

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF VOCATIONAL AND ADULT EDUCATION

**APR 3 - 2006**

PROGRAM MEMORANDUM

TO: State Directors of Vocational and Technical Education

FROM: Beto D. Gonzalez *Joan Torres for Beto Gonzalez*  
Acting Assistant Secretary for Vocational and Adult Education

SUBJECT: Estimated FY 2006 State Allocations under the Carl D. Perkins Vocational and Technical Education Act

I am pleased to provide you with the estimated state allocations for FY 2006 grants under Titles I (Vocational and Technical Education Assistance to States) and II (Tech Prep Education) of the Carl D. Perkins Vocational and Technical Education Act of 1998 (Perkins III). These funds will become available beginning on July 1, 2006. These figures will be posted to our Web site shortly ([www.ed.gov/about/offices/list/ovae/](http://www.ed.gov/about/offices/list/ovae/)). Please share these figures with your secondary or postsecondary counterparts, your state Tech-Prep coordinator, fiscal partners, and other appropriate individuals within your state.

- Funds under Title I will become available at two separate times. A portion of the funds will become available for obligation on July 1, 2006, and remain available for 15 months through September 30, 2007. The remaining portion will become available on October 1, 2006, and remain available for 12 months. Table 1 shows how each portion will be divided among the states.
- Table 1 also reflects the provisions of section 115(a) and (b) of Perkins III, which assists the outlying areas of Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands and which designates specific funding for the Pacific Region Educational Laboratory (PREL). PREL also will award FY 2006 grant funds competitively to these outlying areas as well as the Republic of Palau. The Republic of Palau continues to be eligible for FY 2006 funds pursuant to section 105(f)(1)(B)(ix) of P.L.108-188.
- The total appropriation for Tech-Prep state grants will be available July 1, 2006. Table 2 shows how each portion will be divided among the states.

- With regard to distribution of secondary funds under section 131(b)(2) of Perkins III, the data for the age cohort 15 through 19—as required under statute—again will not be available for FY 2006. As in years past, we will accept alternative funding distribution formulas based on the Census Bureau’s estimate of the relative number of children in poverty aged 5 through 17 who reside in each school district, in lieu of the data specified by section 131(b)(2).
- With regard to distribution of secondary funds under section 131(b)(1) of Perkins III, we will accept either enrollment or “membership” data compiled by the National Center for Education Statistics (NCES) or the Census Bureau’s estimate of the number of individuals aged 5 through 17 who reside in each school district, in lieu of the data specified by section 131(b)(1).
- Updated Census data, reflecting 2003-2004 school district boundaries, must be used in FY 2006 funding distribution formulas. These data may be accessed at [www.census.gov/housing/saipe/sd03/](http://www.census.gov/housing/saipe/sd03/). Updated NCES data may be accessed at [www.nces.ed.gov/ccd/pubagency.asp](http://www.nces.ed.gov/ccd/pubagency.asp)

Please feel free to contact your State Liaison if you have questions about this memorandum.
