# Struggles

- Institutions don't see the importance of collecting data
- Students not responsive
- Bad contact information
- Institutions not clear on best method or personnel to collect follow-up data
- Many wait to last minute to connect with students
- Lack of communication between IR and CTE staff
- Connecting with “right” people within institution

# Strategies

- Data sharing agreement with Department of Labor
- Transparency – KTIP Report
- Continuous contact with student
- Who has relationship with student?
- Exit communication with student
- See student through program
- Assist Perkins contacts in sharing importance with administration
