Welcome to USA Cycling!

We are so glad to have you as a member! This guide was developed to answer many common questions, but if you need additional information about USA Cycling or our programs please visit us on the web at www.usacycling.org.

“My USA Cycling” is your personal page on the USA Cycling website where you can take care of all your cycling needs. Here you can update your account information, get the latest on upcoming races, rides and tours in your area, check out how you rank against others across the United States and hear about your newest membership benefits. Be sure to visit often because this page is updated regularly!

Your current racing license must be presented to enter a USA Cycling event. All licenses expire December 31st of the year issued. As a member, you are eligible to compete in all USA Cycling sanctioned events nationwide. All domestic licenses are valid only for racing within the United States and are the property of USA Cycling. By using your license, you agree to know and abide by the rules as outlined in the USA Cycling Competition Rule Book and the policies of USA Cycling. The rule book is available on our website or you may request one by emailing membership@usacycling.org. Racing Age is determined by your age on December 31st of the current year. You may not compete at levels above or below your current category as listed on your license. Unattached status will be assigned if a club name is not submitted with your license application, or if your club is not currently registered with USA Cycling.

Add a license if you are interested in competing in another cycling discipline! As a USA Cycling member you may add another domestic association annual racing license for $30. Add-on licenses expire the same day as the primary license and can only be added to the primary holder’s license. Racing Collegiate requires that you hold a current collegiate license and are a full time student at a college or university.

Need a replacement license? Once you receive your license, review it to verify all information is correct. If there are errors, keep your license and return the mailer on which it was printed with the indicated changes. We will issue a replacement card free of charge within 30 days from the date of issue. After the first 30 days, replacement reissue fee is $15. This includes lost or stolen licenses.

International licenses (UCI) are needed for racing outside the United States along with a Foreign Permission Letter. Both of these may be requested online through your “My USA Cycling” page. USA Cycling must have proof of citizenship on file. Please be sure to submit either a copy of your passport or your birth certificate. UCI licenses expire December 31st of the year issued.

The cost of an international license (non-BMX) is $150 and includes mountain bike, road, track and cyclocross domestic licenses to compete at USA Cycling events in the United States. For current USA Cycling domestic license holders, you can upgrade to an international license (non-BMX) by paying an upgrade fee equal to what you paid for your domestic license and the $150 license fee. Your international license (non-BMX) provides you with insurance coverage while participating in UCI events outside the country.

USA Cycling Bike Insurance for its Members

For years, members have asked if there is a way to insure their bikes for theft and damage. Well, you asked and we have delivered! USA Cycling members can now receive a special 10% discount on bike insurance through our Membership Benefit Provider at Cycle Pro Insurance! Unlike Homeowners Insurance, Cycle Pro Insurance was created to specifically insure high-end bicycles for theft and damage and also includes custom coverage that cyclists and mountain bikers need the most, such as excess liability and personal accident protection.

For information or to customize and purchase your discounted Cycle Pro insurance policy, sign in to your My USA Cycling account to access the member discount code.

* Certain exclusions and limitations apply
** excess liability, personal accident protection and worldwide coverage are available for an additional premium
Please note: coverage is not available in all states. Please visit www.USAProBikeInsurance.com to determine if coverage is available in your area.

Looking to purchase USA Cycling Branded Merchandise?
Visit us online at www.usacycling.org/mall and find the latest in jackets, shirts, hats, backpacks and much more.

Presenting the USA Cycling Bank of America Platinum Plus® MasterCard® credit card!

This card allows you to show your cycling pride! It is the only card that helps support USA Cycling programs and initiatives at no additional cost to you. Sign in to your My USA Cycling Page for more information and a link to apply online.

USA Cycling Development Foundation

The mission of the USA Cycling Development Foundation is to support the development of young athletes in all bike racing disciplines. To learn more about the Foundation and support the future of American cycling please visit www.usacdf.org.

Injured at a USA Cycling Event?

If you suffer accidental bodily injury while participating in a USA Cycling event, the excess accident medical expense benefit provides coverage for injuries initially treated within 90 days of a covered accident. Coverage is also provided for accidental loss of life, sight, speech, hearing, and dismemberment, if suffered while participating in a USA Cycling event. As the injured rider, you are responsible to notify a race official about your accident when it occurs, even if you do not believe you are badly injured. Prior to leaving the race, a First Report of Accident claim must be submitted with a race official. If you have incurred medical expenses, an Accident Claim form must also be submitted to K&K Insurance within 30 days of the first incurred medical expense. The claim form can be obtained from the USA Cycling website at www.usacycling.org.

If you have no other medical insurance coverage, non-emergency medical treatments/services should be pre-authorized. The Medical Authorization form should be taken to your doctors for visit completion and submitted to K&K Insurance Group prior to treatment. The first $500 must be obtained on the USA Cycling website (it is the 4th page of the Accident Insurance Claim form). The Medical Authorization Request Form should be submitted to K&K Medical Claims Department by fax (812-381-9077) or by email (k.k.pclaims@kandkinurance.com).

In the event of emergency medical care resulting from an accident, notify your medical provider of your USA Cycling insurance information and/or submit your itemized medical invoices to:

K&K Insurance Claims Department
Attn: PA Claims
PO Box 2338
Fl. Wayne, IN 46801

800-237-2917, option #1.

Any questions regarding coverage or for filing claims 800-237-2917, option #1.

Policy Summary Disclosures. This information above only summarizes the policy and is just an overview. Coverage is subject to the terms, conditions and exclusions of the policy. Should a discrepancy occur between this synopsis of coverage and the actual terms, conditions and exclusions of the policy, the policy term, conditions and exclusions will prevail.

If you have primary insurance coverage, you should file a claim with your primary insurance carrier or notify medical providers of your primary insurance information and the USA Cycling secondary insurance information. Once the primary carrier has paid their portion of the medical expenses, USA Cycling’s carrier will pay 70% of the reasonable and customary remaining expenses above $1,000 deductible, if your primary insurance deductible is $1,000 or less. Should your primary insurance deductible be greater than $1,000, our carrier will pay 70% of the remaining reasonable and customary expenses above the amount of your deductible. If you have no primary medical coverage, a $5,000 deductible will apply. The deductible under USA Cycling’s coverage will never be greater than $5,000.

The USA Cycling accident insurance plan includes a $25,000 limit per accident with a maximum benefit limit of $15,000 per dental, orthopedic appliances and devices, and physical therapy. In addition, up to $500 will be paid to transport you to the nearest location where medical care and treatment may be covered at preferred terms by your Primary Insurance Coverage. The coverage benefit period is 52 weeks. The Accidental Death & Dismemberment benefit is $1,000. Any questions regarding coverage or for filing claims 800-237-2917, option #1.

USA Cycling Voluntary Insurance Benefits are provided directly from USA Cycling’s sponsors to athletes/members, and not from USA Cycling. USA Cycling is neither a party to nor responsible for the performance of the independent insurance contracts.
