

BRB-3100EV

Floor Scraper

The BRB-3100EV is an ultra-quiet, battery powered, ride-on floor scraper, which has the ability to operate up to 10 hours on a single charge. The BRB-3100EV can be charged on any 110 volt 15 amp outlet, and has a built in charging system which eliminates the need for additional batteries, chargers, and charging carts. The zero emission BRB-3100EV can be operated in areas that are inhabited including office buildings, airports, and food processing facilities. The BRB-3100EV will fit through a standard door, features zero turn radius for operating in tight areas, has an adjustable blade angle, and provides excellent operator visibility. The BRB-3100EV will remove parquet, sheet vinyl, vinyl floor tile, bonded carpet, ceramic tile, thin set adhesives, deck and traffic coatings, waterproofing membranes, hardwood flooring, elastomeric coatings, sports flooring and pool deck coatings.

SPECIFICATIONS

Blade width:	2 through 36 inches
Travel Speed:	Variable up to 250 ft. / min.
Voltage:	48VDC/48VAC 3 & 12VDC
Dimensions (L x W xH):	66.5" x 30" x 53.5"
Weight:	3100 lbs.
Work Lights:	12VDC

FEATURES AND BENEFITS

- Programmable motor controller
- High efficiency drive motors
- On-board tool box
- Wide variety of tooling options
- Infinitely adjustable blade angle
- System monitoring gauge
- High visibility operator position
- Adjustable operator's seat
- Multi-position tooling fixtures

Available 3-Hole Tool Adapter

Manufactured under US Patent 6,343,961,
Licensed by Blast It All Mfg, Inc
