

KEY ACTIVITIES

Key activities include developing legal formalities for cooperation, building capacity for joint actions, and educating the Vietnamese community living in Mozambique. This will include:

- Working with Vietnamese agencies to draft a Mutual Legal Assistance Treaty (MLAT) and Standard Operating Procedures (SOPs) between the two countries.
- Securing an agreement on an MLAT and protocols for enforcement cooperation.
- Finalizing preparations for the deployment of a Vietnamese Illegal Wildlife Trade (IWT) attaché in Mozambique.
- Conducting bilateral meeting to formalise the IWT attaché deployment plan.
- Supporting the deployment of the IWT attaché in Mozambique.
- Investigating and collecting data on trafficking networks.
- Conducting a Knowledge, Attitude, Practices (KAP) survey towards IWT of Vietnamese citizens residing in and travelling to Mozambique.
- Developing a mitigation strategy and intervention development to combat wildlife trafficking.
- Developing model zero tolerance policies for wildlife trafficking and gift giving by staff among the Vietnamese community in Mozambique.

EXPECTED OUTCOMES/FUTURE DIRECTION

By catalyzing judicial and law enforcement processes through the establishment of intelligence-led policing, increased south-south political coordination, and greater compliance amongst overseas Vietnamese communities, the illegal trafficking of wildlife along a major Africa-to-Asia route involving Mozambique and Viet Nam is significantly and demonstrably curtailed.
