 TEXT IN CHURCH

1

setup your account

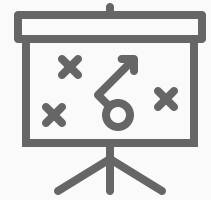

Following our simple orientation system, set up your TIC phone number, add your first person, send your first test message, and add 3 groups.

2

create your plan

Think through how your church will utilize Text In Church. Be sure to checkout our PlayBook, but here's a few ideas... Guest Follow-up, Member Communication, Volunteer Onboarding, Youth Group, Sermon Series Reminders, etc

3

edit your workflows

Create a group for each way that you are wanting to use TIC. Within the group load & edit automated workflow steps.

4

add your people

Advertise keywords during services, set up station(s) with tablets with connection links, print your paper cards, import existing lists.

5

send your messages

Schedule group messages around future events on your church calendar. Reply to incoming messages in TIC.
