MISCELLANEOUS

BERLIN (VIA FCC) (A-143) AUGUST 3, 1207P.

It is being officially announced that the reform of the German submarine fleet is now in process of being achieved and that numerous craft of a new type have been built.

Some time soon, it is said, German submarines will make their reappearance which will be of a sensational character.

On the occasion of the fulfilment of this construction program, Hitler has awarded the Knight's Cross of the German War Merit Order to Dr. Friedrich Schuerer, the real creator of the modern German submarine who is at the head of the Naval Construction Office of the German Naval Staff.
