What is STEM Tuesday?

- Started by nonfiction authors in November 2017.
- From the Mixed-Up Files is the group blog of middle-grade authors celebrating books for middle-grade readers.
- Middle Grade is for 8-12 year olds (through middle school for nonfiction)

STEM Tuesday was created for YOU!

- It is our way of helping teachers bridge the gap between STEM and literacy through classroom activities across the curriculum.
- As nonfiction authors, we believe that the diverse topics that make up science and STEM subjects can reach students of all backgrounds and interests.

How Does STEM Tuesday Work?

- Every month highlights middle grade books of a particular STEM topic.
- Each week delves into ways the books can be used in the classroom.

Each Tuesday features something different:

- week 1 Book List
- week 2 In the Classroom
- week 3 Writing Craft
- week 4 Author Interview and Book Giveaway

When you need STEM/STEAM literacy and science activities, check out our website! If you have topics you’d like to see, let us know.

And the NEXT time you’re looking for authors/speakers about STEM/STEAM and literacy, think of US!
