To Law Enforcement and others to whom it may concern:

This letter will introduce Pete Davies, a local Arizona author who is in the process of writing a book about TASER® technology.

In order to gather stories about the TASER, he is sponsoring a contest through his publishing company, The Adna Press. There are prizes totaling \$2,000 for true stories about the use of TASER technology in unique, complicated or unusual situations written by the officers who deployed the device or other persons who took part in the incident.

Whereas TASER International, Inc. is not involved in this project, other than providing historical and factual information about our company, we are encouraged that someone is prepared to publish a fair and unbiased narrative type book about our product.

To that end, we would appreciate it if you would extend Mr. Davies whatever cooperation you can to assist him in gathering this information.

Sincerely,

Rick Smith, CEO
TASER International, Inc.

\$2,000 TASER STORY CONTEST

Officer, did you participate in an unusually interesting incident in which your use of a Taser stun-gun resulted in the capture and arrest of a criminal or violent individual or another novel application?

The Adna Press is conducting a contest for the most interesting or unique, true experiences of officers using Taser in the line of duty. Stories must include the names and rank of officers involved, the law enforcement agency and precinct as well as the name of the person apprehended (minors excepted). Stories should contain as much detailed information as possible including (date, time, location, weather lighting or other conditions) any dialogue between you and the subject, victims or other officers and your thoughts and feelings during the encounter. Your story should be typed double spaced. Find more suggestions at the website: <http://www.petedavies.tk>

Stories will be graded on content, not necessarily on grammar or punctuation. All submissions and rights to edit and publish become the property of The Adna Press. Authors of all articles used in the book, *TASER*, will be given credit and will receive an autographed copy of that book. Prizes will be awarded 75 days after the closing deadline. Include your mail (and e-mail) address, copies of any newspaper stories about the incident and a brief biography on yourself. Stories may be edited, revised and submitted to you for your approval or correction prior to being published.
