**TO:** State Directors of Career and Technical Education

**FROM:** Sharon Lee Miller  
Director  
Division of Academic and Technical Education

**SUBJECT:** Estimated Fiscal Year (FY) 2020 State Allocations under the *Carl D. Perkins Career and Technical Education Act of 2006, as amended by the Strengthening Career and Technical Education for the 21<sup>st</sup> Century Act* (Perkins V)

I am pleased to provide you with estimated State allocations for FY 2020 under Title I (Career and Technical Education Assistance to the States) of the *Carl D. Perkins Career and Technical Education Act of 2006, as amended by the Strengthening Career and Technical Education for the 21<sup>st</sup> Century Act* (Perkins V or the Act). These are the figures your State must use when submitting its budget for FY 2020 as part of its full four-year State plan that is due on April 15, 2020. If your State is submitting its Perkins State plan as a part of a Workforce Innovation and Opportunity Act (WIOA) Combined Plan, please note that those plans are were due on March 2, 2020.

Pursuant to the Further Consolidated Appropriations Act, 2020, Public Law No. 116-94, the first portion of Title I funds (approximately 30 percent) becomes available for obligation by the Secretary on July 1, 2020. Under the *Education Department General Administrative Regulations* (EDGAR) at 34 CFR § 76.703(d), July 1, 2020 is the earliest date that your State can obligate these funds. The remainder of your Title I funds will become available on October 1, 2020. Your State must obligate all funds by September 30, 2022. In addition, under the *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) at 2 CFR § 200.343 (b), you must liquidate obligations within 90 days of the end of the funding period, unless an extension is approved by this office.

Table 1 provides estimated Title I allocations for each State and outlying area, including the split of funds between July 1 and October 1. Please note the following with regard to the estimated allocations:

- Perkins V requires that States distribute secondary funds under section 131(a)(2) of the Act based on the Bureau of the Census' estimate of the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency and are from families below the poverty level for the preceding fiscal year, as determined by the most recent satisfactory data used under section 1124(c)(1)(A) of the

This computation *must* be based on the 2018 poverty estimates provided by the Bureau of the Census (in the column entitled “Relevant age 5 to 17 in families in poverty”), which are based on 2018-2019 school district boundaries, and which may be obtained at:

- Perkins V also requires that States distribute secondary funds under section 131(a)(1) of the Act based on the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local educational agency for the preceding year compared to the total number of such individuals who reside in the school districts served by all local educational agencies in the State for such preceding fiscal year.
