

## Q5 Karma Clearing

Oh welcome darlings.

This is a wonderful quick karma clearing, what I like you to do you quickly is drop a grounding cord hook yourself up to the Supreme Being and imagine the person that you'd like to clear Karma with, could be someone you're having a little issue with and the first thing we're gonna do is we're going to put a rose out for each one of you at eye level eighteen inches away from your face and these of course are imaginary roses, they're magnet roses and I just like you to imagine one roses for you, let's make that a pink rose and let's pull all your energy magnetically pack into the pink rose from the other person, the person you're clearing karma from and then let's make the other rose a yellow rose and lets have all of their energy that's in your body go into the Yellow Rose, so all of your energy is coming out of their body into the pink rose and all of their energy that's been in your body is going into the yellow rose and when you feel like that is complete go ahead and take your pink rose and you can imagine tipping it into the top of your head and then reach out and hand to them the other rose, thank you I don't need your energy anymore, next step, we're releasing contracts and agreements.

I'd like to imagine between the two of you that you do have some contracts and agreements and we're gonna blow them up and the fastest way to do that is just, imagine there's a treasure chest full of contracts and agreements, close the treasure chest lock it up and let's go ahead in throw ten little cartoon bombs on this treasure chest and to see it blow up and see the contracts destroyed, and they're no longer affective, then we wanna looking at chords between the two of you and some of you will have a sensation so just take a breath and see if there's pressure in different parts of your body. You wanna just unplugged the cords like you were unplugging a cord from the wall on electric cord. So go ahead and remove cords from your body and make sure that you remove them thirty-six inches away from yourself with your aura eighteen inches close to your body this will completely get them out of your space and there won't be room for them to come back in.

And finally what I'd like you to do is to imagine a half ring like a Lord of the Rings gold ring but its half ring, it's a magical ring, this is your karma ring and it represents the lifetimes that you've had with this person and the thing said you've collected over time that need to be worked out, you we're gonna end karma in this meditation, so imagine that ring starting to fill in, it's a half ring and it's now filling in with gold, so it's becoming a whole ring. And just see this ring filling in, filling in, filling in, filling in, filling in three-quarters of a ring, it's almost there, it's almost there and now it's a hundred percent circle, very good, we're gonna put a white rose underneath the ring, when you dropped the ring into the white rose then throw a cartoon

bomb on the white rose and blow up the Rose and the ring, and your karma, you can muscle test and see your karma is complete once you've destroyed the karma ring, taking a few breaths in and out, noticing how your body is starting to relax as the Karma is released to see energy cords of contracts and agreements are released, breathing in seeing good in your future, you've now allowed for space between you and the other person, if you want to create something new it will now be created out a freedom and if you wanna move on it'll be a whole lot easier.

Breathing in and out, I'd like you to sit in the quantum pleasure field feeling very good, very happy, very alive. May be with the blessings that the Supreme Being that this meditation is complete. To taste so be it.
