

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE OF VOCATIONAL AND ADULT EDUCATION

THE ASSISTANT SECRETARY

MAR 11 2010

**PROGRAM MEMORANDUM**

**TO:** State Directors of Career and Technical Education

**FROM:** Brenda Dann-Messier *Brenda Dann, Messier*

**SUBJECT:** Estimated FY 2010 State Allocations under the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV)

I am pleased to provide you with estimated state allocations for FY 2010 under Title I (Career and Technical Education Assistance to the States) and Title II (Tech Prep Education) of the Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV or the Act). Pursuant to the Department of Education's FY 2010 Appropriation Act, Division D, Title III of the FY 2010 Consolidated Appropriations Act, the first portion of Title I funds and all of your Title II funds become available for obligation by the Secretary on July 1, 2010. Under the Education Department General Administrative Regulations (EDGAR) at 34 CFR §76.703(d), July 1 is the earliest date that your state can obligate these funds.

Funds become available to your state at two separate times. Your first installment of Title I funds (approximately 25 percent) and all of your Title II funds will become available on July 1, 2010. The remainder of your Title I funds will become available on October 1, 2010. Your state must obligate all funds by September 30, 2012. In addition, under EDGAR at 34 CFR §80.23(b), you must liquidate obligations within 90 days of the end of the funding period unless an extension is approved by this office.

Table 1 provides estimated Title I allocations for each state and outlying area, including the split of funds between July 1 and October 1. Table 2 provides estimated Title II allocations for each state.

Please note the following with regard to the estimated allocations:

- Perkins IV now requires that states distribute secondary funds under section 131(a)(2) of the Act based on the Bureau of the Census' estimate of the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local education agency and are from families below the poverty level for the preceding fiscal year, as determined by the most recent satisfactory data used

under section 1124(c)(1)(A) of the Elementary and Secondary Education Act (ESEA) of 1965, compared to the total number of individuals who reside in the school districts served by all the local educational agencies in the state for such preceding fiscal year. ***This computation must be based on the most updated income and poverty estimates, reflecting 2007-2008 school district boundaries, which may be obtained at: <http://www.census.gov//did/www/saipe/district.html>***

- Perkins IV also requires that states distribute secondary funds under section 131(a)(1) of the Act based on the number of individuals aged 5 through 17, inclusive, who reside in the school district served by such local education agency for the preceding year compared to the total number of such individuals who reside in the school districts served by all local educational agencies in the state for such preceding fiscal year. ***This computation must be based on either—***
  - ***The most updated income and poverty estimates, reflecting 2007-2008 school district boundaries, which may be obtained at: <http://www.census.gov//did/www/saipe/district.html>***

or

- ***The most updated student enrollment data, reflecting the 2007-2008 school year, collected by the National Center for Education Statistics through the Common Core of Data (CCD) survey system, which may be obtained at: [www.nces.ed.gov/ccd/pubagency.asp](http://www.nces.ed.gov/ccd/pubagency.asp)***

Please share these estimated allocations with your state's secondary or postsecondary counterpart, tech prep coordinator, fiscal staff, and other appropriate individuals. This memo will be available shortly on our Web site at:
