

Annual Loon Census Lake Selection Table

Thank you for your interest in volunteering as a loon census observer! Please use this document to choose a lake to survey.

To prevent duplicate observations, lakes will be assigned to census observers on a first-come, first-served basis. We assume that census observers will return to the same lake surveyed last year.

If you are a past observer, please contact us if you want to change lakes, confirm your participation in this year's census, let us know that you cannot return this year, or give us a new email or mailing address.

If you are a new observer, please contact us and be prepared to let us know your name, email or address, and phone number, as well as the lake that you are interested in surveying (including county and town.)

You can reach us by phone at (518)891-8874, ext.102 or you can email wcsaccp@gmail.com.

To choose a lake to census:

1. We encourage observers to select a lake from the **list of available Random Lakes** (the first table in this document.) Information from these pre-selected lakes allows WCS to use statistical techniques to better estimate the number of common loons in Adirondack Park. Please **contact us** to let us know which Random Lake you have selected.
2. If you want to survey a lake that is **not** an available Random Lake, check and see whether it's been assigned to someone else (in the Assigned Lake list.)
3. If the lake you're interested in **has** been assigned to someone else, please select a **different** lake.
4. If it has not been assigned to someone else, **contact us** to let us know you would like to survey it this year. Please let us know the **lake name, county, and town**.

Note: Census observers are responsible for ensuring lake access -- if the lake is privately owned, please obtain the landowner's permission before selecting it!

Lake George and St. Lawrence River: Due to the size of Lake George and the St. Lawrence River, we enlist help for the loon census from the Thousand Islands Land Trust and the Lake George Association. If you would like to count loons on a section of the St. Lawrence River, please contact Nicole (ngokey@tilandtrust.org) at the Thousand Islands Land Trust. If you would like to count loons on a part of Lake George, please contact Kristen (kwilde@lakegeorgeassociation.org) at the Lake George Association.

The Annual Loon Census is a project of the Wildlife Conservation Society Adirondack Program and is conducted in partnership with the Adirondack Center for Loon Conservation.

Lakes available for monitoring, by county

Updated 7/14/2017

Essex County

Lake Name	County	Township
ALFORD POND	Essex	North Elba
BALFOUR LAKE	Essex	Minerva
BARTLETT POND	Essex	Moriah
BIG MARSH POND	Essex	North Hudson
BIGSBY POND	Essex	Schroon
CHAPEL POND	Essex	Keene
CLEAR POND	Essex	Chesterfield
COPPERAS POND	Essex	North Elba
CORNER POND	Essex	Minerva
