Can you believe spring is finally here?! It’s time to focus on you, your goals, and creating your best summer ever. We want you to feel healthy, confident and beautiful — because you deserve it!!!

Before we dive into this plan together, we want you to take a moment and think of the women in your life who have helped shape you into who you are – your mom, your girlfriends, your sisters, your daughter, your fellow TIU girls in this community — whoever they are, send them a message and just say thank you and tell them that their support in this journey is already so appreciated!

As we were starting to think about this year’s Bikini Series, Karena and I took a long walk one night after meetings at the HQ. We started talking about all the women who shaped our lives. Our families who first got us into fitness — Karena watched her mom doing Kathy Smith DVDs when she was in elementary school and my mom helped make a fitness room in our house so I could make fitness programs and work out after school. Our girlfriends who supported us at our first fitness classes and races. Each other — because our chance meeting at the gym on a Friday night changed our lives and made all this possible. And most importantly, YOU!! You are our drive, our passion, our purpose.

We are all as strong as the friends we surround ourselves with, which means YOU are stronger than you ever imagined because you have this entire community around you. So the theme of this year’s Bikini Series is STRONGER TOGETHER. Individually, we are all gorgeous and unique, from different backgrounds, with different stories and experiences. We are all strong. Together, we support each other and lift each other up to be even stronger.

Summer is all about celebrating and spending time with our girlfriends. We’ll be celebrating our bodies, our successes, our friendships, and feeling our best ever as a community! In your new Series this year, you’ll have everything you need to succeed with your girls – dinners to share, brunches, healthy cocktails, and more delicious recipes, fun and booty-kicking workouts you can schedule together, plus a Girlfriends’ Guide all about the power of accountability and how to plan the ultimate girl dates.

Are you ready? Let’s do this together!

With so much love,

Karena & Katrina
BE WITH THE ONES WHO BRING OUT THE BEST IN YOU.
what is the **BIKINI SERIES**?

Your Bikini Series is eight weeks of heart-pumping workouts, more new recipes than ever before, and tons of advice that will help you feel like the healthiest, happiest, and most confident version of YOU! We’ll have daily workouts, brand new fitness videos, meal-by-meal guides, and so many tips and inspo. In these pages, you’ll find everything you need to know to succeed during the Bikini Series, including your Nutrition Guidelines, Q&A, meal guides, and a brand new Girlfriends’ Guide!

Before we get started...let’s back it up a bit so we can tell you how it all began! Okay so we know this is so crazy...we came up with the idea for the first Bikini Series the night before we shot it!! We remember thinking — we need to do a long series of workout videos that motivate the community for summer. So we called up Leckrone (the first member of the TIUHQ!), and told him we were going to shoot 8 videos in front of our house. In the morning, we went to the store and grabbed some pineapples, watermelons, and packed up our floppy hats and we made our way to the beach! Some of the best ideas — the ones that change your life and the lives of others — can come out of the craziest, most unexpected moments. We shot the entire first Bikini Series the week before it was released. And just as we were about to send our first email about it, we thought, “Wouldn’t it be fun if we named our morning workouts Booty Calls...like when we call on our girls to work their booty?” Just like that, inspiration struck and the Booty Call was born! 🍑

Not much has changed since that first Bikini Series, but the good news is, we don’t shoot our workouts the week before anymore!! In the beginning of Tone It Up, we only had one workout video and one recipe per week. Now, it’s evolved into one of the most amazing programs and challenges — we have so many editions of the plan, tons of new beach workouts, daily toning moves, the Studio Tone It Up app, thousands of recipes to choose from, an exclusive line of gear for you in Target, and inspiration and advice every single day! We’re always working on creating even more new, exciting videos and tools to help you succeed! We’re so grateful — you are our constant motivation, our drive, our inspiration, and our #1 supporters to keep working hard every day. We can’t wait to start this Bikini Series together!!
Before you read any further, grab a pen and paper! We want you to take a few moments to set
your intentions for this Series. We promise this is going to be one of the most important parts
of your journey. There is SO much power in putting pen to paper, so no answering in your head!
You’ll want to revisit this!

Take a moment to reflect on how special you are and thank your body for all it does for you. Write
down 5 things you are grateful for and cherish about your body.

Now it’s time to set your intentions for the Series. Write down 5 physical goals you want to
achieve in the next 8 weeks. This could be anything from running a faster mile to bumping up
your weights in your Toning Moves to simply feeling more confident than ever on the beach this
summer.

Write down 5 spiritual goals you want to achieve in the next 8 weeks. For example, you may want
to start meditating (Karena can guide you!), spend more time setting your intentions for the day,
or chase a new passion in your life.

Write down 5 community or friendship goals ~ how about reaching out to new girls in the
community, hosting your first TIU meetup, or setting up more yoga and coffee dates with your
girlfriends?
When you close your eyes and imagine yourself in 8 weeks, who is that girl looking back at you in the mirror? How does she feel? Is she confident? Radiant? Successful? Now, we want you to write a letter to that girl. Tell her how amazing she feels and thank her for everything she's done to care for her body and make her dreams come true. That girl is YOU! Visualize your dreams and make them happen!

YOUR A GAME! 💪
**GET YOUR BOOTY CALL IN**

No matter what, we want you to MOVE first thing in the morning for at least 20 minutes. Why? When you work out first thing, your body is in a fat-burning zone and your metabolism will be boosted all day long. What if you have an afternoon workout planned? We still want you to get moving for 20 minutes when you wake up to get your bod going. So if you’re hitting it hard later, walk away from your house for 10 minutes and walk back. Take a stroll with your coffee!

**DAILY TONING MOVES**

Every day, we’ll be rocking our Daily Toning Moves. You’ll see the moves on the DAILY WORKOUT page and on your TIU App HERE! We strategically planned the moves to work different body parts each day.

**HYDRATE, HYDRATE, HYDRATE**

We want to see you girls sippin’ water ALL DAY LONG!. Aim to drink half your bodyweight in ounces of water per day. Staying hydrated revs your metabolism, boosts your brain power, and keeps you feeling energized and fresh. Add some flavor to your water with fresh lemon, cayenne pepper, mint, or cucumber!

**FOLLOW YOUR MEAL PLAN**

Sticking to this Bikini Series Meal Plan will help you get the best results – you’ll feel energized, lean, and glowing from the inside out! Feel free to mix and match the recipes to make the plan work for you. We have all the details for you in the following pages.
**DO YOUR MINDFUL MEDITATION**
Every week, we’ll have a new Mindful Meditation with Karena on ToneItUp.com and in the Studio Tone It App. Meditation has been life-changing for us and it will help you feel centered and balanced going into your day.

**PRACTICE POSITIVE SELF-TALK**
If you catch yourself saying something negative about yourself, correct it. The conversations you have with yourself are the most important! Start each day by saying three things you love about yourself. These can be both about your body (I love my cute booty, I love that my strong arms lift my children) and your spirit (I love that I’m a caring friend, I love that I persevere through tough situations).

**FOLLOW A NIGHTTIME ROUTINE**
This will help you unwind. Light a candle, set your intention for the next day, put out your workout clothes for the morning, take care of your skin, enjoy some tea, read, set your alarm and turn off that phone by 9pm.

**TAKE TIME FOR SELF-CARE**
Draw yourself a relaxing bubble bath, get a mani or a massage, read your favorite inspirational book or that new novel you’ve been eying...you deserve it!

**GET 7-8 HOURS OF SLEEP**
You need your beauty rest to feel your BEST! Getting plenty of sleep will keep your hormones balanced and your metabolism boosted. Plus, you’ll be energized for your morning Booty Call!

**CHECK IN WITH YOUR #TIUTEAM**
Accountability is super important. Check in with us and the entire TIU team every day with the hashtag #TIUBikiniSeries for love and support. We’re talking all about accountability in your Girlfriends’ Guide on page 17.
✓ READ THE PLAN
If you haven’t read the main Nutrition Plan, we want you to read it as soon as possible. Haven’t read it in a while? Now is the perfect time for a quick refresh. We go over all the “whys” so you understand why we have you eating certain foods at what time of the day for your metabolism.

✓ EAT LEAN, CLEAN, 'N GREEN
This is KEY to the Nutrition Plan! It means you’ll be eating clean, unprocessed, whole foods — think of plenty of lean proteins, leafy greens, and healthy fats.

✓ 3 SUPERFOODS A DAY
We want you fueling your body with the most nutrient-packed superfoods! That’s why we put together a list of delicious foods with all the science-y deets on page 23! Aim to eat 3 foods from this list every day!

✓ NO FRIED FOOD
This includes chips, sweet potato fries, wontons, tempura, and anything fried at a restaurant. And watch out for those restaurant Brussels sprouts! They’re so good, but a lot of places deep fry them. Ask your waiter for steamed instead.

✓ NO REFINED BREAD, PASTA OR RICE
This includes white bread, pasta dishes, white rice in sushi, tortillas, and crackers. You won’t need them — you’ll be feeling so satisfied and energized from all your Lean, Clean, ‘N Green meals!

✓ NO ADDED SUGAR
No added refined sugar OR high fructose corn syrup. Where can you find added sugar? Check your labels! A lot of breads, bars, snacks, drinks, coffee, and yogurts have added sugar in them. If it’s a fruit or dried fruit, just make sure it’s pure. Add unsweetened nut milk to your coffees.
Avoiding added sugar will help your blood sugar levels stay balanced, giving you more energy and keeping you feeling satisfied.

✓ ENJOY TIU APPROVED TREATS
You have so many amazing treats to choose from - cookies, muffins, donuts, and dark chocolate recipes! Check out the recipes in this plan, the back of your Recipe Guide, and ToneItUp.com for all the sweet stuff!

✓ LIMIT STARCHES AFTER M3
We want you to start choosing foods that help you reach your goals, not work against them. Instead of wondering what pasta, rice, potato, bread, or carb you need to add to dinner, you’re making delicious meals that are Lean, Clean, ‘N Green with protein and healthy fats. You’re reaching for foods that help your metabolism through the night, not foods that will spike your blood sugar, causing your body to release insulin and cortisol and decrease the fat-burning hormones you want working overtime.

When can you have your Ezekiel bread, sweet potato, brown rice, and other TIU approved starches? Meals 1, 2, 3 baby! You’ll have all day to burn through that fuel.
Your dinner is now your metabolism meal. It’s the meal you’re feeding your body to help you wake up feeling lean and refreshed. We promise, when you’re consistently following this, those muscles will start poppin’ first thing in the morning! It’s amazing!

✔️ STAY IN TUNE WITH YOUR BODY

When you’re feeling sluggish we want you to ask yourself these questions:

Are you thirsty? When was the last time you drank water? Most of the time when your brain is tired and you feel fatigued, you’re actually dehydrated and you can be tempted to grab something high in sugar to help your energy levels. If you do that, your insulin levels will spike and you’ll actually be more tired and even hungrier an hour later. So remember to grab that water girl.

Have you been sitting for too long? Most of us spend our days in front of a computer. Us too! We’re also tempted to grab an extra coffee around 3pm or eat something sugary. Instead, your body just needs to wake up! Get outside and take a 5-minute walk around the block. Trust us, your body will wake up, you’ll feel less foggy, and you may even be motivated to sign up for that 6pm Studio Tone It Up class.

When is the last time you ate? We want you eating 5 times a day! If you skip a meal, you’ll feel the effects. Make sure you’re eating a breakfast, a snack mid-morning, a lunch, an afternoon pick-me-up, and a dinner.

✔️ LIMIT LATE NIGHT TREATS

After dinner cravings? Although we love our late night chocolate too, for the next eight weeks we challenge you to grab a tall sparkling water, some tea, or a glass of kombucha (We love Health-Ade!) Still feelin’ like you want something? Grab a TIU approved dessert and enjoy every single bite!

✔️ WINE + COCKTAILS

We’re the last trainers to ever tell you that you can’t have that glass of champagne at a girlfriend’s birthday or a mimosa at brunch... or wine cuz it’s Wednesday :). We like to choose 3 nights or less per week to have 2 or fewer drinks. We usually choose Wednesday, Saturday, and Sunday (or Friday) to have a glass or two. It’s totally up to you. A lot of you may even choose to drink nothing at all. Do you girl!

✔️ WHAT IF I SLIP UP?

We understand there might be some birthdays, some wedding celebrations, or a night or two that there are no other options... we’re with you! If you get off track for a meal, don’t let it get you down. It happens to all of us so please don’t be hard on yourself! The best way to recover is to get right back up for the next meal. Don’t think of everything day to day or week to week. Then we’re always starting on a Monday, right? So if you slip up on a Wednesday, it’s not the end of the world. Thursday morning, grab a light breakfast, get your Booty Call in the morning and viola, you’re golden. It’s not how you fall down, it’s how you get up and bounce back!
BiKini Series Q+A

Can I mix and match the meals?
Of course! The meal-by-meal guides are just suggestions for you. Do what works for YOU and your lifestyle! Feel free to swap in other recipes from the Plan or ToneltUp.com.

Can I substitute ingredients?
If there’s an ingredient you can’t have or don’t love, feel free to sub in another. Just make sure it fits in with your Nutrition Guidelines.

Are there "cheat days"?
We don’t believe in the word “cheat day” because having the occasional dessert or cocktails with girlfriends isn’t cheating, it’s called enjoying your life! And we never want you to feel guilty or be hard on yourself. Remember, you’re still “on the plan” if you treat yourself and make it work for your life. The Nutrition Plan is a lifestyle and it’s all about balance!

When should I eat my meals?
Depending on your schedule, space your meals out by about three hours. Remember to have water with you at all times and sip all day!

When should I work out?
This is up to you and your schedule! We recommend waking up 45 minutes earlier (so going to bed 45 minutes earlier), so you can crush your workout first thing in the morning! If you need to work out in the afternoon or evening, go for it! Just remember to get up and moving for a bit in the morning - take a stroll with your coffee! Remember, you can always find a workout in the On Demand section of Studio Tone It Up!

Where do I find my Daily Toning Moves?
You can always find them on ToneItUp.com HERE! You can also get your Toning Moves FREE in your Studio Tone It Up app for iOS HERE and Android HERE! - this is the easiest and most convenient way to scroll through them and you can invite friends to join!

Why have Tone It Up Protein over other proteins?
We of course highly recommend Tone It Up Protein! We couldn’t find one that we trusted for our community, so we made it just for you! It’s perfect because it’s plant-based, dairy-free, gluten-free, non-GMO, and it has simple, clean ingredients. We don’t recommend whey (it’s a byproduct of cheese production and can cause bloating) or any other protein with a lot of ingredients that you can’t pronounce. You can find Tone It Up Protein and bars at your local Target or HERE! If you’re looking for an organic option, we also offer Tone It Up Organics HERE!

What will my results be?
The Bikini Series will help you look and feel your best!

• You’ll feel light, lean, and toned
• Your energy levels will be up
• Your skin will be glowing
• You’ll sleep better
• You’ll feel connected to the #TIUteam
• Best of all, you’ll feel more confident than ever!

The power of ACCOUNTABILITY

Finding an accountability partner will be one of the most powerful things you can do during your Bikini Series journey. An accountability partner is a girlfriend who always has your back — you will check in with each other, motivate each other, plan workout dates together, and laugh together. She’ll challenge you and cheer you on!

Research from the British Journal of Health Psychology shows that women who exercise with friends work out more regularly and their pals motivate them in their sweat sessions. Karena and I motivate each other to do our Toning Moves even when we’re traveling or have super early photo shoots. Your accountability partner will be the first person you want to text after making a new recipe or crushing your Booty Call! Trust us she’ll transform your fitness journey and your life!

HOW DO I FIND AN ACCOUNTABILITY PARTNER?

There are a few ways you can find an accountability partner!

• Invite a girlfriend to do the Bikini Series with you! If she’s new to the TIU community, welcome her and show her the ropes :)
• You can also create a TIU Instagram account if you don’t already have one. It’s easy! Just go to settings, select “add an account,” then sign up for a new account at the bottom of the screen. You’ll be able to easily switch between your TIU account and your personal one by selecting your username at the top of your screen.
• Once you have a TIU account, introduce yourself to us and the community! Snap a selfie and share a few things about yourself with the hashtags #TIUTeam and #TIUBikiniSeries. Tell everyone you’re looking for an accountability partner and girls will be so excited to meet you!
• Look for TIU girls in your area by searching #TIUyourcity. For example, #TIUBoston or #TIUNashville. You’ll be able to find local babes and TIU meetups in your area!
• Join us in Studio Tone It Up and connect with new babes before and after class!
• Reach out to TIU girls on Insta just to say hi! Comment on their pics and cheer them on! You never know who you’re going to meet and how it could change your life! Remember, Karena and I met because I took a chance and introduced myself at the gym...and the rest is history!!!

Throw the perfect SUMMER PARTY

To us, summer means celebrating with your girls! Some of our best memories are hanging out under the sun, sipping wine, and spending time with our girlfriends! We’re sharing how to plan the perfect party – from the TIU approved food, to the decor, to the special touches. These tips are perfect to try when you’re hosting your own celebration. So invite your girls over to toast the Bikini Series, your beautiful friendships, and this amazing team!

KEEP THE VIBE LAIDBACK

Hosting your party outdoors on the beach, at a park, or in your backyard gives it a fun, casual vibe. Having everyone gather around low tables on pillows makes the party extra fun and intimate. It’s like a fancier sleepover :) You can mix and match pillows you have at home or grab some at Target, Bed, Bath & Beyond, Home Goods, or Anthropologie.

BRING ON THE BLOOMS

Making flower arrangements is my favorite part of decorating! I actually find it relaxing and like my own personal form of meditation. For a party, I like to keep the arrangements low so guests can see each other over them. It’s fun to make lots of little arrangements so your girlfriends can take them home as favors too!

GET CRAFTY

You can DIY so many cute details to personalize your party. I like to spray paint pineapples white, pink, and gold for an extra special touch. And if your chargers don’t match your color scheme, you can spray paint them!
SERVE TIU APPROVED SNACKS!

For an outdoor party, it’s best to keep your menu simple. We love a fruit platter with berries, grapes, watermelon, dragon fruit, mango, and grapefruit. We also like to serve a veggie platter with cucumber, broccoli, tomatoes, cauliflower, jicama, and a hummus or spinach dip. Check out our fave summer salsas in the recipes section!

DON’T FORGET THE BUBBLY!

We got a cute bar cart from Target and set it up with rosé and sparkling water to make rosé spritzers. Just mix 3 oz of your favorite rosé and 3 oz sparkling water over ice or frozen strawberries! We also have some refreshing TIU approved cocktails on page in the recipes section! Not feeling like a cocktail? You can sip on kombucha (we love Health-Ade!) or sparkling water in a wine glass!

HAVE SO MUCH FUN!!!
YOU OWE YOURSELF THAT LOVE SO THAT YOU CAN FREELY GIVE IT TO OTHERS.
Your beautiful body deserves to be nourished with the healthiest, most nutrient-packed foods. These are some of our favorite refreshing summer superfoods that deliver major body benefits. Aim to include at least 3 of these superfoods every day!

**MACA**

Maca is a root in the turnip family that grows in the Andes mountains. It’s been used for hundreds of years in Peru, and it’s considered an ancient superfood. With more than 50 phytochemicals and tons of vitamins and minerals, maca is an amazing way to nourish your body. It’s packed with B vitamins, vitamin C, calcium, phosphorous, iodine and iron that help improve athletic performance and hormone balance, reduce stress, and can even ease PMS symptoms. Its malty, earthy flavor is perfect in smoothies, bars, and breakfast dishes and tastes delicious mixed with raw cacao. Add up to 1 tsp. to recipes!

**CACAO**

Cacao is the base that chocolate is made from! This powerful superfood contains a concentrated dose of good-for-you nutrients including phytochemicals, vitamins, and sky-high levels of antioxidants. Cacao nibs are the most unprocessed form of cacao; they’re literally the ground bean. Both cacao powder (not cocoa powder) and nibs are filled with minerals and vitamins to help support brain and heart health. Besides trace minerals, cacao is a great source of iron and magnesium. Add cacao to smoothies and baked treats or use it to make a healthy hot chocolate. Nibs make a great topping for almond or coconut yogurt and they’re great in homemade trail mix. Look for raw cacao powder or nibs to get the full benefits of this amazing superfood.

**SPIRULINA**

Spirulina is a plant-based complete protein, which means it contains all essential amino acids! It is also really high in green power from chlorophyll, making it a superstar for boosting energy levels and keeping your body in an alkaline state. You can use up to 1 tsp. in your smoothie mix.

**LEMON**

Lemons contain antioxidants and vitamin C, a duo that not only helps increase collagen production — hello, smooth, gorgeous skin — but also contributes to overall immune health! As a total bonus, lemons have an incredibly alkalizing effect on your body, making a squeeze of lemon a day perfect for pH balance. This is especially important if you enjoy a daily cup of coffee or the occasional cocktail. Try adding ½ lemon to 8 oz. of water.

**FERMENTED FOODS**

Fermented foods like kombucha, kimchi, and any other live, fermented veggies contain good bacteria to help with digestion and overall health. These foods are full of amino acids, vitamins, and raw enzymes, which contribute to a thriving, healthy, beautiful body!
**Summer Superfoods**

**Turmeric**
This powerful root contains both anti-inflammatory and antioxidant properties, which are both great to ease sore muscles. Turmeric is one of the top ingredients in immune boosting shots and juices. Turmeric adds an earthy, rich flavor and golden color to veggies, scrambles, chicken, soups, and even juices and smoothies! We’ve definitely noticed smoother, more radiant skin from a daily dose of turmeric. Use about 1 to 2-inch pieces of fresh turmeric root in homemade juices. It’s very easy to find in powder and liquid form too. Remember, just like with other herbs and spices, turmeric contains concentrated flavor and potent qualities. A little bit a day is all you need.

**Kelp + Seaweed**
Sea veggies are rich in minerals such as magnesium, potassium, iron, iodine, and calcium. They also contain vitamins A, C, B6, and K. Seaweed is nature’s richest source of iodine, which is helpful for thyroid health, and contains a good amount of protein. Adding sea veggies to your salads or steamed veggies not only adds a delicious, savory flavor, but it’s great for overall health, immune function, and for glowing skin, hair, and eyes.

**Red Wine**
Need we say more?! Red wine contains the antioxidant resveratrol and can help reduce stress. Look for a good bottle that’s organic and/or sulfite-free. Enjoy babe!

**Berries**
Berries are high in antioxidants like resveratrol. They also contain fiber to keep you feeling satisfied! Blueberries are one of our favorite berries because they’re ranked number one in antioxidant power. Blueberries are packed with good-for-you nutrients, minerals, and anti-inflammatory properties. Berries are high in vitamin C, which is great for your immune system and skin.

**Cinnamon**
This potent spice has been shown to help metabolize fat while balancing blood sugar levels. It’s great in just about anything, from fruit to coffee and even in baked goods like your Tone It Up Protein Pancake. And of course, your Meta-D! Up to 1 tsp. a day is all you need!

**Fresh Herbs**
*Parsley, Basil, Dill, Thyme, Cilantro, & Rosemary!*
Fresh herbs have powerful cleansing and detoxing properties and have been used for centuries for their potent medicinal qualities. They add deep, fresh, and earthy flavors to just about anything. When using fresh herbs — whether in juices or cooking — a little goes a long way!
LEAFY GREENS
*Kale, arugula, spinach, & collard greens!*

Greens really do make you glow, inside and out. Raw greens not only alkalize your gorgeous body, but they’re also incredibly nutrient dense. Their high dose of vitamins helps you stay healthy and energized. All dark, leafy greens are nutrient powerhouses. Green juice, smoothies, raw salads, and steamed, baked, or grilled veggies are all amazing ways to get your green power!

COCONUT
*Coconut water, coconut oil, dried coconut, and fresh Thai baby coconuts!*

Coconut meat and oil contain healthy medium chained fatty acids that are great for your skin and overall health. These healthy fats are easily metabolized by your body for a boost of energy. Coconut oil is also one of the best oils to use when cooking due to its high smoke point; it stays stable under high temperatures! Coconut water and fresh coconut flesh from baby coconuts are also rich in potassium and are a wonderful way to hydrate your body. Smoothies, salads, snacks, baked goods, and raw treats – we love coconut in all of ‘em!

HEMP SEEDS

Protein-packed hemp seeds add a mild, nutty flavor while delivering tons of nutrients! Hemp seeds are a complete, plant-based protein that nourish your body with all essential amino acids. They also contain the ideal ratio of essential fatty acids omega-3 and omega-6. Hemp seeds are great for muscle repair, workout recovery, and gorgeous skin, hair, and nails. Add 1 Tbsp. to your smoothie for a boost!

FLAX SEEDS

Flax seeds are an amazing source of heart-healthy Omega-3 fatty acids, protein, and fiber. These seeds are great used whole but work best when ground into a meal. Just use a coffee grinder! In many recipes, ground flax may be used as a vegan egg substitute — just mix 1 Tbsp. flax with 3 Tbsp. water, allow to sit for 15-20 minutes and you have the equivalent of one egg!

CHIA SEEDS

We talk about chia seeds all the time! We love including them in so many different recipes! These tiny seeds are high in essential fatty acids like heart-healthy Omega 3. They add a tasty crunch and create a hydrating gel that works wonders as a thickener in smoothies or puddings. Thanks to their high protein and fiber content, these ancient seeds are also super satiating. Add 1 Tbsp. chia seeds to your smoothies!
**SUMMER superfoods**

**PINK HIMALAYAN SALTS**
Unlike regular table salt, pink Himalayan salt is pure, unprocessed, and straight from the earth. It’s brimming with trace essential minerals like magnesium and potassium. These can help prevent muscle cramping and are great for active lifestyles. Since it’s been dried naturally by the sun, Himalayan salt contains a stronger, more satisfying flavor than table salt, so you can use less!

**GOJI BERRIES**
These small dried berries are considered the most nutritionally dense fruit on the planet and contain superstar antioxidant powers. They’ve been used in Asian medicine for centuries to increase longevity and aid in immune health. They contain all 18 essential amino acids as well as high doses of vitamins including more vitamin C! They make a delicious topping on yogurt or Tone It Up Pancakes. We also love them mixed into trail mix!

**APPLE CIDER VINEGAR**
We talk a lot about apple cider vinegar in your Tone It Up Nutrition Plan! Your daily Meta D or Bombshell Spell with ACV is one of the best ways to nourish your beautiful body! Raw apple cider vinegar is alkalizing, helps with digestion, and can help with fat metabolism. In addition to your morning metabolism boosting drink, it’s a tasty vinegar to use for salad dressings. Look for raw, unfiltered apple cider vinegar to get the most benefits.

**AVOCADO**
Avocados are a delicious and satisfying source of healthy fats along with vitamins C, K, and B6. Healthy mono-unsaturated fatty acids found in avocados are amazing for your skin, hair, and nails. This fruit (yes, it’s technically a fruit!) is great in smoothies, salads, veggie dishes, dressings, and dips. Just remember, like nuts, avocados are very nutrient dense and a little goes a long way.

**ALMONDS**
Almonds deliver lots of Vitamin E, which gives you gorgeous, glowing skin. They’re also high in magnesium, phosphorus, zinc, folic acid, protein, fiber and healthy fats. Toss a few tablespoons in your smoothies or snack on them as your M4!

**CAYENNE PEPPER**
Peppers are one of the richest sources of Vitamin C. All hot peppers contain capsaicin, a compound known for its ability to regulate body temperature, improve circulation, and boost metabolism. Add a pinch of ground cayenne pepper to your soups, baked veggies, and even smoothies!
TONE IT UP PROTEIN

We formulated Tone it Up Protein just for YOU as an ideal source for 15 grams of delicious plant-based, non-GMO, clean protein. Add it to smoothies or shake it up with almond milk after a workout. You can also substitute it for flour in any recipe and even make amazing protein pancakes, waffles, cookies, and muffins!
our best MEAL PREP TIPS

KATRINA’S TIPS

My go-to smoothie trick: I’ve been freezing fresh fruit — blueberries, raspberries, and sliced banana in Ziploc bags laid flat. It’s easy to grab everything for smoothies and the fruit still tastes fresh!

Mini muffins are a BIG lifesaver when you’re hungry and on the go! All of the muffin recipes in this plan and on ToneItUp.com are delish! And did you know you can also turn your Tone It Up Pancakes into mini muffins?! We do this all the time...especially with extra blueberries in the batter!

I’ve also been making enough quinoa for the week and putting it into little containers to grab and go, instead of one big container. I’ll take a little container to the HQ and sprinkle it on top of salads for lunch.

When Brian and I grill (Sundays are perfect for this!), we portion out extra protein for lunch in small containers so they’re ready to grab and go in the morning. Check out Brian’s Grill Tips on page 32.

Karena and I have both been so into whipping up easy Tray Dinners or sautés and making extra for the next day. You can even make your leftovers into a hearty, slimming soup! It’s so easy! Just heat your leftovers on the stovetop with vegetable broth and your favorite herbs and spices and voila, a brand new meal!

I love making an easy stir-fry on a busy weeknight. All you have to do is for a TIU approved stir-fry - add 1 Tbsp. olive oil to a pan over medium heat. Add 6 oz. of your favorite lean protein and cook until done. Then add 2 cups of your fave veggies and herbs & spices and sauté. If it’s too dry but you don’t want to add more oil, try adding a little vegetable broth. You can top with ¼ avocado + ¼ cup salsa or 1 Tbsp. of your favorite TIU approved dressing.

Crockpot meals are SO easy to prep on Sundays - and they’re not just for the chilly winter months! We created brand new summer crockpot recipes for you in this plan. These are going to be our go-tos throughout the Bikini Series! They’re amazing to prep for families too!
our best **MEAL PREP TIPS**

**KARENA’S TIPS**

* Egg muffins are one of my absolute favorite breakfasts and perfect to grab and go. You can find the recipe in the back of this plan and you can also get creative and toss in your favorite veggies. They’re amazing with a little sriracha!

* Prep your fresh salsa and dips so you have them on hand all week for scrambles, salads, fish, and dipping with veggies. Check out our salsa in the recipe section.

* Make all your dressings on Sunday and put them into smaller containers or bring one container to work so you have it with you for the week.

* Kat and I both like our coffee with a splash of almond milk. One of our tricks is to make almond milk ice cubes. That way our iced coffee will never be watered down!

* I’m obsessed with adding spice to my meals! You can change up the flavor of any dish while still keeping it #TIUapproved. Some of my faves are paprika, Himalayan sea salt, cayenne, and of course lots and lots of garlic!

* You know how you would never leave your house without your cell phone?! Make your water bottle like that! I carry my TIU water bottle with me everywhere!

* Pack your healthy, non-perishable snacks in your purse or gym bag. My go-tos are a [Tone It Up Protein Bar](#), beef jerky, and trail mix or a handful of nuts that I portion out into individual bags (I love pairing nuts with a green juice for an afternoon snack. The healthy fats balance your glycemic index so your blood sugar doesn’t spike.)
“Keep it CONSISTENT. Pick a day and make it meal prep day! It doesn’t have to be Sunday but you DO need to create a habit of setting yourself up for the week!”

Elise

“Label all of your smaller ingredients (cacao nibs, coconut flakes, refrigerated powders etc.) in small, cute, clear jars so you can see all the ingredients you have. This way you don’t forget about what’s in your fridge so nothing goes to waste.”

Tori

“One of the greatest things you can do in order to make meal prep a habit is to find a meal prep buddy. Team up before the Bikini Series and schedule some meal prep hangouts. Prep as a team, cook together, and have some fun! Who knows, one of your specialties might be something she wants to learn how to do... and vice versa!”

Kristina

“Chop everything! Once my vegetables are chopped they are ready for salads, omelettes, stews, and tray bakes. I often even buy pre-chopped vegetables from the grocery store when available. Having all of my vegetables chopped and ready gives me confidence that I can toss together a quick meal on the fly and helps deter me from ordering in.”

Jillian

“Clean before! In order to make for an efficient prep sesh, it’s important to make sure all of your meal prep containers are in tow. By running your dishwasher that morning before you begin, as well as emptying it, you avoid a ton of stress later. Meal prep is much easier if you throw things in the dishwasher as you go, and don’t let the sink pile up.”

Morgan

“Never go grocery shopping on an empty stomach!! Haha I always try and make my grocery run after a meal so that I make the best choices when I’m satisfied!”

Chyna
“The first thing I do every time I meal prep is turn that oven dial to 350. While the oven preheats, I wash and chop veggies, whip up some protein muffin batter, and then load in all of those trays. While those things cook I prep my other meals, which usually consist of overnight oats, fresh chopped sweet peppers, maple walnut brussels, and big kale salads. Baking big batches of veggies and protein help to keep prep simple, but allows me the flexibility to add variety to my M3 and M5s day of.”

“While I love using fresh produce, life happens and sometimes I don’t have time to make it to my local farmers’ market or grocery store, so I always keep a hefty stock of frozen fruits and veggies on hand. I either buy extra fresh produce to prep and place in individual freezer bags, or I just buy some pre-frozen organic fruits and veggies. That way I can always whip up a smoothie or throw a veggie tray in the oven and I’m good to go.”

“Invest in great meal prep containers! I LOVE my Tone It Up Meal Prep Containers because they help me portion perfectly. For non-perishable snacks (nuts, seeds, dried fruit), I use a good old-fashioned mason jars. They are multi-use, spill-free, and are totally cute to display on your desk when ingredients are layered! :)

“Encourage your family to pick out recipes from the plan that they want to try, and don’t be afraid to try something new! This gives everyone something to look forward to, and it helps us all to feel like we have a voice in what’s on the menu!”

“Create time for prep and make it fun! Start a new playlist or podcast, sip a glass of wine, dance with your babies, whatever it takes. If you make meal prep fun it will fly by and you will be prepared for the whole week.”
BIKINI SERIES

GRILL TIPS from brian (aka dad)

We always joke that Brian is like the dad of our friend group manning the grill! On Sunday nights, he usually grills for us and we make extra protein and veggies for the week. It’s such a great healthy summer dinner and perfect for entertaining too. Since Brian’s the grill master, I asked him to share all his best tips with us...the dad jokes are all his too.

PREHEAT: It takes 15-20 minutes for a grill to warm up to cooking temps. I usually turn the grill on, then start prepping the food.

ALUMINUM FOIL IS YOUR FRIEND: I always put prepped meats and veggies in their own separate aluminum foil packets. This keeps things clean, and makes it very easy to transport food out to the grill. Aluminum foil is also inexpensive and eliminates dishes! You can also use foil to steam veggies on the grill (see my gettin’ steamy tip) and to cook fish like salmon on the grill in packets.

KEEP ‘EM SEPARATED: It may seem obvious, but try to keep raw meats separate from anything else you’re grilling. To be efficient, if you’re using a cutting board, always chop veggies first. Remove the veggies, then prep your raw meats. Aluminum foil also comes in handy here too.

SPICE IT UP: Store-bought marinades are usually high in sodium and sugar so I like to keep it simple with olive oil, a dash of salt, and pepper, and your favorite herbs and spices.

BRUSH IT OFF: Before putting any food on the grill, use a grill brush to clean and remove any residue or debris AFTER the grill has been preheated. The heat kills off any bacteria and it’s much easier to brush off once the residue has been charred.

sundays are for meal prep and grill!
DUAL ZONES: I usually keep one side of the grill hotter than the other. Left - LOW HEAT, Middle - MEDIUM HEAT, Right - HIGH HEAT. This allows you to prepare a wider range of foods simultaneously and have them finish cooking at the same time.

LOW HEAT: 250-300 degrees
MEDIUM HEAT: 300 - 350 degrees
HIGH HEAT: 400 - 450 degrees

All of these temps are subject to personal preference. Your well done may not be the same as your friend’s. Just be sure to check the internal temp with a food thermometer. Fish should be 145 degrees and chicken should be 165 degrees. Tofu and veggies can be cooked to your liking, just be sure not to char them.

REST DAY: When you’re grilling meats, they need to rest before serving. Tent your grilled meats in aluminum foil for 10 minutes after grilling. This allows the juices to redistribute internally and for the meat to finish cooking. Sometimes, we serve our salads while the meat is resting.

TIMING: Grilling is all about timing. Plan accordingly for preheating, food prep, grill time, rest, and preparing any additional items like sides and salads.

DON’T FLIP OUT: You don’t need to flip your meats over and over — just once halfway through is perfect.

GETTIN’ STEAMY: If you want to mix things up and steam your veggies on the grill, it’s totally doable and very easy. Fold a 2-3-foot long piece of aluminum foil over itself to create a double layered rectangle of foil. Lay it flat, and from here, place your veggies in the center of the foil and fold the edges up to create a foil packet enclosing the veggies. PRO-TIP: add a couple splashes of chicken or veggie broth inside the packet to help steam the veggies. Then just place the foil packet on the grill and you’re set.

SAFETY LADIES! Make sure you turn the grill off and double check that the gas is turned off.

Enjoy! Love Dad...
Shopping for in-season fruits and veggies is the best way to ensure your food is crisp, fresh, and at its tastiest! Plus, seasonal eats are higher in body-loving nutrients than out-of-season produce. Win, win! Check out our list of go-to fruits and veggies below! Some items are in season multiple times of the year, so you’ll see duplicates. You can print this out and keep it handy on your fridge or in your office for future reference.

What do we mean when we say "lean protein" in the plan? You can always whip up chicken, turkey, fish, or shrimp for your lean proteins. We also love plant-based proteins! High in antioxidants, fiber, vitamins, and minerals, plant-based proteins are incredible for your beautiful body!

**TIU PROTEIN**
We formulated Tone It Up Protein for you as an ideal source for 15 grams of delicious clean, plant-based protein. Add it to smoothies, substitute it for flour in any recipe, and even make amazing protein pancakes!

**QUINOA**
Quinoa is a complete protein source containing all of the essential amino acids. It contains nearly twice as much fiber as grains and has 4 grams of protein in a half-cup serving. Its high fiber and protein content give it a lower glycemic index than grains too! Use it as a substitute for pasta, rice, and oats! We also love it thrown in salads and chili!

**CHIA**
Chia seeds are made up of 20% protein which means a 2 Tbsp. serving contains 4 grams of your essential amino acids. In addition, they are also a good source of Omega-3s. Add them to smoothies, salads, fruit, oatmeal, or lemon water and use them to make pudding with almond milk! Let chill in the fridge for 2 hours and voilà! So easy!

**HEMP**
Hemp seeds are a complete protein that are also high in good fats and dietary fiber. They are one of the most nutrient complete foods on the planet and one of the only foods to contain chlorophyll. Sprinkle on salads and toss into veggies for a nutty crunch.

**TOFU & TEMPEH**
Tofu and tempeh are both made from soy beans. In addition to being a complete protein, tempeh is also high in dietary fiber. A 6 oz. serving of tofu contains about 15 grams of protein. A similar serving of tempeh contains slightly more protein. Try to limit soy intake to a couple of times a week.

**LEGUMES & BEANS**
Legumes are vegetables like peas, beans, and lentils that are high in protein and dietary fiber. A half cup serving contains 10 grams of protein. They are also a great source of iron, zinc, potassium, folate, riboflavin, and antioxidants! We love lentils, chickpeas, black beans, and pinto beans! Keep total daily servings to about 1 cup.

It’s easy to make a complete protein by combining these delicious plant-based foods. Follow these combinations to make perfect protein pairings!

Alright girl... Ready!? 

The number one question we get is... "Am I on the plan if I mix in my own meals?"

YES!!! Just follow the Main Plan guidelines and make the TIU lifestyle work for you!

In this plan, we simplified everything. From meal prep, to breakfasts to making quick 'n easy dishes, you'll be good to GO! But, we totally understand that life happens and you'll need to mix in your own meals. On the following pages you'll find ideal meals for M1-M5. You can follow the meal-by-meal guide above, and there's also a TON of new recipes that you can sub in, especially if you have more time to make some fancy muffins or if you've been eying that chia seed pudding and want to make it for the week.

It's all you girl!

**MEAL 1 or MEAL 2**

**M1**

Any flavor or variation of your Tone It Up Protein Pancake or Waffle or Donuts

1 cup egg whites + 1 cup veggies scrambled or as an omelette. Cook with 2 tsp. coconut oil or spray. Serve with 1 slice Ezekiel toast or piece of fruit

1 piece Ezekiel toast with 1 Tbsp. almond or nut butter

½ cup rolled oats + 1 cup almond milk + 1 Tbsp. chia seeds. Optional: Add ½ scoop Tone It Up Protein and fruit

½ cup cooked quinoa or oatmeal cooked with almond milk and topped with cinnamon and fruit.

**M2**

2 Tbsp. coconut flakes + 2 Tbsp. favorite nuts + 1 Tbsp. cacao nibs + 1 cup favorite fruit

1 piece Ezekiel toast with ¼ avocado + pepper. Optional to top with 2 egg whites + sriracha or spices

1 scoop Tone It Up Protein + ¾ cup almond milk + ½ frozen banana (or other fruit). Optional to add cacao nibs, espresso, coffee, fruit

fruit + 1 Tbsp. nut butter

5-6 oz container almond or coconut yogurt with 1 cup fruit + 1 Tbsp. walnuts or almonds

Any 3 mini muffins from the TIU Recipe Guide

We love making egg muffins- spray pan and pour in whisked egg whites, veggies, herbs and spices. Serve with Ezekiel toast!
We totally get it...lunch is either meal prepped, out at a restaurant, or thrown together at work between meetings. Sometimes it’s forgotten or skipped and by 3 you’re starving and scouring the kitchen for anything to eat.

Since you’re always on-the-go, here are our top tips for either dining out or bringing your own lunch.

Dining Out for Lunch: Wherever you are, keep it Lean, Clean, 'N Green. This means finding something on the menu that has lean protein, clean foods like beans, salsa, quinoa, lentils, nuts, seeds, and tons of greens. Examples would be ordering a salad with salmon on top and asking for no cheese, and balsamic and lemon wedges on the side. Or ordering a wrap and doing the same as above since wraps can be loaded with cheese and dressing. We also love getting sushi for lunch. Ask for sashimi, extra ginger (YUM!), seaweed salad, edamame, and miso soup! We also love having 4 pieces with rice. Just keep the white rice to a minimum. That’s why we usually opt for sashimi to keep it lean ‘n clean.

| 2 cups any greens +
  ½ cup mixed veggies + ¼ cup beans or quinoa + 1 Tbsp. seeds + 4 oz protein + 2 Tbsp dressing. Optional: Top with fruit |
| Our fave - K&Kale Salad! |
| 1 Ezekiel wrap with 4 oz turkey or lean protein + handful lettuce + mustard. Serve with a side 2 cups leafy greens + 2 Tbsp. favorite TIU approved dressing |
| 2 pieces of Ezekiel bread with 4 oz protein inside + veggies + TIU approved condiments |
| PB + J! grab a wrap, GF tortilla or TIU approved bread and spread 1 Tbsp. nut butter, slice 5 strawberries + add a pinch of coconut shavings |
| 1 GF tortilla toasted with 2 Tbsp. marinara sauce, 4 oz sliced turkey, fresh basil, + 1 Tbsp. coconut shavings. Toast in toaster oven. |
| TIU approved Soup: 2 cups of broth + ½ cup veggies + ¼ cup beans + 4 oz lean protein or 1 Tbsp. yogurt + spices. Serve with slice of GF bread or tortilla. |
| Leftovers from M5! Is it grilled protein with veggies? Throw it in a wrap or heat up with some red sauce. We also love throwing on a salad. |
| Veggie burger on a bed of lettuce + onions + ¼ cup veggies + 2 Tbsp. organic ketchup (or TIU approved condiment) |
| Sweet Potato Toast - see the recipe on ToneItUp.com |
| 1 sweet potato heated up with 4 oz chicken, + spices. ½ cup veggies like broccoli or green beans. |
| Bikini Wraps: 4-6 oz protein + TIU approved condiment wrapped in collard green |
For M4 we want you to remember to include lean protein + healthy fats. Stay lighter on fruit. If you do have fruit, combine it with some nuts to help balance your blood sugar/glucose. If you’re out and about, grab a green juice, smoothie, tuna salad, hummus + veggies, a TIU approved bar, or something lean and green! Stay light on the starches and sugar. This is your time to stay lean!

**M5 MEAL 5**

You know the drill girl. Your M5 is the most important, metabolism-affecting meal, setting the stage for 8 hours of muscle repair and fat burning throughout the night! Your body worked hard all day long so you need to properly fuel those muscles and give your body metabolism lovin’ food. While you sleep, growth hormone, glucagon, leptin, adiponectin, and ghrelin do their job, so having the right nutrients is essential.

What do you reach for? Lean protein, leafy greens, vegetables, healthy fats such as nuts, seeds, coconut oil, or avocado. Avoid heavy sauces, cheese, refined starches, and sugary foods.

Below are great sample meals! Feel free to add fresh herbs, spices, and TIU approved condiments from the Spice It Up page!
