RAFA SARDINA SPACES

IMPULSE RESPONSE & PRESETS LIST

| Impulse Response Nr: 170 |

| Preset Banks Nr: 2 | Preset Nr: 200 |

Developed by
Sabino Cannone

The Rafa Sardina Spaces Library includes 170 IRs

The SPECIAL category includes the multi-chain Rafa's reverbs,

The HALL/ROOMS/PLATE/EARLY categories include pure single models always sampled through his Analog chains

In the same way the Single Presets are based on the single SPECIAL IRs, instead the MultiLayer Presets are created mixing more categories with extensive use of the on board REmatrix processing.
