

HUG: Huge Uncompromising Goal

In your wildest dreams, what would your studio look like in 12 months from now?

- ~ How many students will you inspire?
- ~ How many teachers will you lead?
- ~ What does your studio look like? Do you have multiple venues?
- ~ What is your community creating together?
- ~ What are people saying about your studio?
- ~ How do you feel knowing you made all this possible?

Summarise this into one statement, written in present tense with a specific date.

Eg: It is January 1, 2016 and I am over the moon that we have opened our second venue to deliver an even better experience to our raving-fan community of over 350 students.
