Strength: Bulgarian 70 to our 3.

October 1943 in Dezheva the Germans and Arnauts lost 8 killed; we lost 2 killed, 5 wounded. Enemy strength 125 to our 150.

On October 7, in the daytime, we attacked the garrison at the "Most on Lima" (Bridge on Lima River) and took it, then demolished the bridge. We captured 17 Domobrantsi, 32 guns, some ammunition and other equipment. Number of losses is not known because the enemy took them away at night with an armored train. Our losses were 2 dead and 11 wounded.

At night, on October 10, we attacked Gorazde and took it after a long battle. We had 9 killed, 22 wounded. The enemy had over 50 dead, a large number wounded. We captured 2 officers and 8 Domobrantsi and Ustaski, 2 mortars, 2 machine guns, 3 sub-machine guns, 48 rifles, 2 trucks, ammunition, food, clothing and shoes.

On October 13 we took Mesiche, demolished the bridge and burned the station. The enemy had 60 killed and a large number wounded. We captured 50 rifles, 4 revolvers, 60 boxes of ammunition, 4 trucks, other material and food. We had two killed and 8 wounded.

After bitter struggle we took Kogatitsa on October 14. Result: about 500 Germans and Ustashi killed, a very large number wounded, and we captured 4 canons (one 75 M.M. and 3 of 65 M.M.), ammunition, food, rifles and other material, and trucks. Our losses were 27 dead and a large number of wounded.

We took Pracha without a single loss on 20 October while the enemy succeeded in retreating with minor losses.

On 21 October we took Stambolichich. We had 3 killed, 7 wounded and the enemy had many killed and wounded. We captured 5 German soldiers.

During the time of these operations we destroyed all communications in the regions of Pocha, Chainiche and Vishegrad counties, so that with this destruction traffic between Serbia, Bosnia, and Sandjak is discontinued for at least six months. These results made favorable advantages for the conduct of operations in Italy and elsewhere.
