Waiver Authority Under Section 123(a)(3)(B)

The Secretary will use the authority in section 123(a)(3)(B) to waive the “subsequent action for consecutive years” provision (in section 123(a)(3)(A)(ii)) for the 2020-2021 school year.
Accountability Under Section 123(a)(3)(A)

In General -- The Secretary may, after notice and opportunity for a hearing, withhold from an eligible agency all, or a portion, of the eligible agency’s allotment under paragraphs (2) and (3) of section 112(a) if the eligible agency --

(i) fails to implement an improvement plan as described in paragraph (1); or

(ii) with respect to any specific core indicator of performance that was identified in a program improvement plan under paragraph (1), fails to meet at least 90 percent of a State’s determined level of performance for such core indicator for 2 consecutive years after the eligible agency has been identified for improvement under such paragraph.

under section 123(a)(3)(A)(ii)
States are encouraged to use the waiver authority under section 123(b)(4)(B)(i) of Perkins V to delay the implementation of the “subsequent action for consecutive years” provision for local Perkins V recipients.
It remains critical that parents, educators, and the public have access to current performance data for CTE concentrators.

States are still required to submit available data for each section 113(b)(2) core indicator for all students.
Program Improvement Plans

States are still required to develop and implement improvement plans consistent with section 123(a)(1).

Information provided via improvement plans will enable targeting of resources and sharing of best practices.
