OSD letter, May 3, 1972

No 1025 May 8, 1942

By RHP, NARS Date NOV 14 1973

My recommendation after visits to various camps and conversation with Polish, Greek, Czech Middle East commanders; that we organize, equip furnish commanding generals and staffs for an international army in Middle East; that the army be prepared for fall offensive against German rear and right flank.

Soldiers are experienced, Eager, determined, and if proper preparations are made will bring success to our leadership. British contemplate such a move but nationals here have not faith in their leadership. From Skymanski.

Poles have 3 divisions in Palestine, 3 already formed in Russia; there are enough Poles in Russia to form 4 additional divisions were they released to Palestine. Greeks have 1 division in Palestine, can raise 1 additional division. Czechs will have 1 regiment only. Fellers had submitted figures on French and Yugoslavs.

My estimation of Polish, Greek and CZECH commanders leads me to conclude generals of the types of Ben Lear with Fellers as his chief of staff would go over in a big way. Ben Lear is not too old. Fellers is an alert seasoned youster with vision, has complete understanding of this theater and Allied Nationals.

Urge token equipment and instructors be sent immediately.

Fellers

INCOMING MESSAGE

From Cairo
To G-2

No 1023 May 7

For Arnold from Carey. Just completed 8 days survey of air dromes in Syria and Palestine with Captain Jones. There are in Aleppo vicinity 3 airdromes with 2000 yard runways and 5 with 1,100 yard runways all 50 yards wide with depths 1 foot stone and bitumen. Average altitude 1000 feet weather good from April to November 15, balance year snow or heavy rain. All fields on Macadam roads. Ideal refueling areas for Roumanian target operations. Details being forwarded G-2.

In additions to Freetown and Lagos already suggested as posts for air observer I strongly recommend Khartoum to cover areas Geneina, Juba, Aden, Wadi Halfa, and Jerusalem to cover Syria and Palestine.

Leaving May 6 for week in Libya before proceeding to Somaliland. Captain Foster wired that my promotion to Major is as of March 1st. If correct would appreciate Official notice here as increased rank would help in my mission.

No. 1017, May 5, 1942

Supplementing my 1013. Source RAF intelligence. 1st line strength of Vichy French Air Force as of May 1st 1942: UN France-195 fighters, 90 bombers, 39 reconnaissances, 23 naval aircraft. Tunisia-50 fighters, 26 bombers, 13 reconnaissances, 29 naval aircraft. Algeria-109 fighters, 54 bombers, 34 reconnaissances, 6 naval aircraft. Morocco-50 fighters, 79 bombers, 13 reconnaissances. West Africa-74 fighters, 78 bombers, 15 reconnaissances, 20 naval aircraft.

Figures given for fighters and bombers includes land aircraft attached to French Naval Air Service. Figures given for land aircraft in French West Africa, where a number of units are equipped with obsolete types, refers to modern aircraft only.

All fighters in West Africa are at Dakar. These fighters are about half Dew 01 Tine (30's and half Curtiss 75A's. 26 of the Dew 01 Tine were transferred from Algeria early this year. Bombers, Glen Martin 167's, are stationed between Thies and Bamako.

No. 2541 May 5 1942

This paraphrased cable from MA Russia replying to query by Chaney on combat performance aircobras Russia is repeated: since Russ hesitate to let Amer or Brit aircobra experts near the planes little info available on their use Russ Air Force. Known that air regts using these planes being organized but not believed any yet used combat.

Russ consider 8 and 12 machines guns plus cannon too heavy armament. Russ consider plane excellent, like ease take off flight landing find them faster than Germ Fighters. Russ press claims cannon reloading mechanism changed to pneumatic system permitting better service high altitudes but no confirmation this.

Brit state Russ having maintenance difficulties but if so probably due refusal accept assistance offered them.

No. Aquila 781 May 5, 1942

Official communique dated May 4 to be released immediately General Brereton heavy bombers early this morning dodged thunder storms and again raided enemy installations, selecting as target Mingaladon airdrome, where previous reconnaissance had established presence of seventy Japanese aircraft. Attacks were made through concentration of searchlights and ack ack fire both over airdrome and Rangoon. Enemy fighters observed but stayed clear. Both 500 and 250 lb bombs used causing many fires and large explosion. Hangar and aircraft on runways observed burning. Lieuts Willard A Fountain and James H Keenan led flights. No damage our craft. Brereton 1605

NO MILID 123 May 4, 1942

Following based on personal reconnaissance past 2 weeks with Kohloss Rice cutting and consultation local authorities: maximum China lend lease material which can be transported via Ganges Brahmaputra water route from vicinity West Calcutta to Dibrugarh Ledo area is average 1 repeat 1000 tons daily however inadequate facilities Dibrugarh plus lack organization coordination has already immobilized at least 4,500 ton flat boats there and according to officers charged with building roads Ledo Mogaung and Ledo Fort Hertz it will be end of this year before any appreciable motor transport can be sent over either road though British portion Ledo Mogaung was scheduled for completion June 1st. Apparently Chinese late starting their portion from Shangbwiang south and help British now putting all emphasis on airports Dibrugarh Ledo area and discontinuing any serious effort to complete either road until after monsoons. Conclusion: any Chinese lend lease material shipped to Ledo area will remain there until next year unless it can be taken out by air transport. Am informing Wheeler and Stilwell. Imphal Road requires immediate construction or completion numerous bridges particularly along southern portion before monsoons and entire capacity needed for military supplies British troops on that road also Burma terminals too vulnerable enemy action. Railroads paralleling water routes being used capacity transporting military supplies to Imphal Road area.

Trouble between Panamanian citizens and US soldiers and sailors occurred Sunday afternoon started by a fight between 2 soldiers. Panamanian police beat up severely several soldiers and ensign US Navy who tried to quell disturbance. Several hundred soldiers and sailors involved finally. Several soldiers and ensign were sentenced and fined last night but judge remitted fines and confinement today. Panama placed off limits last night and this morning but restrictions were lifted about 10AM when assurances of Panama police authorities that police would not molest soldiers and would allow military police to handle soldiers however another incident of police Lieutenant assaulting soldier this afternoon without provocation caused ban on entry Panama to be placed indefinitely

No. 1013 May 3, 1942

Latest British intelligence report on Dakar being forwarded in Quintuplicate via airmail May 3 showing 60 armored fighting vehicles and tanks, 1 company of engineers, 11 battalions of Infantry located and 1 regiment unlocated, 2,000 natives and 350 Europeans serving as Service Troops at depots and dumps, forming bases for Dakar Infantry defense. My 998.

12 240-MM guns, 16 155-MM guns of which 10 may be 105-MM, 16 138.2-MM, 48 75-MM, 2 100-MM Naval guns, 4 105-AA guns, 25 90-MM dual purpose guns, 8 47-MM guns, 13 searchlights have been definitely located among defenses.

Pillboxes have been built along the coast between Mamelles, Fann and Cape Manuel. 3 155-MM located along North shore line of Cape are mobile, other large guns are believed to be in emplacements. Many 13.2-MM Antiaircraft machine guns also located in Dakar. All guns in emplacements have range finders installed near by.

In addition some 75-MM guns and 90-MM dual purpose guns are known to be in certain locations on the Cape but exact numbers are unknown. Guns mounted on Naval vessels defending the cape not included.

Number 998 is CM-IN-7049

No 1010 May 1, 1942

Laval has created golden opportunity for execution of modified Black plan if possible to perform now while internal bewilderment lasts. From Carey for Arnold.

Am more than convinced that Gymnast is not worth great risk to convoy landing.

Suggest that most careful consideration be given Fellers cablegrams Nos 925, 952, 978 that greatest blow to Axis and immediate aid to Russia is destruction of Ploesti production and Constanza storage.

Believe that Khartoum best base for this operation using Fuka, Fayid, Nicosia, Lydda and Aleppo as alternate forward refueling points. All have adequate runways. Lydda most complete air-drome in forward area if Khartoum too remote. Turkey Black Sea route by far the surest. If Turkey cannot be violated Aegean Sea route good if round trip made during night. Delivery of bombers to Russia Attaganrog dropping bombs at Ploesti enroute is feasible.

INCOMING MESSAGE

No 1010 May 1, 1942

From Cairo

Page 2

4 squadrons could move into Khartoum immediately as adequate housing for 1200 men available at Wadi Seidner if RAF convoy refueling unit is moved to 1 of 3 fields nearer Khartoum giving us both fields and all buildings at Wadi Seidner where ample supply of artesian water and some food is available.

Khartoum as base for 4 squadrons of long range bombers offers comparative safety from bombing attacks, formidable defense via Asmara against Japanese invasion in Gulf of Aden, good offense via Kano on Vichy West Africa, good all year weather except dust storms, best location for isolation from other Allied troops and quickly manned as evidenced by Pan American Airway movement of 600 in 10 days from Lagos to Asmara.

While 4 squadrons are not nearly enough for sustained efforts on Ploesti and other important Mediterranean targets they can be accommodated now and could seriously delay Axis spring offensive by temporary destruction in Rumania. All planes coming to this area should have latest type air intake cleaners as present ones are not repeat not adequate.

Fellers

FOOTNOTE: Radio 978 (CM-IN-4769 4/17/42) Heavy air attacks on Malta. Radio 952 (CM-IN-1711 4/7/42) Rumanian oil most important target war.
