THE WHITE HOUSE
WASHINGTON

17 September 1943.

MEMORANDUM FOR ADMIRAL BROWN

Yesterday you requested information concerning the strength of our garrisons in Alaska and the Aleutian Islands. At the present time our total strength in this theater, including the 11th Air Force, but not including naval forces, is 138,000.

It is planned to reduce this figure to 80,000 by 1 January 1944.

The garrisons for some of the major outposts for this date will be as follows:

Attu	4,812
Shemya	4,624
Kiska	5,106
Amchitka	7,461
Adak	8,759

The above figures do not include naval forces.

Attached are two photostats, one showing the composition of the garrisons in this theater prior to the occupation of Kiska, and the other showing in graphic form the strength of these garrisons as of 1 January 1944.
