A MAGAZINE SUBMISSION RESOURCE GUIDE
FOR PHOTOGRAPHERS

Presented by Lindsay Adler Photography

Get Published!

Walking into a bookstore, grabbing a magazine off the shelves, and seeing your name and images in print is nothing short of wonderful! Getting published in a fashion magazine is extremely rewarding, but it is no easy task, especially when getting started. Over the past 5 years I've been publishing in magazines ranging from small online magazines to large internationally acclaimed publications. When I was first submitting to magazines I had a lot of failure and rejection, but that's just part of the game! I spent months, it seemed, researching publications that accepted submissions and also fit my style. Recently I decided to help save us all time by curating a list of fashion magazines that accept submissions. The magazines run the gamut of small online magazines to large print publications.

I've included websites, emails, and social media links of these publications to help you in your submission process. I have utilized my own personal list of magazines as well as gathered many of your suggestions online, so thank you for helping me to help you! Be sure, of course, to do your research before submitting to be sure that your images fit their criteria for submission and the aesthetic of the publication. I recommend checking out my blog post on tips for getting published in magazines to help increase your likelihood of success blog.lindsayadlerphotography.com. Best of luck and I look forward to see your images published!
