Franklin D. Roosevelt

My Dear Mr Franklin

I am enclosing men account for March. They have been in birch lot & finish turning brush & this lot is ready for planting they have also been in newbold pine lot & have over half of these pines done cutting low limbs & brush the red pines look very good the white pines have not done so good they are very small but look good the men also have been on the road raking & filling in ruts & they will have to be gravel put on in places & on the hills could not do any grading by house as ground is to wet & frost in places will go at it as soon as ground is fit to do it Mr Adams & Mr Hayes was up & look over house they said everything look good except the floors & they think they will go back they are coming up again next week we had to turn more heat on & leaving still they come up again four boxes of wine came & put them in house hope you had a nice trip think regards to all
Respectfully Wm A. Plog

3
May 15, 1939.

PSP
Plog

Dear Mr. Plog:

Thanks for the enclosed estimates.

1: In regard to the work at the Hughson house, I think Adriance had better do it as his estimate is \$85.00 for the pumping unit and \$15.00 for the water-heater -- or a total of \$100.00. This is cheaper than Finbel's bid of \$123.00 for the two items and will, I think, be just as good. Will you let Adriance know?

2: In regard to the Dutchess Hill cottage, I think Adriance's bid is again the better one -- \$290.00 for the water system and \$192.00 for the pump house -- or \$482.00 complete. I think the concrete blocks are just about as good as poured concrete so there is no need for spending the additional \$55.00. Furthermore, Adriance's estimate gives 200 gallons per hour, or 3 1/3 gallons per minute, whereas Finbel's bid gives 3 gallons per minute. Also Adriance uses a 1/2 H.P. motor and Finbel a 1 1/2 H.P. motor, and the *smaller* ~~shower~~ motor ought to use less electricity.

Go ahead, therefore, and tell Adriance to do both jobs as fast as he can so that they will be completed before the visitors arrive and we can get the place cleaned up.

I am returning the papers herewith.

I am glad the Electric Company is putting ~~in the~~ poles and will ~~take~~ up the electricity for Mr. and

hook

Mrs. Bie. Also I am glad the shrubs from Dr. Baruch are coming up. You can scatter them all around the Dutchess Hill cottage on the northwest and south sides, even planting some of them two or three hundred feet down the hill.

I was a good deal worried reading about the fire in the woods, but it is good to know that it was down near the Sound end of the Cove and that it did not burn much more than leaves and underbrush.

I will be back the 26th or 27th.

Always sincerely,

William A. Plog, Esq.,
c/o Mrs. James Roosevelt,
Hyde Park,
Dutchess County,
New York.

Hyde Park May 9th 1939

President Franklin D. Roosevelt
White House
Washington D.C.

My Dear Mr Franklin Enclose will find estimates for tanks & water pumps for your new house & for tenement house where Bie lives Finibell done all the plumbing work in your house the other bid is from Adams Plumbing Co. who does all the work on this side for Mrs. Roosevelt. Both firms are good plumbers & know the work will be done all right the Electric Company says they will have the poles in this week it will take four poles all work will be done & current turn on by end of week. Men are busy on roads by new house Mr. Herman B. Baruch M.D. is going to send a lot of shrubs up to be planted around house He said you knew about it He said He would see that they send a man from nursery to help put them in we had a fire in woods on Mrs Robinson place started down near railroad East side of cove think some Hoboes camp there as they found burnt matches where fire started over

burned mostly leaves + under brush very little
damaged to trees. Had the fire warden +
fire company down to help put it out
Hoping to see you on the 25th of May.

Respectfully

Wm. A. Plog

April 15, 1940.

Dear Plog:

I enclose copy of note
to Moses Smith about the field
north of Arnold Berge's house.

Under the arrangement
with the Government, the field
north of our avenue is to be
cultivated by us and you can,
therefore, plan either to use
it for hay this Summer or to
plow it up and plant a late
crop as soon as the sewer
system is finished.

F. D. R.

(Enclosure)

THE WHITE HOUSE
WASHINGTON

April 15, 1940.

Dear Moses:-

I had forgotten that
Mr. Plog wanted the field north
of Arnold Berge's house for
corn. I will turn it over to
you as soon as the corn is in.

Always sincerely,

Mr. Moses Smith,

1

Hyde Park NY
April 11th 1940

My Dear President-
in regards to the field
East and north of Arnold
Berges House, which you
so kindly said Tuesday I
could take over and work
it - which I appreciate very
much, I had a talk with Mr
Plogg he said if you said
so OK, but it would make
them short on crops this year
as he planned planting Corn on
this field, I told him to go a
head, and Perhaps you may
turn it over to me this fall
if so I will be very thankful
Ever your true friend
Moses W. Smith

October 11, 1941.

Gentlemen:-

Would you be good enough to change the account, formerly in the name of Mrs. James Roosevelt or Mrs. Sara Delano Roosevelt, to the name of Franklin D. Roosevelt?

Very truly yours,

Central Hudson Gas and Electric Corporation,
Poughkeepsie,
New York.
