I. Specific Amendments

The Plan shall be amended as follows:

Amendment No. 1: Delete Section I., entitled “Summary,” in its entirety and insert the following in lieu thereof:

SUMMARY

The Linwood Shopping Center Tax Increment Financing Plan (the “Plan” or “Redevelopment Plan”) provides for the construction of approximately 129,450 square feet of retail space, including a grocery store, parking and all necessary appurtenances and utilities to support such development (the “Project Improvements”) in an area generally bounded by 31st Street, between Olive Street and Prospect Avenue, and 30th Street, between Prospect Avenue and Montgall Avenue, on the north, Linwood Boulevard on the south, Montgall Avenue on the east, and Olive Street on the west, all in Kansas City, Jackson County, Missouri (the “Redevelopment Area”).

The Redevelopment Area is approximately 9.34 acres and it will consist of five (5) Redevelopment Project Areas, with Redevelopment Project 1 consisting of 38,000 square feet of retail space, Redevelopment Project 2 consisting of approximately 14,000 square feet of retail space, Redevelopment Project 3 consisting of approximately 12,000 square feet of retail space, Redevelopment Project 4 consisting of approximately 55,450 square feet of retail space and Redevelopment Project 5 consisting of approximately 10,000 square feet of retail space.

The estimated Redevelopment Project Costs to implement the Project Improvements contemplated by the Plan are approximately \$26,817,691, of which \$25,770,597 is to be reimbursed from TIF Revenue, Additional City EATs, and

Additional City Tax Revenue (as each is hereafter defined). The Reimbursable Project Costs are identified on Exhibit 4A and all supplements thereto, attached to this Plan.

The total initial equalized assessed valuation of Redevelopment Project Areas 1, 2 and 3, according to 2015 records at the Jackson County Assessor's Office, is approximately \$555,583, the total initial equalized assessed valuation of Redevelopment Project Area 4, according to 2019 records at the Jackson County Assessor's Office, is approximately \$757,962 and the total initial equalized assessed valuation of Redevelopment Project Area 5, according to 2019 records at the Jackson County Assessor's Office, is approximately \$67. The current combined ad valorem property tax levy is projected to be \$7.9873 per \$100 assessed valuation in Jackson County. The 2019 annual ad valorem tax revenue generated within the Redevelopment Area was approximately 76,750. The total initial equalized assessed valuation of each Redevelopment Project Area will be determined prior to the time the Redevelopment Project Area is designated by Ordinance.

Pursuant to the Act, Tax Increment Financing provides that Economic Activity Taxes and Payment in Lieu of Taxes generated and collected within the Redevelopment Project Areas for a twenty-three (23) year period may be used to pay or reimburse Redevelopment Project Costs.

The estimated Payments in Lieu of Taxes to be generated within the Redevelopment Project Areas is based on current real property assessment formulas and current and anticipated property tax rates, both of which are subject to change due to many factors, including reassessment, the effects of real property classification for real property tax purposes, and the rollback in tax levies resulting from reassessment or classification. The estimated total Payments in Lieu of Taxes generated within the Redevelopment Project Areas over the period tax increment financing shall be authorized is \$4,900,470. Those Payments in Lieu of Taxes are shown on Exhibit 5 and all supplements thereto. Any Payments in Lieu of Taxes that exceed the amount necessary for such reimbursement, subject to Section 99.850, shall be declared surplus and be available for distribution to the various Taxing Districts located partially or wholly within the Redevelopment Area in the manner provided by the Act.

The estimated Economic Activity Taxes to be generated within the Redevelopment Project Area, subject to appropriation by the City Council, which will be available to pay Reimbursable Project Costs, are approximately \$8,120,171. Those Economic Activity Taxes are shown on Exhibit 5 and all supplements thereto. Any Economic Activity Taxes that exceed the amount necessary for such reimbursement, subject to Section 99.850, shall be declared surplus and shall be available for distribution to various Taxing Districts located partially or wholly within the Redevelopment Area in the manner provided by the Act.

The estimated Additional City EATs, subject to appropriation by the City Council, which will be available to pay Reimbursable Project Costs, is approximately \$1,093,207, as more specifically set forth on Exhibit 5 and all supplements thereto.

The estimated Additional City Tax Revenue, subject to appropriation by the City, that will be available to pay Redevelopment Project Costs is approximately \$2,389,146, as more specifically set forth on Exhibit 5 and all supplements thereto.

Upon the reimbursement of all Reimbursable Project Costs, subject to Section 99.850, Tax Increment Financing will be terminated and the Taxing Districts (as hereafter defined), shall receive all taxes generated within the Redevelopment Project Areas.

Amendment No. 2: Delete Section III. A., entitled “Redevelopment Plan” in its entirety and insert the following in lieu thereof:

A. The Redevelopment Plan. The Linwood Shopping Center Tax Increment Financing Redevelopment Plan (the “Redevelopment Plan”) is to be developed by the City of Kansas City, Missouri, unless and until a private developer is so designated by the Commission.
