ARMY ORDNANCE AND CHEMICAL WARFARE PLANTS

ARMY ORDNANCE AND CHEMICAL WARFARE PLANTS

This map illustrates the distribution of Army Ordnance and Chemical Warfare plants across the United States. The map is divided into states, and numerous locations are marked with labels indicating the name of the plant and its location. The labels are often in all caps and include the name of the plant followed by its location (e.g., "PLANT 1, ALBANY, N.Y."). The map shows a high concentration of plants in the Northeast, particularly in the New York and Pennsylvania areas, and in the Midwest, particularly in the Ohio and Indiana areas. Other locations are scattered across the country, including the West Coast, the South, and the Great Plains.

JUL 8 1942

The President,

The White House.

My dear Mr. President:

For your information, I am enclosing herewith Copy No. 1 of a confidential report, "Status of War Construction", dated July 1, 1942, prepared for the confidential use of our staff from materials made available largely through the Bureau of the Budget. This report is No. 6 in this series, and, as I have noted before in transmitting previous reports in this series, we intend to revise and keep these charted maps up to date. Accordingly, we will continue to supply copies of the revised report to you as the revisions are made.

Sincerely yours,

Frederic A. Delano
Chairman
