Memorandum for the Naval Aide

SUBJECT: Status of Japanese Heavy Cruisers.

1. Summary

Dec. 7, 1941:	18 CA	158,000 tons
Sunk	<u>5 CA</u>	<u>40,000 "</u>
Afloat	13 CA	118,800 "
Damaged and out of Action	<u>2 CA</u>	<u>18,800 "</u>
Effective Strength	11 CA	100,000 "

2. More than the number noted may have been sunk and their places taken by ships which were under construction on December 7, 1941 and since completed.

3. The above is considered to be a conservative estimate and any error is most probably in the direction of underestimation of Japanese losses.

Telegram No.: 3431

Dated: July 25, 11 a.m.

From: Bern

Rec'd: July 25, 9:19 a.m.

The following information has been passed on to us from a captain in the French Navy who formerly served as Naval Attache at Riga and is now stationed at Toulon. The information was furnished by the source mentioned in my telegram of July 21, Nol. 3363.

Because such an act would be considered by the United States an act of hostility and could be quickly found out Darlan is still not disposed to allow the use of any surface vessels of the French Fleet to be used against the United States and Great Britain. However, he does not object to the use of a number of French submarines by Germany and it appears that arrangements are at present being made to turn over some submarines to Germany. A visit of a German naval commission which was made up of ten civilian technicians and 40 officers to the Toulon submarine base on the night of July 14 indicates that some such action may be taken. It is believed that possibly 10 of the French total of 106 submarines could be turned over to the Germans secretly and used by them without giving rise to any suspicion. 56 of the French submarines are stationed at Toulon at present.

The Embassy at Vichy has been given a copy of this report.

FOLLOWING FOR WAR DEPARTMENT FROM MILITARY ATTACHE
SIGNED LEGGE

For information of MIS and transmittal to ONI for
McNair. Nothing to date regarding GAS GIRL all copies
checked.

To Military Attache through American Consul, Geneva,
from Groost July 2: 1 1/2 years will be required to re-
commission CAVOUR. Report from engineer on job. At
an unknown time the ROMA departed from Trieste for Pola
for ammunition and then on to Toronto. Plates on the
REX are too thin to allow for conversion to aircraft
carrier. The ship remains at Trieste. Four cargo ships,
one of 12,000 tons, have been launched near Trieste at
Mont Falcone. From 2 to 3 submarines per month and
aircraft are also being built.

Because approximately 2,000 Yugoslavs frequently
cross border and attack, there is one regiment
Bersaglieri stationed about 20 miles north of Trieste.
Trains plying between Lubljana and Trieste are frequently
bombed. Italians have given up going to summer places
even short distances from Trieste. Recently 40 peasant
women carrying food to Italians in Zaro in auto bus were
killed by patriots. Only one was left alive to tell the
story. Six Yugoslav villages near the Italian frontier
have been burned by squad Risti Fasciasti.

McNair's check is being returned in as much as it
has not been possible to cash it here. Please make
arrangements through Naval Attache at Madrid. No word
as yet from Mike's friend.

TEXT RESEARCH ON STATUS KASUGA MARU ESTABLISHES VESSEL OF THAT ACTUAL NAME HAS OVERALL FLIGHT DECK WITH SMALL ISLAND AMIDSHIPS ON PORT SIDE AND SMALL RADIO MAST ON EACH BOW AND QUARTER. HITHERTO EMPLOYMENT THIS VESSEL HAS BEEN CONFINED PRINCIPALLY TO TRANSPORTION OF AIRCRAFT AND VARIOUS EQUIPMENT AND SHE HAS AT NO TIME BEEN ENGAGED IN FLEET AIR OPERATIONS AS CARRIER NOR HAS SHE BEEN ASSIGNED PLANE AND AVIATION PERSONNEL ALLOWANCE. CONSIDERING RECENT JAPANESE CARRIER LOSSES AND LACK OF INFORMATION ON HER RECENT EMPLOYMENT BELIEVE POSSIBLE KASUGA MARU MAY EMERGE AS OPERATING CARRIER AND THEREFORE CLASSIFY HER AS XCV. THIS INCREASES JAP CARRIER STRENGTH ESTIMATED IN MY 222341 TO TOTAL 6 CARRIERS AND 2 XCV IN COMMISSION.
