

Q5 Quantum_Magic

And welcome to Quantum Magic, and I'd like you to just allow your eyes to gently fall closed and to feel the energy vibrating around you. And of course the quantum field is zillions of particles vibrating and that this quantum field that we're surrounded by, this quantum pleasure field is part of all that we are and all that everything is.

Being one with everything and allowing it to be the impetus and the guiding force, the momentum for magic in your life. Again breathing in, and breathing out. Allowing yourself to become receptive to this quantum pleasure field and this quantum magic.

Sending a grounding cord down from the base of your spine to the center of the earth, set the excess energy on your body on release and let it go down the grounding cord. Pulling the aura into 18 inches around your body, sending a golden rumba a little vacuum cleaner to vacuum up the inside of the aura. Clean out all the dust bunnies and fuzz balls in the aura.

The aura begins to be part of this quantum pleasure field as the dust bunnies, and the excess energy are removed from the body, and removed from the aura you are very aware of the magic that the quantum pleasure field brings.

And then connecting so above your head feeling the halo, the golden rings beginning to expand out and feeling them becoming part of this quantum pleasure field and the quantum magic around you, and actually part of quantum mind.

As you reach out with your halos and you become one with everything, magic is afoot. You feel a glimmer and a little tickle inside, a little giggle that you know that you are part of something bigger than what's seen, what's boring, what's mundane, what people think of as reality.

You are part of something much, much bigger we all are but you're aware of it now. And really feeling into your body, feeling the magic of the quantum pleasure field feeling the pleasure, the joy, the gratitude, the excitement, the knowing that good is around the corner.

The knowing that everything you touch is blessed. Everywhere you point your direction you bring in good, you bring in magic, and joy, and connection, and love in all that is joyful. In all that is blissful, the pleasure field continues to breathe now in and out and you see an amplification of all that is good as you access the quantum field you begin to access the magic of the field.

It amplifies more and more good to you, perhaps your wealth increases and now your love increases, relationships improve and your work gets out in the world in magical and special ways. Perhaps it's time now that family relations come into balance and into a synchronicity, and a deeper profound peace.

As you use this quantum field to really access the mind and access pleasure, you become more of yourself, more powerful, more radiant, more capable. You have confidence and you know beyond knowing that your life is special, is gifted and is meant to be.

You are meant to stand in your power. You are meant to have access to the field that allows you to regenerate and to clear to the point where you reach your fully embodied, enlightened state. Receive this quantum magic, receive this quantum pleasure and receive this quantum divine wisdom.

Stay with the quantum magic today and let every breath be an acknowledgement that you are part of the great all, the great oneness. May you be with the blessings of the supreme being that this meditation is complete. To dust do so be it.
