

# Connector Identification and Wire Harness Routing

| Connector or Terminal | Number of Cavities/ Color | Location | Connects to | Notes |
|-----------------------|---------------------------|----------|-------------|-------|
|-----------------------|---------------------------|----------|-------------|-------|

## Driver's Power Seat Wire Harness

|      |           |                            |                             |     |
|------|-----------|----------------------------|-----------------------------|-----|
| C250 | 14-CAVITY | Under driver's seat        | Left side wire harness      |     |
| C261 | 8-CAVITY  | Under driver's seat        | Left side wire harness      | '93 |
| C261 | 10-CAVITY | Under driver's seat        | Left side wire harness      | '94 |
| C262 | 5-BRN     | Under driver's seat        | Left side wire harness      |     |
| C703 | 2-BLU     | Under driver's seat        | Front up-down memory sensor |     |
| C704 | 2-GRY     | Under driver's seat        | Rear up-down memory sensor  |     |
| C705 | 26-CAVITY | Under driver's seat        | Power seat control unit     | '93 |
| C705 | 10-CAVITY | Under driver's seat        | Power seat control unit     | '94 |
| C706 | 7-BRN     | Under driver's seat        | Power seat control unit     |     |
| C707 | 7-BRN     | Under driver's seat        | Power seat control unit     |     |
| C708 | 2-GRY/BRN | Under driver's seat        | Slide sensor                |     |
| C709 | 2-GRY     | Under driver's seat        | Slide motor                 |     |
| C710 | 2-BRN     | Under driver's seat        | Rear up-down motor          |     |
| C711 | 2-GRN     | Under driver's seat        | Front up-down motor         |     |
| C712 | 10-GRY    | Left side of driver's seat | Power seat switch           |     |
| C713 | 8-CAVITY  | Under driver's seat        | Power seat switch           | '93 |
| C714 | 2-GRY     | Under driver's seat        | Recline limit switch        |     |
| C715 | 4-GRY     | Under driver's seat        | Recline motor               |     |

## Passenger's Power Seat Wire Harness (LS)

|      |        |                                |                                    |  |
|------|--------|--------------------------------|------------------------------------|--|
| C398 | 12-GRY | Under passenger's seat         | Main wire harness                  |  |
| C399 | 2-BRN  | Under passenger's seat         | Main wire harness                  |  |
| C752 | 2-GRY  | Under passenger's seat         | Recline motor                      |  |
| C753 | 2-GRY  | Under passenger's seat         | Slide motor                        |  |
| C754 | 8-GRY  | Right side of passenger's seat | Power seat switch                  |  |
| C755 | 10-GRY | Right side of passenger's seat | Power seat switch                  |  |
| C757 | 14-GRY | Under passenger's seat         | Seat heater control unit           |  |
| C758 | 6-GRY  | Under passenger's seat         | Passenger's seat heater            |  |
| C759 | 6-GRY  | Under passenger's seat         | Passenger's power seat sub-harness |  |

## Passenger's Power Seat Sub-harness (LS)

|      |          |                                     |                                     |  |
|------|----------|-------------------------------------|-------------------------------------|--|
| C759 | 6-GRY    | Under passenger's seat              | Passenger's power seat wire harness |  |
| C762 | 5-CAVITY | Right side of passenger's seat back | Power seat slide switch             |  |
