

Guardians of Small Business | 2015-16

While most legislators and candidates say they support small business, especially on the campaign trail, these eight senators and 38 representatives proved their commitment to Main Street by voting to support NFIB/Washington's position on priorities bills at least 90 percent of the time during the 64th Washington State Legislature. They have truly earned the distinction of being Guardians of Small Business.

SENATE

Sen. Don Benton (Vancouver)	100%
